The Honorable Board of Education  
Canyons School District  
Sandy, Utah

Dear Board Members:

We hereby submit to you the budget for the Canyons School District for the fiscal year 2026-2027 and a revised budget for the fiscal year 2025-2026. The development of the budget was completed by reviewing every revenue and expenditure item under the control of the District.

The budget is a responsible, balanced financial plan designed to carry out the District's mission: Every student who attends Canyons School District will graduate college-and career-ready.

The budget was prepared in accordance with all laws and legal requirements of the state of Utah and the federal government, as well as guidance provided by the Board. The accounts and the business practices of the District are subject to both external and internal audits on a continuous basis. The District has established sound financial policies and practices to ensure that taxpayer funds are expended appropriately.

The budget is developed by organizational units and includes historical financial information for purposes of comparison and analysis. In June, a Comprehensive Annual Budget Report will be compiled. Prior reports have earned the Meritorious Budget Award from the Association of School Business Officials (ASBO) International and Distinguished Budget Presentation Awards from the Government Finance Officers Association (GFOA). This report will conform to the award requirements and will be submitted for consideration.

This budget reflects basic state support through weighted pupil units (WPU) with a weighted value of \$4,870 per student, which is a \$196 increase (4.2%) over the 2025-2026 support of \$4,674. Also included are increases of \$1.3 million each in At-Risk funding and the State's new Early Literacy initiative related to Senate Bill 241. Furthermore, the District will receive \$3.9 million of State funds, allowing teachers to be compensated at their hourly rate for 32 hours of personal professional time.

This past year the District has been committed to aligning its resources to meet the four focus areas of its Strategic Plan which are High Quality Learning, Access and Opportunity, Human Centered Supports and Operating Systems. A committee for each area has been meeting consistently to discuss initiatives and implementation strategies. The Board has received regular updates during its public meetings. The Plan can be found at the end of the Executive Summary.

Another area of concentration is the creation of a new Canyons Innovation Center(CIC). In December 2024 the District purchased the former eBay Utah headquarters in west Draper. It came with a 3-story office building and an amenities building comprising 240,000 square feet and sits on 36 acres. The CIC renovations have begun and will be completed by August 2027 when it will open to students. The District received a \$17.2 million Catalyst grant from the State that will help fund the renovations. The District also has two property parcels under contract to sell for \$23.3 million, these proceeds will also be spent on the renovations.

The District is committed to making available to the community all information necessary for understanding the funding and allocation process that drives its operation. This document, which is also available online at [www.canyonsdistrict.org](http://www.canyonsdistrict.org) fulfills that commitment and it is hoped that readers will find the Proposed Annual Budget Report to be useful as a resource. Feedback on the content and design of the document is greatly appreciated. Should questions arise, please feel free to contact the Accounting Department at (801) 826-5341.

We would like to thank Amber Shill, who serves as Board President, and other members of the Board for their dedicated service in conducting the financial affairs of the District in a responsible and progressive manner. To the many students, parents, citizens, and employees whose questions and suggestions continue to help refine the operations of Canyons School District, our deepest appreciation is offered.

Respectfully submitted,

McKay Robinson, Ph.D.

## Budget Overview

The Canyons School District (CSD) budget beginning July 1, 2026 and ending June 30, 2027 includes actual audited figures from 2022-2023, 2023-2024, 2024-2025, the final amended budget for 2025-2026 and the proposed budget for 2026-2027. The 2026-2027 school year will be the District’s eighteenth year of operations. The Board of Education will be asked to approve the final 2025-2026 budget and the proposed 2026-2027 budget on June 16, 2026. The 2026-2027 budget will be approved on a tentative basis as the District will be exceeding the certified tax rate and will be holding a tax hearing. The date of the hearing will be August 4, 2026. At the tax hearing the Board be asked to provide final approval of the budget. This budget will act as the instructional and financial components of the District’s Strategic Plan for the upcoming school year. The budgets presented in this document include all governmental funds and proprietary funds for which the Board is legally responsible. The budgets in this document are organized by fund as follows:

