November 21, 2025

To the Honorable Board of Education and Patrons of Canyons School District:

State of Utah law requires that school districts publish within five months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. This report is published to fulfill that requirement for the fiscal year ended June 30, 2025.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free from any material misstatements.

Squire & Company, PC, a firm of licensed certified public accountants, has issued an unmodified (“clean”) opinion on Canyons School District’s financial statements for the year ended June 30, 2025. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis to accompany the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the District

Residents of the District voted to separate from Jordan School District on November 6, 2007, thus forming their own district. The District officially began operations on July 1, 2009. Located in the southeast corner of Salt Lake County, the District covers approximately 192 square miles and includes the cities of Midvale, Cottonwood Heights, Sandy, and Draper and the towns of Alta and Brighton. The District’s estimated population is 216,035.

The District is a legally separate entity enjoying all rights and privileges accorded political subdivisions in the State of Utah. The District is fiscally independent. Policymaking and legislative authority are vested in the Board of Education (the Board) consisting of seven members who are elected from among the District’s seven districts. Board members serve four-year staggered terms with no more than four Board members elected every two years. The Board has the power to determine its own budget, incur bonded debt, levy taxes and also can sue or be sued without recourse to any other body of government. The major purpose of the District is to provide public education. In its sixteenth year of operations, the District’s student population stood at 32,289. To accomplish its purpose the District operates 28 elementary schools, 8 middle schools, 5 accredited high schools, and 4 special program schools. In addition, the District offers an adult and community education program for non-traditional students. The Canyons School District Education Foundation (the Foundation) is a blended component unit of the District. It is a nonprofit organization and all donations generated by the Foundation go to benefit the students and teachers of the District. The Canyons Local Building Authority (the Building Authority) is legally

separate for which the District is considered to be finally accountable. The Building Authority provides financing services solely to the District for the use of some facilities. The District is an equal opportunity employer and actively recruits teachers from universities throughout the nation.

Local Economy

The economic condition of the District is largely dependent upon two major factors. First, the broader State economy that is increasingly tied to the national and global economies and second, the views of the governor's office and state legislature toward funding public education with the resources generated by the State. State funding for education is always a significant issue in Utah because children represent such a large percentage of the population. When compared to other states, there are two factors that put the state in a difficult situation when it comes to generating tax revenue to fund public education. First, Utah is near the middle in terms of household income. Second, Utah has larger than average households. The result is less income available per child. Utah is near the top when measuring the share of income devoted to education and yet is currently the State with the lowest per-pupil funding.

Utah has a highly diversified economy that includes many industries such as construction, tourism, exports, defense, energy and minerals, agriculture, and others. The growth of the State's economy has led to recent increases in education funding. The Weighted Pupil Unit (WPU) is the State's primary funding source to equalize funding throughout all Utah school districts. The legislature did increase the value of the WPU from \$4,280 to \$4,494 for the fiscal year ended June 30, 2025. The WPU will increase to \$4,674 (or 4.0%) for the fiscal year ending June 30, 2026. The State's economy continues to have growth albeit not as much as in recent years which has led to a lower WPU increase. The unemployment rate for Salt Lake County remains in its historical low range at 3.4% as of June 30, 2025. Values of taxable property increased by 4.7% during the 2025 calendar year, while this is a decent amount, it's less than previous years. The average home value in the district boundaries is now \$740,200 or a \$37,000 (or 5.3%) increase from the \$703,200 average value in 2024. While rises in taxable home values may provide stability for future budgets, it does prevent many families with younger children from purchasing homes within the District.

There will be considerable political pressure on the legislature to increase funding for public education as it deals with multiple issues statewide. Nonetheless, the resources available may make that difficult to accomplish. The District has grown accustomed to dealing with strained budgets; however, it will continue to maintain a balanced budget according to available resources.

Major Initiatives

In April 2022, the Board adopted a Strategic Plan after gathering input from multiple stakeholders such as students, parents, teachers, administrators, elected officials and other groups. The Plan has four strategic focus areas: High-Quality Learning, Access and Opportunity, Human-Centered Supports, and Operating Systems. During the 2024-2025 year committees for each focus area met and then regularly updated the Board on implementing strategic initiatives. The full Strategic Plan can be found on the District's website at the following address: <https://www.canyonsdistrict.org/strategicplan/>

The foundation of the Strategic Plan is the District's long-standing mission: Every student who attends Canyons School District will graduate college- and career-ready.

Examples of efforts made to achieve these results during the most recent fiscal year include:

- Corner Canyon High senior Xiaocheng "Emily" Ai won the 2025 General Sterling Scholar.
- Andy Markus, Draper Park Middle Assistant Facilities Manager, was named the National Educational Support Professional of the year.
- According to U.S. News & World rankings, twenty-four elementary and middle schools were included on the top schools in Utah.

Another high priority for the Board is the construction, renovation, and replacement of school buildings. After its creation the District adopted a robust building plan and has invested \$865.0 million in renovating or rebuilding multiple schools. The District issued \$45.8 million in lease revenue bonds in April 2024 and the proceeds have been used for improvements at Jordan, Corner Canyon, and Hillcrest high schools and Eastmont Middle. In December 2024, the District issued \$50.0 million in lease revenue bonds to purchase the Utah Ebay headquarters building located in Draper. The property consists of 36 acres and the building is 240,000 square feet. With the assistance of an architect firm, the District will be converting the building into an Innovation Center with renovations to begin in 2026. The programs from the Canyons Technical Center will be transferred there and others will be added which will allow students to work in collaboration with industry partners. The Center plans to open in August 2027.

Long-term financial planning

Although the State's population is projected to grow from 3.5 million in 2025 to over 3.8 million by 2030, the District's student population is expected to decline in the next few years due to the maturing of neighborhoods, the high price of homes making it unaffordable for some younger families to reside within the District's boundaries and an overall decrease in the State's birthrate. The District is forecasting a decrease of approximately 300-400 students annually over the next few years. Declining enrollment will likely require future boundary adjustments and school consolidations and/or school closures. Due to the expected enrollment decline, the District will not be pressured to add new school buildings and incur related annual operational and facility expenses. However, the District has many aging schools. The average age of the 41 traditional school buildings is 33.0 years. The District conducts ongoing assessments of all buildings, boundaries, and demographics. Information from these assessments are analyzed to determine which buildings need to be replaced or renovated, or even closed, and if future bonding is necessary.

In an uncertain economic environment, other unforeseen events can have a dramatic impact on available resources. Nevertheless, the District has been able to strengthen its unassigned general fund balance from \$25.4 million in 2020 to \$32.6 million in 2025. The District has maintained resources set aside for economic stabilization at \$20.4 million (the 5% maximum allowed per State statute) and has kept its assigned general fund balance constant which is currently at \$7.4 million. Furthermore, when many governments nationwide are struggling to fund their retirement plans, the Board has committed general fund resources at 105% of the accrued actuarial liability from the most recent actuarial study to fund its retirement benefit plan.

Relevant Financial Policies

For accounting purposes, the District is not treated as a single entity. Instead, it is treated as a collection of smaller, separate accounting entities known as funds. Funds are created to segregate and keep track of specific activities or to attain certain objectives in accordance with special regulations, restrictions, or limitations. The District operates seven governmental funds and each fund has an annual appropriated budget approved by the Board. The General, Capital Outlay, and Debt Service funds are considered major funds due the large amount of revenues and expenditures recorded in each. The District Activity, Nutrition Services, Pass-Through Taxes and Foundation funds are considered minor funds. Utah law requires the District to have a balanced budget for its funds and requires that all annual appropriations lapse at fiscal year-end with the exception of those indicated as a fund balance commitment or assignment.

In the months preceding each year, the District Superintendent submits to the Board a proposed operating budget for the next fiscal year commencing July 1. This budget includes proposed expenditures and the means of financing them. Included is a final budget for the current year ending June 30. If the proposed budget does not include a tax increase, a public hearing is held before the beginning of the next fiscal year according to Utah law at which time the budget is legally adopted by the Board after obtaining taxpayer

input. If the proposed budget does include a tax increase, the Board accepts a tentative budget to begin the year and within a few months holds a public hearing on the tax increase at which time the budget is legally adopted by the Board after obtaining taxpayer input. Once adopted, the budget acts as the financial operating plan for the entire year. The Board, upon recommendation of the Superintendent, can reduce the budget during the year. To increase the budget, however, the Board must conduct another public hearing prior to approving the increase.

The level at which expenditures may not exceed appropriations has been interpreted by the State Superintendent of Public Instruction to be the total budgeted expenditures of a given fund. Therefore, as a matter of practicality, the budget of the District is usually amended only once each year when the Board also takes action on the new fiscal year budget.

Awards and Acknowledgements

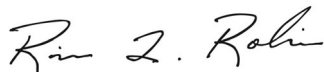

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Canyons School District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2024. This was the fifteenth year the District submitted for and received this award. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. Such reports must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The District also received the Association of School Business Officials (ASBO) International's Certificate of Excellence in Financial Reporting for the Annual Comprehensive Financial Report for the fiscal year ended June 30, 2024. This was the fifteenth year the District submitted for and received this award. This award certifies that the report substantially conforms to the principles and standards of financial reporting as recommended by the Association of School Business Officials International. The award is granted only after an intensive review of financial reports by an expert panel of certified public accountants and practicing school business officials and is also valid for a period of one year.

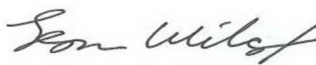

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Accounting Department. We would like to express appreciation to all employees who assisted in the timely closing of the District's financial records and the preparation of this report.

We would also like to thank President Amber Shill and the members of the Board of Education for their interest and support in conducting the financial affairs of the District.

Respectfully submitted,

Rick Robins, Ph.D.

Independent Auditor's Report

Board of Education
Canyons School District

Report on the Basic Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Canyons School District (the District) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Canyons School District as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Canyons School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canyons School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canyons School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Canyons School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of the District's proportionate share of the net pension liability (asset) - Utah Retirement Systems, the schedules of District contributions - Utah Retirement Systems, the schedule of changes in the District's total retirement liability and related ratios, the schedule of changes in the District's total OPEB liability and related ratios, and the related notes to the required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The individual fund statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the introductory and statistical sections included in the annual report. The introductory and statistical sections do not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the introductory and statistical sections, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the introductory and statistical sections and consider whether a material inconsistency exists between the introductory and statistical sections and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the introductory and statistical sections exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the Canyons School District (the District), we offer readers of the District's financial statements this narrative discussion, overview, and analysis of the financial activities of the District for the fiscal year ended June 30, 2025. Readers are encouraged to consider the information presented here in conjunction with additional information that the District has furnished in its letter of transmittal, which can be found on pages 1 through 5 of this report.

