WELCOME TO CANYONS ONLINE

FOR YOU- ABOUT YOU

Lessons learned during the era of COVID-19 are driving innovations in online learning. Canyons School District has announced the launch of Canyons Online, a program for self-driven, organized students who want to get a jump on their studies, catch up on some credits, or seek an educational experience away from the traditional brick-and-mortar classroom. The program is open year-round to students in grades 9-12. High-school-aged students can enroll in as many online courses as they want, when they want — even if they're taking in-person classes elsewhere. What's more: Students are able to move through the courses at their own pace and on their own time.