### Governmental Fund Types

- General Fund (a major fund)
- Pass-Through Taxes Fund
- District Activity Fund
- Canyons Education Foundation Fund
- Nutrition Services Fund
- Capital Outlay Fund (a major fund)
- Debt Service Fund (a major fund)

### Proprietary Fund Types (Internal Service Fund)

- Self-Insurance Fund

Budgets are presented on the modified accrual basis of accounting for all governmental fund types, and on the accrual basis for proprietary fund types. This is consistent with Generally Accepted Accounting Principles (GAAP). Unencumbered annual appropriations lapse at the end of each fiscal year. A commitment of fund balance is established for all encumbered amounts and carried forward into the next year.

The budget is designed to help assure fiscal integrity and efficiency and to provide accountability for public funds. All school principals and department directors are required to monitor their budgets to assure that expenditures do not exceed appropriations. Users of budgeted accounts are provided with on-line detailed information to help facilitate this task. In addition, the Accounting, Budgeting, and Auditing Department is tasked with monitoring all District accounts and establishing daily controls over expenditures.

## Mission and Vision of the District

This budget was designed to meet the mission of the District which is the basis of its Strategic Plan: Every student who attends Canyons School District will graduate college- and career-ready.

The Board has adopted the following vision statement:

*Canyons School District is a public education system dedicated to delivering a high-quality education to students, valuing and rewarding the vital contributions of employees, and helping learners of all ages be prepared for meaningful life opportunities. We value transparency and collaboration in governance. We work together with families, employees and community partners to establish and maintain safe, supportive, and academically challenging school environments which strengthen neighborhoods and communities.*

Examples of efforts made to achieve the mission and long-term goals of the District during the 2025 -2026 school year are:

- For the 2025-2026 school year, the approximate number of graduates will be:
  - Alta High School - 555
  - Brighton High School - 565
  - Corner Canyon High School - 560
  - Hillcrest High School - 570
  - Jordan High School - 395
  - Diamond Ridge (Alternative High School) - 75
  - Entrada (Adult High School) - 130
  
- According to U.S. News & World rankings, all five high schools were in the top 20 in Salt Lake County.
- Brighton High junior and Color Guard Captain Sadie Andersen was one of four Utah students selected to perform in the Rose Parade in Pasadena, California on New Year’s Day.
- AVID Coordinator and Teacher Specialist, Jay Rudel, was a finalist for the first AVID Global Achievement Award.
- Bus driver Terry Brown was the first-place winner at the 2026 Utah bus driver Road-e-o after competing against 30 drivers from across the State and the first female to win in several years.

Additional 2025-2026 accomplishments include:

- Hillcrest High won its fourth straight championship at the state theater festival.
- Corner Canyon High won its third straight 6A State Championship in football. The team participated in the first Nation Championship game in Baltimore, Maryland which was broadcast on ESPN.
- Eastmont Middle school won the inaugural State's middle school debate tournament.
- The District will be finalizing the renovations at Eastmont Middle and Jordan High, the budgets for the multiyear projects were \$12.6 million and \$24.6 million, respectively.

## Strategic Plan Overview

In April 2022, the Board completed and adopted a Strategic Plan. The Plan was designed to serve as the unyielding “North Star” of the District. Any initiative considered must meet one of the Plan’s four focus areas. District resources are allocated according to the Plan’s focus area impact statements. The entire Plan is included after this summary. The four focus areas are: High-Quality Learning, Access and Opportunity, Human-Centered Supports and Operating Systems. The impact statements for the four focus areas are:

### 1 - High Quality Learning Impact Statements

- CSD graduates demonstrate mastery, autonomy, and purpose as set forth in Utah’s Portrait of a Graduate.
- All students have access to high-quality, competency-based, personalized-learning experiences with embedded and evidence-based instruction that supports the whole child.
- CSD will provide clear standards for the development of principle-based character traits, which are integrated into all student life and learning experiences.
- All educators have access to job-embedded and personalized, professional learning.

### 2 - Access and Opportunity Impact Statement

- CSD provides access to resources and opportunities that build a positive and inclusive environment for all students and parents.