FINANCIAL HIGHLIGHTS

- Canyons School District located in southeast Salt Lake County, Utah includes the areas of Cottonwood Heights, Sandy, Draper, Midvale, Alta, and Brighton. The District was formed by the will of the people in a November 2007 referendum vote and began operations on July 1, 2009. The fiscal year ended June 30, 2025 was the District's fifteenth fiscal year. The District has 32,289 students and operates 41 traditional schools and 4 special program schools.
- The District retired \$31.0 million of general obligation school building bonds and \$3.2 million of lease revenue bonds during 2025.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$140.6 million, a decrease of \$4.2 million. Most of this decrease is due to spending down capital funds on construction projects.
- Actual revenues were \$2.0 million or 0.5% less than budgeted for the General Fund. This variance primarily results from expenditure-driven State and Federal grants that will be utilized in future years.
- Actual expenditures were \$7.4 million or 1.9% less than the amount budgeted. Lower than anticipated State and Federal expenditures explain the majority of the variance. However, it is also explained by conservative budgeting practices of planning on full capacity level staffing and paying maximum benefits to all benefit eligible employees.
- At the end of the current fiscal year, the unassigned fund balance in the General Fund decreased by \$0.5 million to \$32.6 million representing 8.3% of General Fund expenditures.
- The District implemented Government Accounting Standards Board Statement No. 101, *Compensated Absences*. The District restated beginning net position due to the implementation of this new standard.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis provided here are to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: a) government-wide financial statements, b) fund financial statements, and c) notes to basic financial statements. This report also contains information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the District's assets, liabilities, and deferred inflows/outflows of resources, with the remainder reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (such as, uncollected taxes and unpaid employee and retiree benefits).

The government-wide financial statements include not only the District itself (known as *the primary government*), but also the legally separate Canyons School District Education Foundation and the Canyons Local Building Authority (the Building Authority) for which the District is financially accountable. The Foundation and Building Authority function for all practical purposes as activities of the District, and therefore have been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 32 and 33 of this report.

Fund Financial Statements

A *fund* is a group of related accounts that is used to maintain control over resources that are segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be grouped into two categories: governmental funds and proprietary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Debt Service Fund, and the Capital Outlay Fund, each of which are considered to be major funds. Individual fund data for all major funds is provided in the form of *combining and individual fund statements and schedules* found on pages 80 through 85 of this report. Data from the other four governmental funds (the special revenue funds) are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of *combining and individual fund statements and schedules* and can be found on pages 88 through 97 of this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement is provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements and reconciliations can be found on pages 34 through 37 of this report.

Proprietary fund – The District maintains one proprietary fund type. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the District’s various functions. The District uses one internal service fund (the Self-Insurance Fund) to account for employee health and accident benefit services provided to all the other funds of the District. This internal service fund is included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 39 through 41 of this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 42 through 70 of this report.

Additional Information

In addition to the basic financial statements and related notes, this report also presents *required supplementary information* concerning the District’s progress in funding its obligation to provide benefits to its retirees and the District’s proportionate share of the net pension liability. Required supplementary information can be found on pages 72 through 77 of this report.

The combining statements and individual fund statements and schedules referred to earlier in connection with governmental and proprietary funds are presented on pages 80 to 102 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$503.7 million at the close of the most recent fiscal year, which is an increase of \$16.7 million from the prior year.

Canyons School District's Net Position June 30, 2025 and 2024 (in millions of dollars)

	Governmental Activities		
	2025	2024	Change 2025-2024
Current and other assets	\$ 456.5	\$ 457.2	\$ (0.7)
Capital assets	909.3	863.7	45.6
Total assets	1,365.8	1,320.9	44.9
Total deferred outflows of resources	71.2	65.0	6.2
Other liabilities	52.8	53.9	(1.1)
Long-term liabilities outstanding	633.2	604.6	28.6
Total liabilities	686.0	658.5	27.5
Total deferred inflows of resources	247.3	240.4	6.9
Net position:			
Net investment in capital assets	420.7	411.3	9.4
Restricted	24.8	12.8	12.0
Unrestricted	58.2	62.9	(4.7)
Total net position	\$ 503.7	\$ 487.0	\$ 16.7

The largest portion of the District's net position (83.5%) reflects its investment in capital assets (e.g., sites, construction in progress, site improvements, buildings, equipment, and vehicles, net of accumulated depreciation), less any related debt (general obligation and lease revenue bonds payable less unspent bond proceeds) used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position (4.9%) represents resources that are subject to external restrictions on how they may be used. The majority of the restricted balance is for capital outlay. The remaining net position balance is unrestricted (11.6%) and may be used to meet the District's ongoing obligations to students, employees, creditors and to honor next year's budget.

At the end of the fiscal year, the District is able to report positive balances in all three categories of net position.

Net investment in capital assets increased by \$9.4 million during the year ended June 30, 2025. The biggest change was due to the acquisition and construction in progress of capital assets. The balance of unspent lease revenue bond proceeds is \$33.8 million.

Restricted net position increased by \$12.0 million during the year ended June 30, 2025. The increase is primarily due to the activity of the Capital Outlay Fund with the construction of planned projects.

Unrestricted net position decreased by \$4.7 million during the year ended June 30, 2025. This balance includes the District's proportionate share of the unfunded obligation of the defined benefit pension plans administered by the Utah Retirement Systems (URS) and the District's total retirement liability and total OPEB liability.

Governmental Activities

The key elements of the increase of the District's net position for the year ended June 30, 2025 are as follows:

- Revenues totaled \$517.6 million for the fiscal year ended June 30, 2025, which was an increase of \$18.5 million from the prior year. During the year operating grants and contributions increased by \$5.4 million, most of which was due to an increase in State funding specific to teacher salaries. Property taxes increased by \$11.5 million most of which was due to the increase in property tax rates as approved by the board as part of the truth in taxation process. Federal and state revenue not restricted for specific purposes increased by \$0.3 million most of which was due to the 5.0% increase to the weighted pupil unit (WPU). Other revenues increased by a total of \$1.3 million in large part due to interest earnings. Also, total expenses were \$506.4 million during the same period, an increase of \$30.8 million due mostly to increased instructional salaries and benefits. The total increase in the District's net position for the year ended June 30, 2025 was \$17.8 million and is due to the elements described above in this section.
- Property taxes comprise 46.1% of the District's revenue. The District's tax rate for the 2024 calendar year of 0.005677 was applied to taxable value of property totaling \$41.1 billion.
- Revenues from the state of Utah comprise 41.1% of the District's revenue. State revenue is based primarily on weighted pupil units (WPUs) and other appropriations. If a student is in membership a full 180 days, the state awards the District one WPU. Certain students with special needs receive a WPU greater than one. The state guarantees that if local taxes do not provide

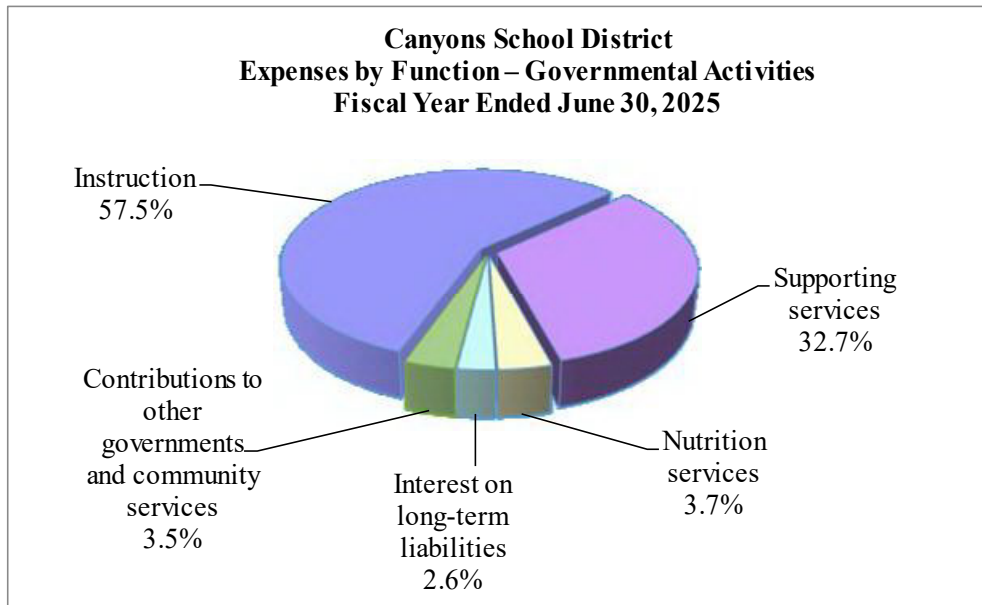

revenue equal to the amount generated by the WPU, the state will make up the difference with additional state funding. The value of one WPU was \$4,494 for 2025. Student enrollment based on the October 1, 2024 count was 32,289.

- Revenues from federal awards comprise 5.1% of the District's revenue. Federal awards are primarily restricted for instruction and other purposes, such as special education, disadvantaged (Title I), and child nutrition.
- Instruction services represent 57.6% of District expenses for the year.

Net position – ending	<u>\$ 503.7</u>	<u>\$ 487.0</u>	<u>\$ 16.7</u>

The District implemented Government Accounting Standards Board Statement No. 101, *Compensated Absences*, during the year ended June 30, 2025. The District has restated beginning net position for the year ended June 30, 2025. Additional information can be found in Note 6 to the financial statements.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to demonstrate and ensure compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance which has not yet

been limited to use for a particular purpose by either an external party, the District itself, or an individual that has been delegated authority to assign resources for use for particular purposes by the District's Board of Education.

At June 30, 2025, the District's governmental funds reported a combined fund balance of \$140.6 million, or \$4.2 million less than the previous year. About \$32.6 million or 23.2% of the combined fund balances amount constitutes *unassigned* fund balance which is available for spending at the District's discretion. The remainder of the fund balances are either 1) not spendable in form (\$3.3 million or 2.3%), 2) restricted by external entities (\$55.6 million or 39.6%), 3) committed by the District's Board of Education for particular purposes (\$41.7 million or 29.6%), or 4) assigned by the District's management for particular purposes (\$7.4 million or 5.3%).

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$32.6 million, which is decrease of \$0.5 million from the prior year. The total fund balance, which is \$73.2 million, increased from the prior year by \$0.6 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures. Unassigned fund balance represents approximately 8.3% of total General Fund expenditures, while total fund balance represents approximately 18.7% of that same amount.

The following expenditures or balances in the General Fund for 2025 should be noted:

- Expenditures for the General Fund totaled \$392.2 million, an increase of \$14.5 million from the prior fiscal year. Instruction represents \$234.2 million or 59.7% of General Fund expenditures. The increase is primarily due to increases in employee wages and benefits. This year the District increased the starting teacher salary to \$61,610, an increase of \$2,260. Each teacher also received a one increment level increase, a 2.4% cost of living increase, and \$624 in other state funded increases. Overall, the average teacher's salary increased by 4.35%. In addition, administrators received a 3.0% cost of living increase plus steps. Classified employees received a 3.1% cost of living increase plus steps.
- General Fund salaries totaled \$251.1 million while the associated fringe benefits of retirement, social security, unemployment, industrial insurance, and health and accident insurance added \$95.9 million to arrive at 88.5% of total General Fund expenditures.
- The District has committed to economic stabilization \$20.4 million of fund balance or 5.0% of 2026 General Fund budgeted expenditures. As allowed by state law, the District has established an undistributed reserve within the General Fund; this amount is set aside for contingencies or possible reductions in state funding and is not to be used in the negotiation or settlement of contract salaries. The maintenance of a sufficient reserve is a key credit consideration in the District's excellent bond ratings of Aaa and AAA given by Moody's Investor Service and Fitch Ratings, respectively.
- The District's Board of Education has committed to employee benefit obligations \$9.4 million of fund balance for the total District retirement liability and the total OPEB liability for retirees at 105.0% of the actuarially-determined amount measured at June 30, 2025 and for compensated absences obligation for employees.

