Proposed Ground Rules
2014-15

In keeping with its belief that established ground rules assist the cooperative and productive progress of negotiations, CEA proposes the following:

1. The parties will schedule bargaining sessions on a regular basis as long as productive negotiations are continuing.
2. The District will pay the cost of substitute teachers during negotiations.
3. During the first meeting, arrangements for locations for future sessions will mutually be agreed upon by the Canyons Education Association and Canyons School District.
4. When the District and CEA reach consensus on issues, they shall be written and signed by both parties as tentative agreements.
5. Agreements formalized during negotiations shall be considered tentative until final agreement has been reached on the entire package. Tentative agreements will be signed and dated.
6. The complete negotiations package must be ratified by the CEA membership and the Board of Education in order to be considered a final agreement. The provisions of such agreements shall not be released to the press until they have been so ratified, at which time a joint press release might be considered.
7. All press releases during negotiations will be joint releases unless impasse is declared by either party. CEA and the Board of Education will regularly communicate with their membership regarding the negotiations process.

8. If impasse is declared, the procedures outlined in Canyons District Policy HC and the Utah Dispute Resolution Act shall be followed.

9. Minutes will be taken by either or both parties. However, minutes are working notes for the teams' purposes only and not an official record of negotiations sessions.

10. Negotiated agreements will be posted online within ten (10) working days of the ratification of the Board of Education.

Sincerely,

Memorandum of Understanding
(2014-2015)

Proposal
Canyons District Administration and CEA propose the continued use of JPAS for the 2014-15 school year for Career Educators whose last JPAS evaluation total score was in the “ineffective” or “minimally effective” range or is currently on probation with identified performance concerns. Once the Career Educator has attained “effective” or “highly effective” status in all subcategories of JPAS, the employee will be transitioned to Canyons School District’s new evaluation system. The JPAS evaluation must be conducted by a certified JPAS evaluator.

Rationale
As the new evaluation system is piloted, normed and validated, it is important that we complete the remediation process using the same valid and reliable tool, JPAS, which identified the deficiencies.

**BOARD POLICY**

The Board of Education has statutory authority over all issues relating to the effective and efficient operation of the school district (Utah Code Title 53A Chapter 03). Locally elected Board of Education members should retain the right to operate the school district without undue influence or control from outside groups, individuals, organizations, associations, political parties, or special interests.

The Board authorizes the Superintendent and District Administration to develop administrative regulations consistent with this policy.

Proposal

CEA proposes that the 2014-15 Salary Schedule receive a 0.25% Cost of Living Adjustment (COLA).

Rationale

CEA recognizes and appreciates the efforts of the Board and District to increase educator compensation over the past few years. Those efforts have helped educators mitigate the effects of the downturn in the economy and loss of monies (PD days) from the state revenue. We believe that prioritizing this COLA for employees will help continue to build morale in the District and reduce educator turnover.

Proposal

The District shall fund steps and lanes for the 2014-15 school year.

Rationale

While we recognize the cost associated with this proposal, we believe that Canyons School District can fund these for the 2014-15 school year. We support CSD’s expectation that lanes and steps will be funded each year.

We also believe the funding of the Lanes and Steps helps mitigate and reduce teacher turnover. While the turn-over savings may be not be as high as in past years, there continues to be some savings.

Proposal

Based on feedback and recommendations from the District Insurance Advisory Committee, CEA proposes no health insurance premium or plan changes for the 2015 plan year. CEA acknowledges that insurance plan and premium decisions are typically finalized in the fall for the upcoming plan year. CEA is supportive of the insurance committee’s decision to evaluate the need for mid-2015 premium increases based on rolling 12 month (minus the two most recent months) loss ratio of 105%. Plan or premium changes for the 2015 insurance year and/or any mid-2015 premium increases will be agreed upon during interim negotiation meetings.

Rationale

There is a healthy fund balance in our self-insured health plan. In addition, premiums are keeping pace with claims and claims are on a downward trend since the change in insurance carriers.