### 3 - Human-Centered Supports Impact Statement

- All students, families, and employees feel safe, supported, and have a sense of belonging within their school communities.

### 4 - Operating Systems Impact Statements

- The roles, responsibilities, and accountability measures for all CSD employees are clearly defined to connect their work to the CSD strategic vision.

- CSD provides students, educators, and employees and parents the opportunity to engage in two-way communication.

Four committees, representing each focus area, meet regularly to discuss strategic initiatives. Each committee regularly reports to the Board of Education in an open meeting.

## Budget Cycle

The process of budget development is a year-round process that involves schools and departments. The Board of Education begins discussing the budget in March and invites constituent feedback on its budget before being adopted. This feedback can be gathered by small constituency meetings, accepting patron comments (including emails) at Board Meetings, and by conducting surveys regarding the priorities of the District. Below is the District’s annual budget cycle.

- September – Beginning fund balances are established once the financial audit of the Annual Comprehensive Financial Report (ACFR) for the prior fiscal year is completed. This is our starting point.
- March – The Utah Legislature completes its session so state revenue funds for education can be determined. Local and federal revenue sources are also projected. Once completed, likely revenues are known for the District to carry out its mission.
- March – Enrollment projections by school and grade level are finalized to establish FTE allocations to schools. At the same time, negotiations on salary and benefits (by far the largest expenditure category in the budget) are beginning.
- March/April – Schools and departments submit their expenditure requests. Those requests are matched against the District’s mission and objectives and are prioritized. The Board has ongoing discussions on the budget during its scheduled meetings. Patron feedback regarding the budget is welcomed at these meetings.
- Based on the latest information available and as legal deadlines approach, expenditures are fit within available revenues and the budgets are balanced.

Expenditures are budgeted to be equal to projected available revenues, which include available fund balances. Budgets are considered balanced as long as expenditures do not exceed the total of expected revenues and available fund balances. However, the District is committed to remain fiscally sound and secure in the long-term so any use of fund balance is done so prudently.

- June 1 – Tentative budget completed, posted on website and placed on file in the Business Administration Office.
- June 8 – Assessed property valuations will be received from the County to determine the certified property tax rate and debt service rate.

- June 30 – Budget adopted no later than June 30 by the Board of Education.
- August – If the Board determines to increase the tax rate above the certified tax rate, a Truth-In-Taxation hearing is held, after which the budget is adopted.
- Once adopted, the budget can be amended throughout the fiscal year, as necessary, by the Board of Education. The Board, upon recommendation of the Superintendent, can approve reductions in appropriations. An increase in appropriations requires notice published in a newspaper of the date, time, and place of a public hearing on the proposed changes. After receiving public comment, the Board can then take action on the amendments. Because there has been a legal determination made by the State Superintendent of Public Instruction that the level for which expenditures may not exceed appropriations is the total budget of a given fund, the budget of the Canyons School District is usually amended once each year, when the Board also takes action on the new fiscal year budget (prior to June 30).
- After the fiscal year is completed and the independent audit is performed, the ACFR reports the budget revenues and expenditures against actual for comparison in all governmental funds. The District strives for a close correlation between budget and actual; however, due to conservative budgeting practices an increase in the fund balance may occur. Actual fund balances are set for each fund and the budgeting process starts again.

## Student Enrollment

In 2025-2026, the District experienced a loss of nearly 800 students from the previous year. Enrollment declines are expected to continue for the next 4-5 years. The high costs of housing within the District’s communities makes it challenging for younger families with school-age children to reside within its borders. The State and nationwide drop in the birthrate is also a contributing factor for the enrollment decreases. The District is continually monitoring its enrollments both in the short- and long-terms. As enrollments drive the hiring

process, the District will be cautious to not over hire for various positions. Bella Vista Elementary will close after this current year and the students will attend either East Midvale or Ridgecrest elementary schools next year. The District will be reviewing enrollments and boundaries this year, with future

adjustments likely to occur. The above chart shows the last four years of enrollments and the estimated enrollment for 2026-2027.