The Debt Service Fund, a major fund, has a \$1.6 million ending fund balance, which is \$0.5 million less than the previous year. \$4.3 million of Debt Service funds were transferred to the General Fund for technology programs and projects as allowed in Utah Code 11-14-310(c). The ending fund balance is approximately 5.0% of debt service requirements for 2026.

The Capital Outlay Fund, the remaining major governmental fund, had an decrease of \$2.5 million in fund balance during the current fiscal year which put the overall fund balance at \$45.5 million. The Capital Outlay Fund expenditures totaled \$103.7 million which is \$68.5 million more than the prior year due to current construction projects at Jordan High School, Hillcrest High School, Corner Canyon High School, Eastmont Middle School, Albion Middle School, and Indian Hills Middle School. Lease revenue bonds were issued December 17, 2024 totaling \$56.9 million, including premiums. These lease revenue bonds were used to acquire land and buildings previously owned by Ebay and the District will convert the property into an Innovation Center. Property in Draper, totaling 11.7 acres of land was sold for \$5.4 million. The property was sold as there is adequate space at the new Innovation Center to construct a future school , if needed. Property in Midvale, totaling 10.4 acres of land was sold for \$4.8 million. This land was the where the old Midvale Elementary was located prior to its new location next to Midvale Middle. Additionally, \$1.3 million in proceeds were received for the year ended June 30, 2025 due to a resale agreement from the sale of land in Draper in the year ended June 30, 2024.

GENERAL FUND BUDGETARY HIGHLIGHTS

Original Budget Compared to Final Budget

During 2025, the Board revised the District's budget. Budget amendments were to reflect changes in programs and related funding. The difference between the original budget and the final amended budget was an increase of \$6.0 million or 1.6% in total General Fund revenues and an increase of \$5.2 million or 1.3% in total General Fund budgeted expenditures. The increase in revenue is due to receiving more state and federal funding, and interest earnings than originally anticipated. The expenditures increased due to budgeting more for instructional costs related to State and Federal grants.

Final Budget Compared to Actual Results

Even with these adjustments, actual expenditures were \$7.4 million or 1.9% less than final budgeted amounts. The significant area of variance was \$5.4 million in instruction due to expenditure-driven State and Federal grants that will be utilized in future years. Such grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met; unspent grant amounts are carried forward and included in succeeding year's budget. Therefore, actual grant revenues and expenditures are normally less than amounts budgeted.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental activities as of June 30, 2025 amounts to \$909.3 million (net of accumulated depreciation). This investment in capital assets includes sites, construction in progress, site improvements and buildings, equipment, and vehicles. The total increase in capital assets for the current year was \$45.7 million or 5.3%.

Canyons School District's Capital Assets

June 30, 2025 and 2024

(net of accumulated depreciation, in millions of dollars)

	Governmental Activities		
	2025	2024	Change 2025-2024
Sites and improvements	\$ 100.9	\$ 71.2	\$ 29.7
Construction in progress	43.6	2.6	41.0
Buildings	756.6	782.5	(25.9)
Equipment	1.2	1.2	0.0
Vehicles	7.0	6.2	0.8
Total capital assets	<u>\$ 909.3</u>	<u>\$ 863.7</u>	<u>\$ 45.7</u>

The cost of various construction projects underway at June 30, 2025 are projected at a total cost of \$150.1 million. The largest projects are projects funded by the lease revenue bonds to include the improvements at the following locations:

Jordan High \$24.6 million budget – A field house, blackbox theater and safety vestibule will be constructed. Restrooms will be upgraded, additional parking will be created, and a softball press box will be added. Other smaller interior and exterior improvements will occur.

Eastmont Middle \$11.8 million budget – The roof, elevator, and gym floor will be replaced. A drainage system will be installed and the restrooms and classrooms will be upgraded. A safety vestibule will be added.

Corner Canyon High \$12.6 million budget – A field house will be constructed. A drainage system will be installed under the soccer field and the field will receive artificial turf. Turf will be added to the baseball and softball fields. A safety vestibule will be added.

Hillcrest High \$6.2 million budget – The artificial turf on the football field will be replaced and the track will be expanded from six to eight lanes.

Canyons Innovation Center \$92.9 million budget – Land totaling 36 acres and buildings totaling 240,000 square feet was acquired from Ebay at a purchase price of \$50.0 million. Renovations will be made to the building in order to convert it into a state-of-the-art Innovation Center which will train students for future careers in the medical, audio/visual, engineering, computer science, and business fields. The land and buildings were financed using lease revenue bonds. Renovations will be primarily funded by the sales of unused properties including the current Canyons Technical Education Center (CTEC) property as the programs will be relocated to the Innovation Center.

Other building and site improvements will be completed during 2025-2026. The largest projects are the Albion Middle School auditorium upgrades, enlarging the Indian Hills Middle band room, and installing a new waterline at Copperview Elementary, each is budgeted for less than \$1.0 million.

Additional information on the District's capital assets can be found in Note 4 to the basic financial statements.

Long-term Bonded Debt

At the end of the current fiscal year, the District had total bonded debt outstanding of \$516.0 million (including the unamortized amounts for bond premiums). Payment of the general obligation debt is backed by the full faith and credit of the District as well as the state of Utah under provisions of The Guaranty Act. Payment of the lease revenue debt is serviced by property tax collections. The District's total bonded debt increased by \$17.1 million, or about 3.4%, during the current year.

Canyons School District's Outstanding Long-Term Debt **June 30, 2025 and 2024** (in millions of dollars)

	Governmental Activities		
	2025	2024	Change 2025-2024
General obligation bonds	\$ 334.0	\$ 365.1	\$ (31.0)
Unamortized G.O. bond premiums	38.9	43.4	(4.5)
Lease revenue bonds	124.5	77.6	46.9
Unamortized lease revenue bond premiums	18.6	12.8	5.8
Net bonds payable	<u>\$ 516.0</u>	<u>\$ 498.9</u>	<u>\$ 17.1</u>

The general obligation bonded debt of the District is limited by state law to 4.0% of the fair market value of the total taxable property in the District. The District's legal debt limit at June 30, 2025 is estimated at \$2,508.2 million. Net long-term general obligation bonded debt at June 30, 2025 is \$372.9 million, resulting in an estimated additional debt-incurring capacity of \$2,135.3 million. All general obligation debt was issued on a 20-year (or shorter) repayment timetable and the District is scheduled to retire all of this debt by 2038. The lease revenue bonds will be retired in 2040. The general obligation bonds issuances received an underlying rating of "Aaa" from Moody's Investors Service and a "AAA" from Fitch Ratings, respectively. All issuances payments will be financed by tax revenues from the Debt Service Fund. The lease revenue bonds received a "Aa1" from Moody's Investors Services. Payment on these bonds will be financed by tax revenues from the Capital Outlay Fund.

Additional information on the District's long-term debt can be found in Note 6 to the basic financial statements.

OTHER INFORMATION

The District has experienced a decrease in enrollment for the past six years, including the 2025-26 year. Future decreases are also expected due to the high costs of residential homes making it difficult for young families to reside within the District and a decreasing birthrate will impact enrollment in the near term. The District will investigate options to confront the declining enrollment. The following 10-year enrollment information is based on the annual October 1 count:

Canyons School District's Enrollment October 1 Count

School Year	Enrollment	Change
2025-26	31,499	-2.4%
2024-25	32,289	-1.4%
2023-24	32,732	-0.6%
2022-23	32,931	-1.0%
2021-22	33,259	-0.7%
2020-21	33,488	-2.0%
2019-20	34,178	0.1%
2018-19	34,134	0.7%
2017-18	33,907	-0.3%
2016-17	34,017	0.3%

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide citizens, taxpayers, customers, and investors and creditors with a general overview of Canyons School District's finances for all those with an interest in the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information, contact the Business Administrator, Canyons School District, 9361 South 300 East, Sandy, Utah 84070, or call 801.826.5000.

CANYONS SCHOOL DISTRICT
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2025

Total fund balances for governmental funds	\$ 140,602,321
---	----------------

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. The cost of the assets is \$1,328,048,824 and accumulated depreciation is \$418,699,032 (see Note 5).	909,349,792
--	-------------

Some of the District's property taxes will be collected after year end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable revenue in the funds (see Note 7).	2,446,008
---	-----------

Long-term debt, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds (see Note 6).

These and related balances at year end are:

General obligation bonds payable	\$ (334,040,000)	
Lease revenue bonds payable	(124,495,000)	
Unamortized bond premiums	(57,506,577)	
Accrued interest	(773,784)	
Retainage payable	(938,607)	
Notes payable from direct borrowing	(558,873)	
Unamortized deferred charges on bond refunding	(1,973,127)	(520,285,968)

Long term employee benefit obligations and related deferrals are not due and payable in the current period and therefore are reported in the statement of net position (see Note 6).

These and related balances at year end are:

Net URS pension liability and related deferrals	\$ (31,914,569)	
Total District retirement liability and related deferrals	(5,825,713)	
Total OPEB liability and related deferrals	(113,647)	
Compensated absences liability	(3,000,641)	(40,854,570)

An internal service fund is used by management to charge the costs of health and life insurance benefits to individual funds. The assets and liabilities of the internal service fund are included with governmental activities.

Total net position of governmental activities	\$ 503,788,586
--	----------------

The notes to the basic financial statements are an integral part of this statement.

CANYONS SCHOOL DISTRICT
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund
Balances of Governmental Funds to the Statement of Activities
Fiscal Year Ended June 30, 2025

Net change in fund balances for governmental funds \$ (4,192,068)

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. The net effect of transactions involving capital assets is as follows:

Capital outlays	\$ 80,165,851	
Proceeds from the sale of capital assets	(11,661,803)	
Gain on disposal of capital assets	6,677,305	
Depreciation expense	<u>(30,384,060)</u>	44,797,293

Property tax revenue is recognized when levied (when a claim to resources is established) rather than when available. The portion not available soon enough to pay for the current period's expenditures is deferred in the funds. 67,164

The issuance of bonds and notes payable provides current financial resource to governmental funds, while the repayment of the principal of bonds and notes payable consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Lease revenue bonds issued	(50,000,000)	
Premiums on bonds issued	(6,916,587)	
Repayment of bond principal	34,170,000	
Bond interest expense	(53,574)	
Amortization of bond premiums	5,638,314	
Amortization of deferred charges on bond refunding	446,572	
Proceeds from notes payable	(820,392)	
Repayment of notes payable principal	<u>261,519</u>	(17,274,148)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds; long-term employee benefit obligations are reported as expenditures in the governmental funds when paid.

URS pension expense	(3,743,032)	
District retirement expense	757,638	
OPEB expense	271,417	
Compensated absences expense	<u>(187,940)</u>	(2,901,917)

An internal service fund is used by the District to charge the costs of health and life insurance benefits to individual funds. The change in net position of the internal service fund is reported with governmental activities. (2,638,676)

Change in net position of governmental activities \$ 17,857,648

The notes to the basic financial statements are an integral part of this statement.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Canyons School District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

The Reporting Entity

The Board of Education (the Board), comprised of seven elected officials, is the primary governing authority. The Board establishes policies, approves the budget, appoints a superintendent with responsibilities for administering all of the District's educational activities, and appoints a business administrator with responsibilities for fiscal matters. The Board is authorized to issue bonds, incur short-term debt, levy property taxes, and is independent of any other unit of local government.