Proposal

Allow teachers who have accrued the maximum number of days of sick leave per the Sick Leave Allowance Schedule – Licensed to redeem up to five unused days maximum at the end of the school year for a payout of $100 per unused day ($500 per year). Teachers qualifying for the payout must elect to receive it no later than the last of the 2014-15 school year and will receive the payout as soon as practical thereafter from the District’s Payroll Department.

Rationale

Roughly 25% of teachers are no longer eligible for step increases. This is one way for them to earn a financial incentive for their continued service to Canyons School District. The number of days eligible for redemption would be less than the number of days accrued annually, providing a cap on the incentive for the district.

This proposal is the second year offering. We have not had a full year to evaluate this proposal and would like to have in place for a second year prior to making proposed changes in the appropriate policy.

Increase substitute pay for secondary teachers who are asked to substitute during their prep period to the following:

- $35  Coverage during conference period on a Four (4) period A/B Block Schedule
- $30  Coverage during conference period on a Five (5) period Trimester Schedule
- $25  Coverage during conference period on a Six (6) period A/B Block Schedule

By November 1, 2014 the District's Insurance Advisory Committee will establish Wellness Guidelines. Employees who meet requirements established in the Guidelines may convert two sick days to one personal day. The requirements will be retroactive to July 1st. Employees will maintain usage of up to 5 personal leave days per year if accumulated.

Proposal

CEA and CSD agree to the following definition of “collaboration time” to be used in the implementation of the revised elementary calendar.

The purpose of planning time is to plan, review, and adjust the instruction and intervention needed for all students to be successful in core and small group instruction. Collaborative planning adds the element of teams of educators making collaborative instructional decisions based on data, curriculum, and core standards to support student learning and to collectively engage in activities that allow teachers to obtain feedback about teaching and review student work, in relation to the school’s improvement goals.

Section G: Policy—GCLA—Hours of Work Instructional Staff—Negotiation Policy

1. Licensed personnel assigned to local schools are expected to be at schools for eight hours. Elementary schedules will vary but licensed staff are expected to be at school at least fifteen (15) minutes prior to the start or end of the adjusted schedule. Secondary licensed personnel are expected to be at school at least one-half hour before school begins and one-half hour after school is dismissed.

BOARD POLICY

1. It shall be the policy of the Board to establish the length of the working day for all employees. The length of working days may vary for different categories of employees. The Board delegates to the District Administration the responsibility of determining the working hours for all employees.

2. The Board believes that all teachers should be provided a duty-free lunch period and directs the District Administration to administer the duty-free lunch regulations.

ADMINISTRATIVE REGULATION—GCLA—R (Administrative Responsibility)

The immediate supervisor or school principal shall have the responsibility of scheduling the hours of work for individual employees to conform to the requirements within each position. This will be done within the following regulations:

1. Licensed personnel assigned to the local schools are expected to be at school at least one-half hour before school begins and to remain at school at least one-half hour after school is dismissed. Licensed personnel working in team-teaching schools with compressed schedules shall be at the school a comparable number of hours as those assigned to other schools.

2. Licensed personnel working on a part-time basis will have their hours determined by the school principal or immediate supervisor in cooperation with the Director of Human Resources and approved by the Superintendent.

3. Itinerant Licensed personnel assigned to the various local schools shall work a number of hours comparable to other Licensed personnel.

4. Licensed personnel may not perform work for or receive compensation from another employer during contract time with Canyons School District.

5. Hours of work that job share and part-time employees are required to spend on assignments such as parent/teacher conferences, committee work, faculty meetings, etc. shall be prorated by the percentage of a full-time contract.

6. Principals retain the authorization to require staff to attend a reasonable number of events without compensation (no more than two assignments annually).
1. A thirty (30)-minute duty-free lunch period should be provided for each elementary teacher, and any schedule developed for adequate inside supervision should be designed with this point in mind.
2. Teachers shall be scheduled for student supervision as little as possible when meeting local needs. However, schedules to provide adequate supervision of students when inclement weather necessitates keeping them inside during lunch, shall be designed and implemented by each school administration and staff.
3. Rotational duties shall be equitable among all certificated personnel.
4. Teachers shall not be assigned outside duty during the noon hour. Such duties will continue to be handled by the aides.
5. Teachers without a duty assignment during their lunch period may leave the school site for that period of time after notifying the principal.