## Revenues

Canyons School District governmental funds are budgeted to receive approximately 46.6% of their revenues from local property taxes, 42.4% from the State of Utah, 4.5% from the federal government, and 6.5% from other local sources, including investments. The District anticipates an increase in total revenues of \$10.6 million in 2026-2027 from the previous year. A large portion of the increase will be in property tax revenues as the District will exceed the Certified Tax Rate and hold a tax hearing to fund a cost-of-living adjustment for employees. The Capital Outlay levy rate will increase by \$4.5 million with a corresponding decrease to the Debt Service levy rate. The proposed amount of the tax increase is \$6.9 million but will net to a \$2.4 million increase after the Debt Service rate is decreased. State revenues will rise by \$6.0 million due to a 4.2% increase in the WPU value. The District will receive additional State At-Risk funding and new monies for the Early Literacy initiative. It should be noted to increase funding in these areas, the Legislature eliminated or decreased funding in other programs.

The following chart shows a five-year comparison of revenues by fund:

The State Legislature granted a 4.2% increase on the WPU and the WPU value will now be \$4,870. The following chart shows a ten-year history of the regular WPU, which has risen \$1,559 or 47.1% since 2018.

## Expenditures

Overall, expenditures of all funds are expected to decrease by \$13.7 million. Expenditures in the Capital Outlay Fund will comprise the majority of the decrease as the District purchased the former eBay headquarters in December 2024 for the new Canyons Innovation Center for \$50.0 million. Renovations have begun on the building and will open in August 2027. The General Fund expenditures will increase by \$2.7 million as the Board granted salary raises to all employee groups. However, this increase will be smaller than previous years as the District will have fewer teachers, due to the decrease in enrollment. The Debt Service Fund expenditures will remain constant. The General, Capital and Debt Service funds comprise 90.9% of all Governmental Fund expenditures. There are no significant changes in expenditures for the other governmental funds. Budgeted expenses in the Employee Insurance Fund will continue to increase due to inflationary increases in medical expenses and prescriptions.

The following chart shows a five-year comparison of expenditures by fund:

\*Note: At the end of fiscal year 2024-2025, the District reported \$2.1 million in State deferred revenues. Most of the deferred revenues are budgeted to be spent in the final revised budget; however, a similar amount of deferred revenue will likely be

reported at the end of 2025-2026. Therefore, revenues and expenditures for the final amended budget will always be overstated by the amount of deferred revenue.

### Fund Balance

To comply with the Government Accounting Standards Board (GASB) requirements, the District’s fund balance is classified by the following types:

- *Nonspendable* includes inventories and prepaid expenditures that are not expected to be converted to cash.
- *Restricted* includes net fund resources that are subject to external constraints due to state or federal laws, or externally imposed conditions by grantors or creditors.
- *Committed* balances are funds that have constraints on use imposed by the Board of Education.
- *Assigned* balances in the General Fund are those that do not meet the requirements of restricted or committed but that are intended to be used for specific purposes.
- *Unassigned* balances in the General Fund are all other available net fund resources.

General Fund Balance Classification

Inventories	\$2,079,328
Committed	
Economic Stabilization	20,641,173
Retiree Benefits	6,446,999
Compensated Absences	3,150,673
Contractual Obligations	1,250,104
Proposed Tax Increase	6,871,000
Assigned	23,158,999
Unassigned	-
<b>Total General Fund Balance</b>	<b>\$63,598,276</b>

The budgeted nonspendable, committed and assigned fund balances for the General Fund for FY 2026-2027 are shown on the previous page.