The District is not a component unit of any other primary government. As required by GAAP, these financial statements present the District's activities and its component units, Canyons School District Education Foundation and Canyons Local Building Authority, for which the District is considered to be financially accountable. A blended component unit, although a legally separate entity, is in substance part of the District's operations.

- **Canyons School District Education Foundation.** The Canyons School District Education Foundation (the Foundation) is a nonprofit organization incorporated in the state of Utah and has received exemption from federal income tax under Section 501(c)(3) of the Internal Revenue Code, and is classified as a public charity under section 170(b)(1)(A)(vi) of the Code. The Foundation acts as a conduit for charitable contributions to the District. The Foundation's board is approved by the Board. The Foundation exclusively serves the District. The District makes all personnel decisions for the Foundation and pays for all operating costs of the Foundation. The Foundation is presented as a special revenue fund in the District's financial statements. Financial information specific to the Foundation may be obtained by writing the Foundation at 9361 South 300 East, Sandy, Utah 84070.
- **Canyons Local Building Authority.** The Canyons Local Building Authority (the Building Authority) is a legally separate organization for which the District is considered to be financially accountable. The Building Authority's board is comprised of the District's Board members. The Building Authority provides financing services solely to the District. The District is obligated for the debt of the Building Authority; all of the outstanding debt of the Building Authority is expected to be repaid with resources of the District. The District pays for all operating costs of the Building Authority. The Building Authority is reported within the governmental funds of the District.

Government-wide Financial Statements

The *government-wide financial statements* (the statement of net position and the statement of activities) report on all of the activities of the primary government (the District) and its blended component units. The effect of interfund activity is eliminated from the government-wide financial statements.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to a particular function. Depreciation expense for capital assets that can specifically be identified with a function are included in its direct

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

expenses. Depreciation expense for “shared” capital assets (for example, a school building is used primarily for instructional, school administration, operation and maintenance of facilities, and school lunch services) are ratably included in the direct expenses of the appropriate functions. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Interest on general long-term liabilities is considered an indirect expense and is reported in the statement of activities as a separate line item. Program revenues include: a) fees and charges paid by students and other recipients of goods or services offered by a given function, and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues that are not classified as program revenues, including property taxes, are presented as general revenues.

Fund Financial Statements

The *fund financial statements* provide information about District funds, including its blended component units. Separate statements for each fund category – governmental and proprietary – are presented. The emphasis of fund statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds.

Proprietary fund operating revenues, such as insurance premiums, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as interest, result from non-exchange transactions or ancillary activities. Operating expenses result from transactions directly associated with the fund’s principal services.

The District reports the following major governmental funds:

- The *General Fund* is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Debt Service Fund* is used to account for the accumulation of resources that are restricted for the payment of principal and interest on general obligation school building bonds.
- The *Capital Outlay Fund* accounts for resources accumulated and payments made for the acquisition and improvement of sites, construction and remodel of facilities, and procurement of equipment necessary for providing educational programs for all students in the District.

Additionally, the District reports the following fund type:

- The *Self-Insurance Fund (a proprietary fund)* is the only internal service fund the District uses and accounts for the risk management services associated with its self-insurance plan covering employee health and accident claims. Premiums are charged to other District funds to cover anticipated costs.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within sixty days of the end of the current fiscal period, or within thirty days of the current fiscal year end in the case of property tax revenue. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to pension benefits, other postemployment benefits, retirement benefits, and compensated absences, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as another financing source.

Property taxes and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met. All other revenue items are considered to be measurable and available only when the District receives cash.

The proprietary (internal service) funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all of the District's governmental funds. The budget for the Self-Insurance Fund is not legally required for budgetary control; this budget is for management purposes. These financial reports reflect the following budgetary standards:

- For the fiscal year beginning July 1, the business administrator prepares a proposed budget for all funds which is presented to the Board by the superintendent on or before June 1.
- After a public hearing is held, the Board, by resolution, legally adopts the final budget no later than June 30.
- Once adopted, the budget can be amended by subsequent Board action. Reductions in appropriations can be approved by the Board upon recommendation of the superintendent; however, increases in appropriations at the overall fund level require a public hearing prior to amending the budget. In accordance with Utah State law and with Board policy, administration may make interim adjustments from one appropriation (at the program, function, or object level) to another within any given fund without seeking the immediate approval of the Board. The Board approves these changes later in the year.
- The total budgeted expenditures of a given fund may not exceed the expected revenues for the fiscal year plus the fund balance. Control of the budget is exercised at the overall fund level.
- Interim adjustments in estimated revenue and appropriations during the fiscal year ended June 30, 2025 are included in the final budget approved by the Board, as presented in the financial statements.
- Expenditures may not legally exceed budgeted appropriations at the fund level.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is used to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (for which performance under the executory contract is expected in the next year) are reappropriated and become part of the subsequent year's budget pursuant to state regulations.

Negative variances in total revenues and the positive variances in total expenditures are largely a result of federal and state program revenues and related expenditures that do not have a direct impact on the fund balance. Budgets generally assume the expenditure of all available resources. Therefore, when the budget is prepared, it is assumed these funds will not have a carryover of revenue to a subsequent year. Program revenue received but not spent is reported as unearned revenue. As a result, overall fund revenue variances will be negative, and overall fund expenditure variances will be positive.

Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the District. Earnings on pooled funds are allocated to the funds based on the average balance of each participating fund.

Investments for the District and Foundation are reported at fair value. Changes in the fair value of investments are recorded as interest earnings.

Cash Equivalents

For the statement of cash flows for the proprietary fund, cash equivalents are considered short-term investments with maturities of three months or less from date of acquisition, including investments in the Utah Public Treasurers' Investment Fund.

Inventories

Inventories are accounted for under the consumption method, wherein inventories are recorded as assets when acquired and expenditures are recorded when the inventories are transferred to the schools for consumption. Inventories recorded in the governmental funds are stated at cost or, if donated, at acquisition value when received, using a weighted moving average method. Inventories reported in the governmental funds are equally offset by a nonspendable portion of fund balance, indicating that they are not expected to be converted to cash.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased. Prepaid items reported in the governmental funds are equally offset by a nonspendable portion of fund balance, indicating that they are not expected to be converted to cash.

Capital Assets

Capital assets are recorded as expenditures in the governmental fund financial statements at the time of purchase or construction. All purchased equipment or vehicles costing more than \$25,000 and constructed capital assets or improvements costing more than \$500,000 or which meet other criteria are capitalized and reported at cost or estimated historical cost in the government-wide financial statements. The cost of normal maintenance and repairs that do not add to the value of the asset or significantly extend assets' lives are not capitalized in the government-wide financial statements. Donated capital assets are recorded at their estimated acquisition value at the date of donation. The District does not purchase nor construct infrastructure (public domain) assets.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Depreciation is provided on capital assets in the government-wide financial statements using the straight-line method over their estimated useful lives as follows:

Site improvements.....	40 years
Buildings	40 years
Equipment	5 years
Vehicles.....	10 years

Leases

The District utilizes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. As a lessee the District recognizes a lease liability and an intangible right-to-use lease asset, and as a lessor the District recognizes a lease receivable and a deferred inflow of resources.

The District is a lessor for noncancelable leases of cell tower sites. The District recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements

At the commencement of the leases, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable. Subsequently, the deferred inflow of resources is recognized as revenue on a straight-line basis over the life of the lease term.

Key estimates and judgements include how the District determines (a) the discount rate it uses to discount the expected lease receipts to present value, (b) lease term, and (c) lease receipts.

- The District uses an estimated incremental borrowing rate as the discount rate for each lease. Each lease estimate is based on financial instruments with similar ratings and terms.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessees.

The District monitors changes in the circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by the URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension plan investments are reported at fair value.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

District Retirement and Other Postemployment Benefits

For purposes of measuring the total District retirement liability, total OPEB liability, District retirement expense, OPEB expense, and related deferred inflows/outflows of resources, the District recognizes benefit payments when due and payable in accordance with benefit terms. The total District retirement liability and the total OPEB liability are actuarially determined.

Long-term Obligations

In the government-wide financial statements and the Self-Insurance Fund (internal service fund), long-term debt and other long-term obligations are reported as liabilities in the applicable statement of net position. Bond premiums are deferred and amortized over the life of the related bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable unamortized bond premiums.

In the governmental fund financial statements, the face amount of debt issued, as well as premiums received on debt issuances, are recognized during the current period as other financing sources.

Deferred Outflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred Inflows of Resources

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Net Position/Fund Balances

The residual of all other elements presented in a statement of net position is *net position* on the government-wide and proprietary fund financial statements and the residual of all other elements presented in a balance sheet on the governmental fund financial statements is *fund balance*.

Net position is divided into three components: net investment in capital assets (capital assets net of accumulated depreciation and related debt), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon it by external parties or are imposed by constitutional provisions or enabling legislation.

The governmental fund financial statements present fund balances based on a hierarchy that shows, from highest to lowest, the level or form of constraints on fund balance resources and the extent to which the District is bound to honor them. The District first determines and reports nonspendable balances, then restricted, then committed, and so forth.

Fund balance classifications are summarized as follows:

Nonspendable – This category includes fund balance amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact. Fund balance amounts related to inventories are classified as nonspendable.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Restricted – This category includes net fund resources that are subject to external constraints that have been placed on the use of the resources either a) imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation. Restricted fund balance amounts include the following:

- Unspent tax revenues for specific purposes (capital outlays and debt service).
- Remaining funds set aside for Foundation scholarships.
- Remaining fund balances in the Nutrition Services Fund.

Committed – This category includes amounts that can only be used for specific purposes established by formal action of the Board. Fund balance commitments can only be removed or changed by the same type of action (e.g. resolution) of the Board. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board has approved to commit fund balance amounts to the following purposes:

- Economic stabilization (\$20,419,785). As defined in Utah law as an “undistributed reserve,” the District maintains for economic stabilization up to 5% of 2026 General Fund budgeted expenditures. Potential state budget cuts, disasters, immediate capital needs, and other significant events are circumstances or conditions that signal the need for stabilization. Additionally, the commitment is necessary to maintain liquidity (i.e., reducing any disparity between when financial resources are available to make payments and the maturity of related liabilities). Also defined by state law, the commitment is not to be used “in the negotiation or settlement of contract salaries for school district employees.” Furthermore, the law states that the reserve cannot be used until the Board provides the State Board of Education with an adopted, written resolution setting forth the reasons for using the funds.
- Employee benefit obligations for District retirement and other postemployment benefits representing the actuarially determined liabilities measured at June 30, 2025 for the plans plus an additional 5% contingency (totaling \$6,446,999) and for unpaid compensated absences (totaling \$3,000,641).
- Unfulfilled non-construction contractual obligations (totaling \$1,250,104) at June 30, 2025 that are expected to be completed in 2026.
- Resources held by schools and the Foundation.

Assigned – This category includes General Fund balance amounts that the District intends to be used for a specific purpose but are neither restricted nor committed. The Board, by policy, has given the business administrator authority to assign General Fund balances. The District has assigned General Fund resources that are to be used for textbooks, supplies and other materials at the school level. The District has also assigned \$2,500,000 as a reserve to the self-insurance fund in the event future medical costs escalate higher than anticipated.

Unassigned – Residual balances in the General Fund are classified as unassigned.

Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted tax revenue or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Board's net position policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

Fund Balance Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's fund balance policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTE 2 – DEPOSITS AND INVESTMENTS

A reconciliation of cash and investments at June 30, 2025, as shown on the financial statements, is as follows:

Carrying amount of deposits	\$ 17,534,855
Carrying amount of investments	<u>179,280,594</u>
Total cash and investments	<u><u>\$ 196,815,449</u></u>
Governmental funds cash and investments	\$ 178,005,045
Internal service fund cash and investments	<u>18,810,404</u>
Total cash and investments	<u><u>\$ 196,815,449</u></u>

The District complies with the State Money Management Act (*Utah Code* Section 51, Chapter 7) (the Act) and related Rules of the Money Management Council (the Council) in handling its depository and investing transactions. District funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the District to invest in the Utah Public Treasurers' Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. agency issues, first-tier commercial paper, banker's acceptances, repurchase agreements, corporate bonds, money market mutual funds, and obligations of governmental entities within the state of Utah.

The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The District considers the rules of the Council to be necessary and sufficient for adequate protection of its uninsured bank deposits.

Rules of the Council allow the Foundation to invest private grants, contributions, and endowments in any deposit or investment authorized by the Act and certain investment funds, equity securities, fixed-income securities, and investment strategies with institutions that meet certain restrictions.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Deposits

At June 30, 2025, the District and the Foundation have the following deposits with financial institutions:

	Carrying Amount	Bank Balance	Amount Insured
Canyons School District	\$ 17,274,488	\$ 22,471,181	\$ 1,250,000
Canyons School District Education Foundation	260,367	261,000	250,000
Total deposits	<u>\$ 17,534,855</u>	<u>\$ 22,732,181</u>	<u>\$ 1,500,000</u>

Custodial Credit Risk – Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government’s deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk. At June 30, 2025, \$21,232,181 of the District’s bank deposits were uninsured and uncollateralized. No deposits are collateralized nor are they required to be by state statute.

Investments

The District’s investments are with the PTIF and in corporate bonds through a broker. The Foundation has accounts separate from the District and invests some private funds through a broker.

The PTIF is an external local government investment pool managed by the Utah State Treasurer. The PTIF is authorized and makes investments in accordance with the Act. The Council provides regulatory oversight for the PTIF. Participant accounts with the PTIF are not insured or otherwise guaranteed by the state. Participants in the PTIF share proportionally in the income, costs, gains and losses from investment activities. The degree of risk of the PTIF depends upon the underlying portfolio, which primarily consists of money market securities held by the state or in the state’s name by the state’s custodial banks, including investment-grade corporate bonds and notes, money market mutual funds, and U.S. treasury bills. The portfolio has a weighted average maturity of 90 days or less. The majority of the PTIF’s corporate bonds and notes are variable-rate securities, which reset every three months to the prevailing market interest rates. The PTIF is not rated. The reported value of the pool is the same as the fair value of the pool shares and is not required to be reported in the fair value hierarchy.

At June 30, 2025, the District owned fourteen investment-grade corporate bonds through a broker. All fourteen of the bonds are rated A or higher by Moody’s Investor Services or Standard & Poor’s or FitchRatings or Egan-Jones Rating Company. The weighted average to maturity is two years. These investments are held in a safekeeping account and are reviewed regularly by the Council for compliance with the Act. The following table shows the type of investments and age to maturity by amounts owned by the District and the Foundation:

Investment Type	Fair Value	Investment Maturities (in Years)		
		Less Than 1	1-2	3-4
Canyons School District:				
Public Treasurers'				
Investment Fund (PTIF)	\$ 137,558,471	\$ 137,558,471	\$ -	\$ -
Corporate bonds	41,033,079	2,503,305	15,600,942	22,928,832
	<u>\$ 178,591,550</u>	<u>140,061,776</u>	<u>15,600,942</u>	<u>22,928,832</u>
Canyons School District Education Foundation:				
Mutual funds	689,044	689,044	-	-
Total investments	<u>\$ 179,280,594</u>	<u>\$ 140,750,820</u>	<u>\$ 15,600,942</u>	<u>\$ 22,928,832</u>

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Also at June 30, 2025, the Foundation invested in mutual funds. The mutual funds are not rated.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District has a formal investment policy which complies with the Act for interest rate risk and manage its exposure to interest rate risk by complying with its policy and the Act, which requires that the remaining term to maturity of investments not exceed the period of availability of the funds invested. Except for endowments, the Act further limits the remaining term to maturity on all investments in commercial paper, banker's acceptances, and fixed-rate securities from 270 days to 15 months. In addition, variable-rate securities may not have a remaining term to final maturity exceeding three years. The Foundation can invest private funds in fixed-income securities with a dollar-weighted average maturity not to exceed ten years.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District has a formal investment policy which complies with the Act for credit risk and manage its exposure to credit risk by complying with its policy and the Act and related rules. The Act and related rules limit investments in commercial paper to a first-tier rating and investments in fixed-income and variable-rate securities to a rating of A or higher as rated by Moody's Investors Service or by Standard & Poor's at the time of purchase.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District has a formal investment policy for concentration of credit risk which complies with the Act and manage this risk by complying with its policy and the Act and related rules. The Act limits investments in commercial paper and or corporate obligations to 5.0% of its total portfolio with a single issuer. The Foundation can invest private funds in certain equity and fixed-income securities provided no more than 5.0% of all funds are invested in any one issuer and no more than 25.0% of all funds are invested in a particular industry. Also, for the Foundation's investments in private funds, no more than 75.0% may be invested in equity securities and no more than 5.0% in collateralized mortgage obligations.

Custodial Credit Risk – Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District has a formal investment policy for custodial credit risk and manage this risk by complying with its policy and the Act and related rules. The Foundation's investments are held in a brokerage account which is covered by Securities Investor Protection Corporation up to \$500,000.

NOTE 3 – FAIR VALUE MEASUREMENTS

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2025:

- Investment-grade corporate bonds are valued using quoted market prices (Level 1).
- Mutual funds are valued at quoted market prices (Level 1).

CANYONS SCHOOL DISTRICT
Notes to the Basic Financial Statements

NOTE 4 – LEASES

The District leases sites to third parties for cell tower operations under lease terms ranging from 15 to 40 years. At June 30, 2025, the District reports a lease receivable of \$5,609,892 and a deferred inflow of resources related to leases of \$5,283,244.

Future lease payments are summarized as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 277,810	\$ 131,145	\$ 408,955
2027	290,391	125,968	416,358
2028	303,957	120,553	424,509
2029	270,773	114,785	385,558
2030	274,642	109,181	383,824
2031-2035	1,353,512	461,107	1,814,618
2036-2040	1,299,761	308,043	1,607,804
2041-2045	911,132	165,404	1,076,536
2046-2050	219,101	79,386	298,488
2051-2055	138,126	53,961	192,088
2056-2060	182,212	29,085	211,296
2061-2063	88,476	3,030	91,506
Total	<u>\$ 5,609,892</u>	<u>\$ 1,701,648</u>	<u>\$ 7,311,541</u>

Future lease revenue will be recognized as follows:

Year Ending June 30,	Lease Revenue	Total
2026	\$ 350,674	\$ 350,674
2027	350,674	350,674
2028	350,674	350,674
2029	339,746	339,746
2030	305,199	305,199
2031-2035	1,386,900	1,386,900
2036-2040	1,108,215	1,108,215
2041-2045	700,076	700,076
2046-2050	165,638	165,638
2051-2055	93,289	93,289
2056-2060	93,289	93,289
2061-2063	38,871	38,871
Total	<u>\$ 5,283,244</u>	<u>\$ 5,283,244</u>

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2025 was as follows:

	June 30, 2024			June 30, 2025
	Balance	Increases	Decreases	Balance
Governmental activities:				
Capital assets, not being depreciated:				
Sites	\$ 31,885,027	\$ 33,650,000	\$ (4,984,498)	\$ 60,550,529

Notes to the Basic Financial Statements

General Obligation Bonds Payable

General obligation bonds payable at June 30, 2025 are comprised of the following issues and are serviced by property tax revenues received by the Debt Service Fund:

Series	Purpose	Original Amount	Remaining Interest Rate Range	Final Maturity Date	Current Outstanding Balance
2015	School building	\$ 42,000,000	3.50% to 5.00%	June 15, 2033	\$ 25,365,000
2018A	School building	49,000,000	2.35% to 5.00%	June 15, 2037	30,965,000
2018B	School building	74,995,000	3.25% to 5.00%	June 15, 2038	58,130,000
2020	School building	80,005,000	2.125% to 5.00%	June 15, 2036	61,835,000
2021A	School building	79,000,000	1.375% to 5.00%	June 15, 2037	65,235,000
2021B	Bond refunding	33,075,000	4.00% to 5.00%	June 15, 2031	21,740,000
2022A	Bond refunding	52,395,000	5.00%	June 15, 2031	52,395,000
2022B	Bond refunding	49,980,000	2.60% to 2.65%	June 15, 2027	18,375,000
Total general obligation bonds payable as of June 30, 2025					<u><u>\$ 334,040,000</u></u>

Debt service requirements to maturity, including interest, for the general obligation bonds payable are summarized as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 32,715,000	\$ 12,914,560	\$ 45,629,560
2027	34,030,000	11,593,690	45,623,690
2028	35,740,000	10,015,683	45,755,683
2029	37,525,000	8,228,683	45,753,683
2030	33,925,000	6,442,488	40,367,488
2031-2035	123,465,000	15,011,374	138,476,374
2036-2038	36,640,000	1,846,174	38,486,174
Total	<u><u>\$ 334,040,000</u></u>	<u><u>\$ 66,052,651</u></u>	<u><u>\$ 400,092,651</u></u>

General obligation bonds are direct obligations and pledge the full faith and credit of taxpayers of the District under the provisions of the Local Government Bonding Act (*Utah Code* 11-14); therefore, they are rated AAA. In addition, as of the date of this report, the District has a rating of AAA from Fitch Rating and a rating of Aaa from Moody's Investors Service.

In the event of District default on bond payments, the Local Government Bonding Act and the School District Bond Guaranty (*Utah Code* 53G-4) entitle bondholders to receive payment of amounts due on the bonds from the State of Utah. The ultimate liability for payment of the bonds remains with the District. To reimburse the State for any payments made to the bondholders pursuant to the State's guaranty, the State could compel the District to levy taxes, withhold state funding, draw on District resources that are legally available (such as unrestricted fund balances), and/or impose financial penalties on the District.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Lease Revenue Bonds Payable

On December 17, 2024 the Building Authority issued \$50,000,000 of lease revenue bonds. The bonds were issued at a premium of \$6,916,587. Proceeds from this issuance were used to acquire land and buildings from the Utah Ebay headquarters for the Canyons Innovation Center. The bonds accrue interest at 5.00%. Interest is payable semi-annually and the principal is due annually. The bonds mature on June 15, 2040.

