  add their contact information if they would like follow up information.

- Process for Proposals for Board consideration
  - The Board discussed their roles on Board Committees and
    Administrative committees. It was clarified that when a board member
    serves on a Board committee, the work of the committee is brought to
    the Board for further consideration and action. Aboard member serving
    on an administrative committee offers perspective to the committee
    discussion, however, does not vote on committee decisions.
The Board agreed to schedule a mid-year study session to reflect on what items from the summer roundtable meeting have been addressed and to follow up on the remaining priorities.