The District does not budget for an unassigned fund balance in the General Fund. This is in alignment with the concept that revenues provided to a district are intended to be used during the period for which they were generated. However, it is probable that an unassigned fund balance will occur during the 2026-2027 school year due to conservative budgeting practices. Utah law allows a maximum reserve of 5% committed of the adopted budget (53G-7-304) for economic stabilization. The law stipulates that this commitment may not be used in the negotiation or settlement of contract salaries for employees. Furthermore, the law states that the reserve cannot be used until the District’s Board of Education provides the State Board of Education with an adopted, written resolution setting forth the reasons for using the funds. House Bill 236 passed by the Legislature in 2026 requires any revenues from a proposed tax increase be held in a General Fund restricted account and not spent until the Truth-In-Taxation hearing occurs and the tax increase is approved. The Board will be committing the proposed \$6,871,000 tax increase in the General Fund. In prior fiscal years, the Board has made the following commitments:

- 5% for economic stabilization.
- Fully fund local retiree benefits based on actuarial assumptions.
- Fund all compensated absences based on annual calculations.
- The fund balances for the District Activity and Canyons Education Foundation remain in those funds.

The fund balances for the Nutrition, Capital Outlay, and Debt Service funds are restricted due to enabling legislation.

The District’s overall fund balance will decrease by \$2.3 million. The General Fund will account for the majority of the decrease as the balance is budgeted to decrease by \$4.8 million; however, due to conservative budget practices the actual decrease is expected to be less. Historically, the District’s expenditures have been 2% - 3% under-budget. The District will use the allowance in Utah Code 11-14-310(c) in which remaining Debt Service revenues can be used for technology programs or projects. A transfer of \$4.7 million from the Debt Service Fund to the General Fund is budgeted for this allowance. The Capital Outlay Fund will actually increase due to the sale of two properties currently under contract. The Employee Insurance Fund balance is budgeted to decrease by \$2.7 million. Medical and pharmacy costs have skyrocketed over the past year. The District will be increasing its share of the premiums by \$1.1 million and the employee contributions will increase by \$0.3 million. Increases will likely need to occur in the future to maintain the stability of the fund.

The chart below shows a five-year comparison of fund balances:

### Property Taxes

The tax rate for 2026-2027 is budgeted to be 0.005570, a decrease of 0.000085 or 1.52% from the prior year rate. As previously noted, the District will exceed the certified rate and hold a tax hearing. The proposed increase in the rate will generate \$2.4 million in the General Fund and \$4.5 million in the Capital Outlay Fund which will be offset by a corresponding amount in the Debt Service Fund. The increased revenues in the Capital Outlay Fund will still be used to pay general obligation debt and not for any capital projects. A transfer back into the Debt Service Fund will occur. As the debt rate is excluded from the certified rate, the District will begin converting debt revenues into capital revenues which require Truth-In-Taxation hearings. As the debt retires in the next few years, the District plans to then use the capital revenues to rebuild or renovate some aging elementary schools. The State of Utah uses a certified rate system wherein as property values increase, the tax rate is decreased to generate an equal dollar amount of revenue as the previous year. There are no inflationary adjustments within the State’s certified tax rate system. With no adjustment available, school districts are forced to increase taxes on a regular basis to capture inflation.

The chart below shows a five-year history of tax rates, note the near corresponding offsets between the Capital and Debt Service rates.

## Major Funds

The General Fund, Capital Outlay Fund and Debt Service Fund are categorized as major governmental funds because of their large dollar amounts of revenues and expenditures. These three funds account for 90.9% of all governmental fund expenditures. The following is an overview of each.

### General Fund

The District classifies expenditures into functions prescribed by the Utah State Board of Education. Their definitions are as follows:

- **Instruction** – Activities dealing directly with the interaction between teachers and students. Teaching may be provided to pupils in a school classroom, in virtual environments or other location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. Included here are the activities of aides or assistants of any type that contribute in the instructional process.
- **Student Services** – Activities that are designed to assess and improve the well-being of students and to supplement the teaching process. Examples of student services are counselors, social workers, psychologists, and nurses.

- **Staff Services** – Activities associated with assisting the instructional staff with the content and process of providing learning experience for pupils. It includes activities designed to manage, direct, and supervise the instructional program and improve the quality of instruction and curriculum. The costs of acquiring and distributing library and media resources used to support instruction are included here. This category also includes the 32 hours of paid professional time for teachers and school administrators.