Lease revenue bonds payable at June 30, 2025 are comprised of the following issue and are serviced by property tax revenues received by the Capital Outlay Fund:

Series	Purpose	Original Amount	Remaining Interest Rate Range	Final Maturity Date	Current Outstanding Balance
2021LBA	School Building	\$ 37,690,000	4.00% to 5.00%	June 15, 2039	\$ 28,675,000
2024LBA	School Improvements	45,820,000	4.00% to 5.00%	June 15, 2038	45,820,000
2024BLBA	School Building	50,000,000	5.00%	June 15, 2040	50,000,000
Total lease revenue bonds payable as of June 30, 2025					<u>\$ 124,495,000</u>

Debt service requirements to maturity, including interest, for the lease revenue bonds payable are summarized as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 6,055,000	\$ 6,029,050	\$ 12,084,050
2027	6,360,000	5,726,300	12,086,300
2028	6,680,000	5,408,300	12,088,300
2029	7,015,000	5,074,300	12,089,300
2030	7,365,000	4,723,550	12,088,550
2031-2035	42,680,000	17,755,600	60,435,600
2036-2040	48,340,000	6,721,200	55,061,200
Total	<u>\$ 124,495,000</u>	<u>\$ 51,438,300</u>	<u>\$ 175,933,300</u>

Notes Payable from Direct Borrowing

During the fiscal year ended June 30, 2025, the District issued notes payable from direct borrowing to help finance the construction of scoreboards at four of the high schools. Proceeds from the notes totaled \$820,392. The notes do not have a stated interest rate; however, an incremental borrowing rate of 4.5% was used to calculate the net present value and annual interest expense of the notes payable. The notes are payable in annual installments ranging between \$71,847 to \$77,688 for three years with the final maturity on June 30, 2027.

Pension and Other Postemployment Obligations

Net URS pension liability, total district retirement liability, and total OPEB liability will be paid by the fund in which the employee worked, including the general fund and other governmental funds.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Compensated Absences

During the year ended June 30, 2025, the District implemented Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*. The new standard requires that liabilities for compensated absences be recognized for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means. A liability is recognized if the leave is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time paid off or paid out upon termination or retirement. The District restated beginning net position due to implementing this standard.

The District accrues vacation for twelve-month or full-year contract employees. Employees accrue between ten and twenty days each year depending upon length of service with the District, generally limited to a maximum number of days earned for one year. The District is liable to the employee for days earned but not taken. If an employee terminates, then payment is made; otherwise, scheduled vacation time off is allowed.

The District accrues personal leave for benefit-eligible employees. For the year ended June 30, 2025, employees accrue five days each year. There is no limit to amount of personal leave that an employee may accrue. Employees are limited to using seven days in year. Personal leave is not paid out upon termination or retirement.

The District accrues sick leave for benefit-eligible employees. For the year ended June 30, 2025 employees accrue between seven and ten days each year depending upon length of service with the District. Sick leave is allowed to accumulate up to 180 days for nine-month employees and 240 days for year-round employees. Employees do not receive sick leave pay out upon resignation, unless the employee retires with the District and the URS (Utah Retirement System). If an employee has retired with the District and the URS, the employee will be paid out \$100 a day for 25% of accrued sick leave.

Claims Payable

The Self-Insurance Fund (an internal service fund) was established to pay self-insurance claims for health and accident coverage for participating District employees. The District carries commercial insurance, which covers catastrophic claims in excess of \$225,000. Additionally, all District employees are covered for worker's compensation with resources accumulated within this fund. The fund collects premiums, as established by the District and the plan administrator, from other funds. The District has recorded an estimate of claims liability (including claims incurred but not reported) of \$7,859,331 at June 30, 2025. This liability is based on experience and information provided by the plan administrator and includes costs to process the claims.

The following table shows the activity of accrued claims payable for the years ended June 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Claims payable (beginning of year)	\$ 8,108,870	\$ 7,157,734
Claims (including incurred but not reported)	38,707,850	37,093,288
Payments of claims	<u>(38,957,389)</u>	<u>(36,142,152)</u>
Claims payable (end of year)	<u>\$ 7,859,331</u>	<u>\$ 8,108,870</u>

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

NOTE 7 – PROPERTY TAXES

District Property Tax Revenue

The budgeting and accounting for property taxes are handled in the governmental funds on a modified accrual basis, with appropriate recognition of property taxes receivable at year-end. The District has recorded a property tax receivable for the delinquent property taxes due and for the taxes assessed January 1. The District has recorded a corresponding property tax deferral for taxes assessed January 1 but not due and collectible within thirty days of the end of the fiscal year. The District's property tax revenue is collected and distributed by the Salt Lake County Treasurer as its agent.

State statutes establish the process by which taxes are levied and collected. The County Assessor is required to assess real property as of January 1 and complete the tax rolls by May 22. By July 22, the County Auditor is to mail assessed value and tax notices to property owners. A taxpayer may petition the County Board of Equalization within 30 days of receipt of the tax notice for a revision of the assessed value. The County Auditor makes approved changes in assessed values by November 1. On this same date the Auditor is to deliver the completed assessment rolls to the County Treasurer. Tax notices are mailed with a due date of November 30. Delinquent taxes are subject to a 2.5% penalty of the property tax due, with a \$10 minimum penalty. If delinquent taxes and penalties are not paid by January 31 of the following year, these delinquent taxes, including penalties, are subject to an interest charge at a rate determined by the County; the interest period is from January 1 until the taxes are paid. If in May of the fifth year the taxes remain delinquent, the County advertises and sells the property at a tax sale.

District property tax revenue is allocated to the funds based on the purpose of each tax levy and in proportion to each tax rate.

Incremental Taxes and Charter School Levy

In addition to property taxes the District levies for its own purposes, the District levies property taxes for redevelopment agencies (located within its boundaries) in accordance with the Community Development and Renewal Agencies Act (*Utah Code* 17C-1) and for charter schools (for students living within its boundaries who are enrolled in charter schools) in accordance with *Utah Code* 53F-2-703. These taxes are forwarded directly by the County to the redevelopment agencies or the state charter school levy account as these taxes are collected by the County.

During the year ended June 30, 2025, taxes levied by the District for redevelopment agencies totaling \$14,575,706 and for charter schools totaling \$2,254,042 were recorded as revenue with an equivalent amount of expenditure for contributions to other governments in the other governmental funds (in the Pass-Through Taxes Fund).

As part of a mitigation agreement between the redevelopment agencies and the District, the redevelopment agencies paid the District \$2,135,285 during the year ended June 30, 2025, recorded as local revenue in the General Fund.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

NOTE 8 – STATE RETIREMENT PLANS

Description of Plans

Eligible employees are provided with the following plans through the Utah Retirement Systems (the URS) administered by the URS:

Defined Benefit Pension Plans (cost-sharing, multiple-employer plans):

- *Public Employees Noncontributory Retirement System* (Tier 1 Noncontributory System)
- *Tier 2 Public Employees Contributory Retirement System* (Tier 2 Contributory System)

Defined Contribution Plans (individual account plans):

- *401(k) Plan* which includes the *Tier 2 Public Employees Defined Contribution Plan* (Tier 2 Defined Contribution Plan)
- *457 Plan and other individual plans*

District employees qualify for membership in the retirement systems if a) the employee is a classified school employee whose employment normally requires an average of 30 hours or more per week regardless of benefits, b) the employee is a teacher who teaches half-time or more and receives benefits the District normally provides as approved by the Utah State Retirement Board, or c) the employee is an appointed officer.

The Tier 2 systems became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the systems, are members of the Tier 2 systems. The plans are established and governed by the respective sections of Title 49 of the *Utah Code*. The plans are amended statutorily by the Utah State Legislature. Title 49 provides for the administration of the plans under the direction of the Utah State Retirement Board, whose members are appointed by the Governor.

The URS (a component unit of the State of Utah) issues a publicly available financial report that can be obtained at www.urs.org.

Benefits Provided

The URS provides retirement, disability, and death benefits to participants in the defined benefit pension plans.

Retirement benefits are determined from 1.50% to 2.00% of the employee's highest 3 or 5 years of compensation times the employee's years of service depending on the pension plan; benefits are subject to cost-of-living adjustments up to 2.50% or 4.00%, limited to the actual Consumer Price Index for the year. Employees are eligible to retire based on years of service and age.

Defined contribution plans are available as supplemental plans to the basic retirement benefits of the defined benefit pension plans and as a primary retirement plan for some Tier 2 participants. Participants in the defined contribution plans are fully vested in employer and employee contributions at the time the contributions are made, except Tier 2 require contributions and associated earnings are vested during the first four years of employment. If an employee terminates prior to the vesting period, employer contributions and associated earnings for that employee are subject to forfeiture. Forfeitures are used to cover a portion of the plan's administrative expenses paid by participants. Benefits depend on amounts contributed to the plans plus investment earnings. Individual accounts are provided for each employee and are available at termination, retirement, death, or unforeseeable emergency.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Contributions

As a condition of participation in the plans, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable), is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

For the year ended June 30, 2025, required contribution rates for the plans were as follows:

	Defined Benefit Plans Rates			District Rates for 401(k) Plan	Totals
	District Contribution *	Employee Contribution	Amortization of UAAL **		
Tier 1 Noncontributory System	12.25%	0.00%	9.44%	1.50%	23.19%
Tier 2 Contributory System	10.08%	0.70%	9.44%	0.00%	20.22%
Tier 2 Defined Contribution Plan	0.08%	0.00%	9.44%	10.00%	19.52%

* District contribution includes 0.08% of covered-employee payroll of the Tier 2 plans for death benefits.

** Required contributions include an additional amount to finance any unfunded actuarial accrued liability in the Tier 1 plans.

Employees can make additional contributions to defined contribution plans subject to limitations.
For the year ended June 30, 2025, District and employee contributions to the plans were as follows:

	District Contributions	Employee Contributions
Tier 1 Noncontributory System	\$ 20,756,062	\$ -
Tier 2 Contributory System *	19,318,650	-
Tier 2 Defined Contribution Plan *	2,820,644	-
401(k) Plan	4,999,169	5,233,324
457 Plan and other individual plans	-	873,799

* A portion of required contributions in the Tier 2 plans is used to finance the unfunded actuarial accrued liability in the Tier 1 plans.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a net pension asset of zero and a net pension liability of \$99,583,357 for the following plans:

	Net URS Pension Asset	Net URS Pension Liability
Tier 1 Noncontributory System	\$ -	\$ 90,023,094
Tier 2 Contributory System	-	9,560,263
Total	\$ -	\$ 99,583,357

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

The net pension liability (asset) was measured as of December 31, 2024, and the total pension liability was determined by an actuarial valuation as of January 1, 2024, rolled-forward using generally accepted actuarial procedures. The District's proportion of the net pension liability (asset) is equal to the ratio of its actual contributions compared to the total of all employer contributions during the plan year. The following presents the District's proportion (percentage) of the collective net pension liability (asset) at December 31, 2024 and the change in its proportion since the prior measurement date for each plan:

	Proportionate Share	
	2024	Change
Tier 1 Noncontributory System	3.9795879%	-0.1057606%
Tier 2 Contributory System	3.2055718%	-0.1289382%

For the year ended June 30, 2025, the District recognized pension expense for the plans as follows:

	Pension Expense
Defined benefit pension plans:	
State retirement plan	
Tier 1 Noncontributory System	\$ 36,144,638
Tier 2 Contributory System	10,457,142
District retirement plan (see note 8)	796,204
Total	<u>\$ 47,397,984</u>
Defined contribution plans:	
Tier 2 Defined Contribution Plan	\$ 2,820,644
401(k) Plan	4,999,169
Total	<u>\$ 7,819,813</u>

At June 30, 2025, the District reported deferred outflows of resources related to defined benefit pension plans from the following sources:

	Deferred Outflows of Resources Related to Pensions		
	Tier 1 Noncontributory System	Tier 2 Contributory System	Total
Differences between expected and actual experience	\$ 22,002,582	\$ 4,132,980	\$ 26,135,562
Changes of assumptions	3,117,081	3,193,005	6,310,086
Net difference between projected and actual earnings on pension plan investments	13,590,119	611,047	14,201,166
Changes in proportion and differences between District contributions and proportionate share of contributions	-	1,603,746	1,603,746
Contributions subsequent to the measurement date	10,354,794	11,082,603	21,437,397
Total	<u>\$ 49,064,576</u>	<u>\$ 20,623,381</u>	<u>\$ 69,687,957</u>

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

At June 30, 2025, the District reported deferred inflows of resources related to defined benefit pension plans from the following sources:

	Deferred Inflows of Resources Related to Pensions		
	Tier 1 Noncontributory System	Tier 2 Contributory System	Total
Differences between expected and actual experience	\$ -	\$ 65,862	\$ 65,862
Changes of assumptions	-	987	987
Changes in proportion and differences between District contributions and proportionate share of contributions	1,824,070	165,362	1,989,432
Total	\$ 1,824,070	\$ 232,211	\$ 2,056,281

The \$21,437,397 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date of December 31, 2024 will be recognized as a reduction of the net pension liability in the year ending June 30, 2026. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to defined benefit pension plans will be recognized in pension expense as follows:

Year Ending June 30,	Tier 1 Noncontributory System	Tier 2 Contributory System	Total
2026	\$ 18,212,087	\$ 1,117,703	\$ 19,329,790
2027	24,981,169	1,717,256	26,698,425
2028	(5,347,397)	747,035	(4,600,362)
2029	(960,147)	913,222	(46,925)
2030	-	2,147,531	2,147,531
Thereafter	-	2,665,820	2,665,820

Actuarial Assumptions

The total pension liability in the January 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Payroll Growth Rate	2.90%
Salary increases	3.50% to 9.50%, average, including inflation
Investment rate of return	6.85%, net of pension plan investment expense, including inflation

Mortality rates were based on actual experience and mortality tables, considering gender, occupation, and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries (SOA).

The actuarial assumptions used in the January 1, 2024 valuation were based on an experience study of the demographic for the period ending December 31, 2022.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

The long-term expected rate of return on defined benefit pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity securities	35%	2.45%
Debt securities	20%	0.51%
Real assets	18%	0.98%
Private equity	12%	1.21%
Absolute return	15%	0.65%
Cash and cash equivalents	0%	0.00%
Total	100%	

Discount Rate

The discount rate used to measure the total pension liability (asset) was 6.85%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates, actuarially determined and certified by the Utah State Retirement Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.85%, as well as what its proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85%) or 1-percentage-point higher (7.85%) than the current rate:

	1% Decrease (5.85%)	Discount Rate (6.85%)	1% Increase (7.85%)
District's proportionate share of the net URS pension (asset) liability:			
Tier 1 Noncontributory System	\$ 230,844,197	\$ 90,023,094	\$ (28,146,303)
Tier 2 Contributory System	28,554,189	9,560,263	(5,215,134)
Total	\$ 259,398,386	\$ 99,583,357	\$ (33,361,437)

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

Payables to the Pension Plans

At June 30, 2025, we reported payables of \$4,593,659 for contributions to defined benefit pension plans and \$593,047 for contributions to defined contribution plans.

NOTE 9 – DISTRICT RETIREMENT PLAN

Plan Description

The District adopted the retirement plan and policies that were in effect under the former Jordan School District, effective July 1, 2010 when the District assumed the obligation to provide certain benefits to eligible employees and retirees.

This retirement plan provides retirement income to employees who qualify for state retirement and who were hired before July 1, 2006. This retirement plan is a single-employer defined benefit pension plan offered and administered by the District. No assets are accumulated in a trust that meets the criteria of generally accepted accounting standards.

Benefits Provided

This retirement plan is funded by the General Fund. Plan benefits are based on the tenure and salary of the employee as of June 30, 2006 and include a) an amount not to exceed \$7,560 for supplemental health insurance, b) an early retirement incentive, c) an unused leave bonus, and d) a service award. These benefits are paid in cash when the eligible employee retires.

Employees Covered by Benefit Terms

At June 30, 2025, the following employees were covered by the benefit terms:

Active employees	266
Inactive employees or beneficiaries currently receiving benefit payments	137
Total	<u>403</u>

This retirement plan is closed to new entrants.

Total Retirement Liability

The total District retirement liability of \$5,818,560 was measured as of June 30, 2025 and was determined based on an actuarial valuation as of July 1, 2025. The District has set aside resources for the liability by committing a portion of fund balance in the General Fund.

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

Actuarial Assumptions and Other Inputs

The total District retirement liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.30%
Salary increases (based on years of service)	3.5% to 8.5%
Discount rate	5.20%

The discount rate was based on a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Mortality rates were based on 2010 Public General Employee with 100% of MP Ultimate scale. This assumption includes a margin for future improvements in longevity.

Demographic and other assumptions include a) retirement rates based on the rates used for employees with required age and service to retire under the Utah Retirement System and b) employee termination rates based on termination rates used in the actuarial valuation of the Utah Retirement System. Individual severance benefits nor any termination liability for COBRA are not included in this valuation.

Changes in the Total District Retirement Liability

Balance of total District retirement liability at June 30, 2024	\$ 5,356,071
Changes for the year:	
Service cost	212,062
Interest	213,955
Changes in assumptions or other inputs	370,187
Benefit payments	<u>(333,715)</u>
Net changes	<u>462,489</u>
Balance of total District retirement liability at June 30, 2025	<u><u>\$ 5,818,560</u></u>

No changes of benefit terms occurred in 2025. Changes in assumptions and other inputs that occurred in the June 30, 2025 valuation include an increase in the discount rate from 3.96% to 5.20%

Sensitivity of the Total District Retirement Liability to Changes in the Discount Rate

The following presents the District's total retirement liability calculated using the discount rate of 5.20%, as well as what the District's total retirement liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.20%) or 1-percentage-point higher (6.20%) than the current discount rate:

	<u>1% Decrease (4.20%)</u>	<u>Discount Rate (5.20%)</u>	<u>1% Increase (6.20%)</u>
Total retirement liability – District retirement plan	<u>\$ 5,881,809</u>	<u>\$ 5,818,560</u>	<u>\$ 5,749,135</u>

CANYONS SCHOOL DISTRICT
Notes to the Basic Financial Statements

Retirement Expense and Deferred Outflows and Inflows of Resources Related to the District's Retirement Plan

For the year ended June 30, 2025, the District recognized negative retirement expense of \$423,923 for this retirement plan. At June 30, 2025, the District reported the following deferred outflows of resources and inflows of resources related to this retirement plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 401,314	\$ 888,987
Changes of assumptions or other inputs	518,598	38,078
Total	<u>\$ 919,912</u>	<u>\$ 927,065</u>

The amounts reported as deferred outflows of resources and deferred inflows of resources related to this retirement plan will be recognized in retirement expense as follows:

Year Ending June 30,	Deferred Outflows (Inflows) of Resources
2026	\$ (394,326)
2027	171,778
2028	50,691
2029	49,755
2030	50,660
Thereafter	64,289

NOTE 10 – OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN

Plan Description

The District provides OPEB for employees hired in the former Jordan School District before July 1, 2006 and who have worked at least ten full-time equivalent years in the District, have retired from the District, and qualify for state retirement. The OPEB plan is a single-employer defined benefit plan administered by the District. No assets are accumulated in a trust that meets the criteria of generally accepted accounting standards.

Benefits Provided

This OPEB plan provides medical insurance similar to that offered to active employees. Employees retiring after June 30, 2006 may purchase health insurance at percentages of the District's total premium as follows: first eighteen months at 102.0%, next six months at 110.0%, and to age 65 at full cost (currently at 174.0% of the District's rate).

CANYONS SCHOOL DISTRICT
Notes to the Basic Financial Statements

Employees Covered by Benefit Terms

At June 30, 2025, the following employees were covered by the benefit terms:

Active employees	266
Inactive employees or beneficiaries currently receiving benefit payments	<u>-</u>
Total	<u><u>266</u></u>

The OPEB plan is closed to new entrants.

Total OPEB Liability

The District's total OPEB liability of \$305,103 was measured as of June 30, 2025 and was determined based on an actuarial valuation as of July 1, 2025. The District has set aside resources for the liability by committing a portion of fund balance in the General Fund.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.30%
Salary increases (based on years of service)	3.50% to 8.50%
Discount rate	5.20%
Healthcare cost trend rates	7.50% to 3.70% over 50 years

The discount rate was based on a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Mortality rates were based on 2010 Public General Employee with 100% of MP Ultimate scale. This assumption includes a margin for future improvements in longevity.

Demographic and other assumptions include a) retirement rates based on the rates used for employees with required age and service to retire under the Utah Retirement System and b) employee termination rates based on termination rates used in the actuarial valuation of the Utah Retirement System. Individual severance benefits nor any termination liability for COBRA are not included in this valuation.

Changes in the Total OPEB Liability

Balance of total OPEB liability at June 30, 2024	\$ 249,889
Changes for the year:	
Service cost	40,962
Interest	4,047
Changes in assumptions or other inputs	407,552
Benefit payments	<u>(381,011)</u>
Net changes	<u>71,550</u>
Balance of total OPEB liability at June 30, 2025	<u><u>\$ 321,439</u></u>

CANYONS SCHOOL DISTRICT
Notes to the Basic Financial Statements

No changes of benefit terms occurred in 2025. Changes in assumptions and other inputs that occurred in the June 30, 2025 valuation include the discount rate change from 3.96% to 5.20%.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the District's total OPEB liability calculated using the discount rate of 5.20%, as well as what its total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.20%) or 1-percentage-point higher (6.20%) than the current discount rate:

	1% Decrease (4.20%)	Discount Rate (5.20%)	1% Increase (6.20%)
Total OPEB liability	\$ 336,939	\$ 321,439	\$ 304,285

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the District's total OPEB liability calculated using the healthcare cost trend rate of 7.50% fluctuating yearly 3.7%, over 50 years as well as what its total OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (6.50% fluctuating yearly to 2.70%) or 1-percentage-point higher (8.50% fluctuating yearly to 4.70%) than the current healthcare cost trend rates:

	1% Decrease (6.50% fluctuating yearly to 2.70%)	Healthcare Cost Trend Rates (7.50% fluctuating yearly to 3.70%)	1% Increase (8.50% fluctuating yearly to 4.70%)
Total OPEB liability	\$ 276,925	\$ 321,439	\$ 370,011

OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB

For the year ended June 30, 2025, the District recognized OPEB expense of \$109,594. At June 30, 2025, the District reported the following deferred outflows of resources and deferred inflows of resources related to OPEB:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 197,510	\$ 385,073
Changes of assumptions or other inputs	419,322	23,967
Total	\$ 616,832	\$ 409,040

CANYONS SCHOOL DISTRICT

Notes to the Basic Financial Statements

The amounts reported as deferred outflows of resources and deferred inflows of resources related to the District's retirement plan will be recognized in retirement expense as follows:

Year Ending June 30,	Deferred Outflows (Inflows) of Resources
2026	\$ 64,585
2027	45,435
2028	(34,001)
2029	82,264
2030	49,509

NOTE 11 – RISK MANAGEMENT

The District maintains insurance coverage for general, automobile, personal injury, errors and omission, employee dishonesty, and malpractice liability up to \$1.5 million per occurrence through policies administered by the Utah State Risk Management Fund (the Fund). The District also obtains insurance for its buildings, including those under construction, and contents against all insurable risks of direct physical loss or damage with the Fund. Property physical damage is insured to replacement value with a \$5,000 deductible; automobile physical damage is insured to actual value with a \$1,500 deductible; other liability is limited to the lesser of \$10 million or the statutory limit. Settled claims have not exceeded the District's insurance coverage for the past three years. The Fund is a public entity risk pool operated by the state for the benefit of state and local governments. The District pays annual premiums to the Fund; the Fund obtains independent coverage for insured events, up to \$25 million per location.