- **District Administration** – Activities concerned with establishing and administering policy for the entire school system. It includes responsibilities of such areas as the Board of Education and the Office of the Superintendent.
- **School Administration** – Activities concerned with the overall administrative responsibility for a single school or a group of schools. It includes the principal, assistant principal, and other administrative and clerical staff.
- **Central Services** – Activities that support other administrative and instructional functions including business services (accounting, budgeting, and payroll) purchasing, human resources, information technology, and public relations.
- **Operational and Maintenance of Plant** – Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in an effective working condition and state of repair. Activities that maintain safety in buildings, on the grounds, and in the vicinity of schools are included.
- **Student Transportation**– Activities concerned with the transportation of students to and from school, as provided by state law.
- **Community** – Providing community education and other services to the public at-large. The three high school daycare centers and the Canyons Café are included here.

The following five-year comparison of expenditures from the General Fund is presented by function on a per pupil bases using the October 1<sup>st</sup> enrollments. Negotiated personnel pay increases account for most of the changes.

## General Fund Employees/Negotiations

Education, by nature, is a labor-intensive effort. Employee salaries and benefits comprise 89.2% of the General Fund expenditures. The District has 65.2% of its budgeted FTE's (full-time equivalents) instructing students. Another 19.2% of the FTE's are in schools supporting our students and teachers (the student, staff support and school administration functions). The schedule below shows the number of contracted FTE's for each function in the 2025-2026 final budget and the 2026-2027 budget. FTE comparisons for previous fiscal years can be found in the Information Section.

The number of teachers will be decreasing due to continued declines in student enrollments. The District will devise formulas to evaluate the support staffing positions as enrollment declines.

The District has completed negotiations with the Canyons Education Association (CEA), the Canyons Education Support Professional Association (CESPA) and its administrators (ADMIN). The major financial implications for each agreement are as follows:

- CEA** Each teacher will receive a one-step increment level increase with the increment levels remaining at \$950. The Educator Salary Adjustment will increase by \$331. A 1.85% cost-of-living-adjustment (COLA) will be provided, with 1.1% moving forward on July 1 with the remaining 0.75% being subject to the approval of the tax increase at the Truth-In-Taxation hearing. Assuming the tax increase is approved, each teacher will receive a \$2,575 pay raise and the starting salary will be \$66,825. In 2025-2026 the average teacher salary was \$79,120 and this will amount to a 3.25% increase. Salary schedules with both a 1.1% and 1.85% COLA's are found in the information section.
- CESPA** Fund step increases and a 2.25% COLA with 1.5% moving forward on July 1 with the remaining 0.75% being subject to the approval of the tax increase at the Truth-In-Taxation hearing. Assuming the tax increase is approved the starting base pay will be \$16.05 per hour. ESP employees on the top step in 2025-2026 will receive a \$750 one-time stipend in November. Salary schedules with both a 2.25% and 1.5% COLA's are found in the information section.
- ADMIN** Fund step increases and a 2.25% COLA with 1.5% moving forward on July 1 with the remaining 0.75% being subject to the approval of the tax increase at the Truth-In-Taxation hearing. Administrators on the top step in 2025-2026 will receive a one-time 1.25% stipend.

The following health insurance changes will be applicable to all three groups:

- The District's share of the premiums will increase by 3.6% or \$1,117,000. The District will cover 89.1% of the total premium costs for licensed and administrators (90.9% for ESP's) enrolled on the high-deductible plan and 77.3% (80.9% for ESP's) of the premiums for those on the traditional plans.
- The employee's share of the premiums will increase by 5.0% or \$281,000 for all groups.
- Deductibles, copays and out-of-pocket maximums will remain the same. The premium increases will take effect in January 2027

### Capital Outlay Fund

The District is consistently reviewing and updating a long-term building program to construct new schools, and renovate existing schools. The objective of this program is to provide school facilities that offer the optimum for student achievement and teacher collaboration. To begin funding the program two large bond initiatives were passed, the first in 2010 and the second in 2017. The proceeds from these bonds funded over 20 construction projects. (Note: an elementary in west Draper was included on the 2017 bond; however, student enrollment growth has lagged behind expectations and a timeline for this project has not been established).