NOTE 12 – GRANTS

The District receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the District's independent external auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund; administration believes such disallowance, if any, would be insignificant.

NOTE 13 – TRANSFERS

During the year ended June 30, 2025, the District transferred \$185,645 from the General Fund to the Canyons School District Education Foundation Special Revenue Fund to cover the administration expenditures of the Foundation. During the year ended June 30, 2025, pursuant to Utah Code 11-14-310(c) the District transferred excess revenues from the Debt Service fund of \$4,300,000 to the General Fund for technology programs and projects.

NOTE 14 – LITIGATION AND COMPLIANCE

At certain times, claims or lawsuits are pending in which the District is involved. The District's counsel and insurance carriers estimate that its potential obligation resulting from such claims or litigation would not significantly affect the District's financial statements.

CANYONS SCHOOL DISTRICT
Notes to the Basic Financial Statements

NOTE 15 – SUBSEQUENT EVENT

On August 12, 2025, the District refunded the Series 2015 bonds. The new Series 2025 refunding bonds have a principal amount of \$24,020,000. The District was able to obtain more favorable interest rates with the Series 2025 refunding and will be able to pay off the Series 2025 refunding bonds two years earlier than what was scheduled for the Series 2015 bonds. Overall, this refunding will save the District over \$1.7 million.

CANYONS SCHOOL DISTRICT
Notes to the Required Supplementary Information

NOTE A – CHANGES IN ASSUMPTIONS – UTAH RETIREMENT SYSTEMS

The information presented was determined as part of actuarial valuations performed. Over time the actuarial assumptions are periodically changed. Amounts reported in the current and prior plan years include the following significant actuarial assumption changes:

Plan Year	Discount Rate	Payroll Growth	Wage Inflation Rate	Inflation Rate
2024	6.85%	2.90%	3.50 to 9.50%	2.50%
2023	6.85%	2.90%	3.50 to 9.50%	2.50%
2022	6.85%	2.90%	3.25 to 9.25%	2.50%
2021	6.85%	2.90%	3.25 to 9.25%	2.50%
2020	6.95%	2.90%	3.25 to 9.25%	2.50%
2019	6.95%	3.00%	3.25 to 9.25%	2.50%
2018	6.95%	3.00%	3.25 to 9.25%	2.50%
2017	6.95%	3.00%	3.25 to 9.25%	2.50%
2016	7.20%	3.25%	3.35 to 9.35%	2.60%
2015	7.50%	3.25%	3.50 to 9.50%	2.75%

NOTE B – SCHEDULES OF DISTRICT CONTRIBUTIONS – UTAH RETIREMENT SYSTEMS

Contributions as a percentage of covered payroll may be different than the Utah State Retirement Board certified rate due to rounding or other administrative issues. A portion of the required contributions in the Tier 2 plans is used to finance the unfunded actuarial accrued liability of the Tier 1 plans.

NOTE C – CHANGES IN ASSUMPTIONS – DISTRICT RETIREMENT PLAN

The information presented was determined as part of actuarial valuations performed. Over time the actuarial assumptions are periodically changed. Amounts reported in the current and prior plan years include the following significant actuarial assumption changes:

Fiscal Year	Discount Rate	Salary Increase	Inflation Rate
2025	5.20%	3.50 to 8.50%	2.30%
2024	3.96%	3.50 to 8.50%	2.30%
2023	3.65%	3.25 to 9.00%	2.30%
2022	3.54%	3.25 to 9.00%	3.20%
2021	2.16%	3.25 to 9.75%	2.20%
2020	2.21%	3.25 to 9.75%	2.20%
2019	3.87%	3.25%	2.30%
2018	3.87%	3.25%	2.30%
2017	4.00%	2.50%	2.30%

CANYONS SCHOOL DISTRICT
Notes to the Required Supplementary Information

NOTE D – SCHEDULES OF CHANGES IN THE DISTRICT’S TOTAL RETIREMENT LIABILITY AND RELATED RATIOS – DISTRICT RETIREMENT PLAN

These schedules only present information for the 2017 and subsequent measurement periods of the plan; prior-year information is not available.

No assets are accumulated in a trust that meets the criteria of generally accepted accounting standards.

NOTE E – CHANGES IN ASSUMPTIONS – OPEB PLAN

The information presented was determined as part of actuarial valuations performed. Over time the actuarial assumptions are periodically changed. Amounts reported in the current and prior plan years include the following significant actuarial assumption changes:

<u>Fiscal Year</u>	<u>Discount Rate</u>	<u>Medical Trend Rate</u>	<u>Salary Increase</u>	<u>Inflation Rate</u>
2025	5.20%	7.50% to 3.70% over 50 years	3.50 to 8.50%	2.30%
2024	3.96%	7.50% to 3.70% over 50 years	3.50 to 8.50%	2.30%
2023	3.65%	3.70% to 3.70% over 53 years	3.25 to 9.00%	2.30%
2022	3.54%	3.70% to 3.70% over 53 years	3.25 to 9.00%	3.20%
2021	2.16%	6.40% to 3.70% over 54 years	3.25 to 9.75%	2.20%
2020	2.21%	6.40% to 3.70% over 54 years	3.25 to 9.75%	2.20%
2019	3.87%	5.70% to 4.0% over 59 years	3.25%	2.30%
2018	3.87%	5.70% to 4.0% over 59 years	3.25%	2.30%
2017	4.00%	7.30% to 4.30% over 68 years	2.50%	2.30%

NOTE F – SCHEDULES OF CHANGES IN THE DISTRICT’S TOTAL OPEB LIABILITY AND RELATED RATIOS – OPEB PLAN

These schedules only present information for the 2017 and subsequent measurement periods of the plan; prior-year information is not available.

No assets are accumulated in a trust that meets the criteria of generally accepted accounting standards.

Combining and Individual Fund Financial Statements and Schedules

Major Governmental Funds

General Fund

General Fund – This fund serves as the chief operating fund of the District. The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

Debt Service Fund – The purpose of this fund is to account for the accumulation of resources for, and payment of, principal, interest, and related costs of general obligation bonds.

Capital Outlay Fund

Capital Outlay Fund – The purpose of this fund is to account for the costs incurred in acquiring and improving sites, constructing and remodeling facilities, and procuring equipment necessary for providing quality education programs for all students within the District.

Nonmajor Governmental Funds

Special Revenue Funds

Nutrition Services Fund – The purpose of this fund is to account for the food services activities of the District as required by state and federal law. Financing is provided by local sales along with substantial subsidies from the State of Utah and the U.S. Department of Agriculture.

Student Activities Fund – The purpose of this fund is to account for the co-curricular and extra-curricular activities in the schools. This fund includes all monies that flow through the individual school checking accounts including athletic programs, class fees, vending receipts, etc. The monies in this fund are owned by the District.

Pass-Through Taxes Fund - The purpose of this fund is to account for the property taxes that are collected under the District's taxing authority, but are sent directly to community and redevelopment agencies. The intention of these taxes is to assist the municipalities in growing the infrastructure and thereby attract businesses, which in turn, will increase the District's tax base in future years. Effective January 1, 2017, property taxes levied by the District for charter schools are also reported in this fund. The fund balance will always be zero as the District does not possess these funds.

Canyons School District Education Foundation Fund – The purpose of this fund is to account for donations received from the private sector which are used to enhance public education programs within the District.

Proprietary Fund

Internal Service Fund

Self-Insurance Fund - The purpose of this fund is to account for the costs of the District's self-insured plans for medical insurance and industrial insurance. Annual premiums are charged to the other funds based upon total projected expenditures. Benefit payments plus an administrative charge are made to third-party administrators who approve and process all claims.

Statistical Section

CANYONS SCHOOL DISTRICT
Statistical Section
Table of Contents

This part of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	Pages
Financial Trends.....	105-111
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity.....	112-116
These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	
Debt Capacity.....	117-122
These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	
Demographic and Economic Information.....	123-124
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information.....	125-135
These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Notes:

Nonspendable includes inventories and prepaid items that are not expected to be converted to cash.

Restricted includes net fund resources of the District that are subject to external constraints due to state or federal laws, or externally imposed conditions by grantors or creditors.

Committed balances reflect the District's self-imposed limitation on the use of otherwise available expendable financial resources in governmental funds.

Assigned balances in the General Fund are those that do not meet the requirements or restricted or committed but that are intended to be used for specific purposes.

Unassigned balances in the General Fund are all other available net fund resources.

Limitations per Utah State Statute:

- (1) Rate established annually by Utah State Legislature.
- (2) Maximum rate is 0.002000.
- (3) Maximum rate is 0.002500. See HB 301 - 2011 Utah Legislative Session.
- (4) Maximum rate is 0.003000.
- (5) Rate established by state law for districts located in first-class counties. This levy was discontinued in 2017.
- (6) No maximum rate, but must have voter approval for bonds issued.
- (7) Rate established annually by Utah State Tax Commission and Utah State Board of Education as an adjustment to the board local levy.

Direct:					
General obligation bonded debt					334,040,000
Lease revenue bonded debt					124,495,000
Unamortized bond premiums					57,506,577
Notes payable					558,873
Total direct debt					516,600,450
Total direct and overlapping general obligation debt					<u>\$ 547,825,615</u>

Notes:

- (1) The State's general obligation debt is not included in overlapping debt because the State currently levies no property tax for payment of its general obligation bonds.
- (2) Central Utah Water Conservancy District's (CUWCD) outstanding general obligation bonds are limited to ad valorem tax bonds. These bonds are the only limited ad valorem tax bonds in the State issued under the Water Conservancy Act. By law, CUWCD may levy a tax rate of up to 0.000400 to pay operation and maintenance expenses and any outstanding limited ad valorem tax bonds.
- (3) Includes portions of the City located in Utah County/Alpine School District
- (4) Taxable value used in this table excludes the taxable value used to determine uniform fees on tangible personal property.
- (5) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the District's boundaries and dividing it by each unit's total taxable assessed value.
- (6) This schedule is based on each entity's general obligation debt which is serviced from property taxes. Other outstanding debt information for each entity is not included nor is it readily available.

* Based on District estimates and U.S. Census Bureau data available to District personnel.

** The District covers the southeast section of Salt Lake County, which encompasses several municipalities and unincorporated areas making statistics for the District impractical to obtain. These statistics are given since those are representative of the District. These statistics were obtained from the County's year-end financial reports.

*** The actual Salt Lake County personal income amounts are obtained from the U.S. Department of Commerce Bureau of Economic Analysis. The most recent data available is for the calendar year 2023.

**** New construction values are obtained from the Ivory-Boyer Construction Database found on the Kem C. Gardner Policy Institute page of the University of Utah website. Values reflect previous calendary year amounts.