**Canyons Innovation Center (\$26.8 million)** – The primary capital project in 2026-2027 will be the renovation of the Canyons Innovation Center (CIC). As noted in the transmittal letter, the District purchased the former e-Bay Utah headquarters in December 2024 for \$50.0 million. The property consists of 36 acres and a 240,000 square foot office and amenities building. The CIC will focus on training students for future careers in the medical, audio/visual, engineering, manufacturing, computer science and business fields. Industry partners will be on site to regular mentor students and position them for a continuous entry into the workforce. The CIC will open to students in August 2027. The renovations will primarily be funded by sales proceeds from the current CTEC property and the Crescent View property, both of which are under contract. Proceeds from the sale of two vacant properties which occurred in 2024-2025 will also go towards the renovations. The District received a \$17.2 million Catalyst grant from the State for the renovations as the Legislature is focusing on the career-ready education initiatives.

Other building and site improvements will be completed during 2026-2027. The largest projects include installing artificial turf and lighting for the Jordan High baseball field, remodeling the Alta High FACS lab, installing updated door locks at 19 elementary schools, upgrading the HVAC controls at Albion Middle, Copperview and Oak Hollow elementary schools and replacing the carpet at Ridgecrest Elementary. The artificial turf at the Alta High stadium will be replaced; however, payment will be deferred with no financing costs, until the 2027-2028 fiscal year. See the Capital Outlay financial schedules for more details.

**Capital Lease Revenue Bonds** – The District issued lease revenue bonds in 2021 and 2024 for school rebuilds and renovations. A second issuance also occurred in 2024 for the purchase of the CIC property. The bond payments are made from proceeds in the Capital Outlay Fund with all bonds scheduled to be retired by 2040, see the Capital Outlay section for payment schedules. Below is a summary for the ending lease revenue debt for 2025-2026 and 2026-2027.

**Canyons School District Lease Revenue Bonds Payable Summary**

Bonds Payable, June 30, 2025	\$ 124,495,000
Less Bond Principal Payment (2025-2026)	<u>(6,055,000)</u>
Bonds Payable, June 30, 2026	118,440,000
Less Bond Principal Payment (2026-2027)	<u>(6,360,000)</u>
Bonds Payable, June 30, 2027	<u><u>112,080,000</u></u>

**Capital Fund Improvement’s Impact on Operating Fund**

Over the past several years, the District has made multiple energy efficient upgrades in order to reduce utility costs and other costs. Updating the HVAC controls for Albion Middle and Copperview and Oak Hollow elementary schools will make each school more energy efficient.

The District is evaluating the FTE needs for operating the CIC which will open in August 2027. The proposed tax increase includes hiring two teachers for engineering and

manufacturing and to begin developing curriculum and recruiting students. Additional support staff may be needed in the 2027-2028 budget for maintenance, technology and clerical support.

### Debt Service Fund

The District has successfully passed two bonds since its 2009 creation, a \$250.0 million bond in 2010 and a \$283.0 million bond in 2017. The District has issued the full amounts from each authorization. All bonds issued by the District have received an underlying rating of “Aaa” from Moody’s Investors Service and an “AAA” rating from Fitch Ratings, the highest possible for each.

The Debt Service tax rate for all bonds payments will not exceed 0.001565. The Board committed to its citizens it would not exceed that rate if the 2017 election was authorized. The debt rate is budgeted to be 0.001027 and well-below that threshold. Tax revenues in the Capital Outlay Fund are proposed to increase by \$4.5 million with a corresponding decrease in the Debt Service Fund, therefore a transfer of that amount from the Capital Outlay Fund will be needed to service the debt.

The current unused legal debt capacity is estimated to be \$2.5 billion. The general obligation bonded debt is limited by Utah law to 4% of the fair market value of the total taxable property. Long-term borrowing will be confined to capital facilities projects and purchases of equipment, as required by law. In the 2025-2026 fiscal year the District refunded \$25.4 million of bonds issued in 2015 which will generate a net present value savings of \$1.1 million over the remaining life of the bonds. See the payment schedules in the Debt Service section for more details. Below is a summary for the ending bonded debt for 2025-2026 and 2026-2027.

## Budget Forecasts

Three-year budget forecasts for all governmental funds and the internal service fund are shown in the financial section.

The following chart is a summary of all governmental funds and internal service fund budget expenditure forecasts for fiscal years 2027-2030. The forecasted years are for informational purposes only, based on trend data, and are not used for planning purposes. While each year presents distinct budget challenges, the District is committed to operating within its available resources.

## Budget Awards

### Association of School Business Officials International

The Association of School Business Officials International (ASBO) has awarded a Meritorious Budget Award to Canyons School District for excellence in the preparation and issuance of a school system annual budget for the fiscal year beginning July 1, 2025. This was the sixteenth consecutive year the District received this prestigious award. The Meritorious Budget Award Program is voluntary and designed by school business management professionals to enable school business administrators to achieve a standard of excellence in budget presentation. The Meritorious Budget Award is only conferred to school systems that have met or exceeded the Award Program criteria. Canyons School District's budget for the fiscal year beginning July 1, 2026, is also believed to conform to all ASBO program requirements and will be submitted to ASBO for evaluation and commendation.

### Government Finance Officers Association

The Government Finance Officers Association (GFOA) awarded a Distinguished Budget Presentation Award to Canyons School District for its annual budget for the fiscal year beginning July 1, 2025. This was the sixteenth consecutive year the District received this prestigious award. To qualify for this award, a governmental unit must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan, and a communication device. This award is valid for a one-year period. Canyons School District's budget for the fiscal year beginning July 1, 2026, is believed to conform to all program requirements and will be submitted to GFOA for evaluation and commendation.

Both budget awards are shown in the following pages.

### Strategic Plan

After the two awards is the Strategic Plan. The Plan was adopted in April 2022 and will serve as the guide for all District initiatives. Aligning priorities and resources to the four focus areas will be an emphasis for the 2026-2027 school year and beyond.

## SCHOOL DISTRICT

## About Our Strategic Plan

Since its creation in 2009, Canyons District has endeavored to provide world-class educational opportunities to the community by leading students to high levels of achievement, encouraging innovation in the classroom, providing strong customer service, engaging with the community, and displaying fiscal accountability.

While the last 13 school years have been remarkable, we are looking to the future. To further the vision, mission, and tenets of Canyons District, the Canyons Board of Education and Administration have been developing a strategic plan to guide CSD's direction for the coming decade and beyond. Throughout the year-long development process, great effort was made to incorporate CSD teaching and learning strategies while also reflecting the vision of our community. We thank the students, educators, parents, and local government officials who participated in surveys, focus groups, and other forums.

The strategic plan is focused on high-quality learning, access and opportunity, human-centered supports, and operating systems. Our hope is that you will become familiar with the plan, recognize when initiatives line up with objectives, and hold us accountable for its implementation.

The reflection and introspection required to write a strategic plan has resulted in conversations that we believe will lead Canyons District schools and programs to even greater heights. As the Board of Education and Administration of Canyons District, we thank the community for their participation in the creation of the plan, and express appreciation for your partnership in this noble endeavor of educating our community's children.

# Canyons School District Tenets

## Community Engagement

Making a difference through volunteer efforts, responsible SCC leadership, developing business relationships, and communicating Board actions.

## Customer Service

Providing phenomenal service to taxpayers, stakeholders and constituents, representing Canyons in the best possible way in our public interactions.

## Fiscal Accountability

Holding strong to Canyons District's commitment to always be fiscally responsible and legally compliant.

## Innovation

Utilizing technology to provide better learning opportunities and discovering new ways to promote student and employee learning.

## Student Achievement

Preparing all Canyons students to be career and college ready through evidence-based strategies for improvement.

## Core Values

- We aspire to continuously improve
- We believe everyone can learn
- We build public trust and confidence through transparency
- We strive for excellence
- We are guided by evidence while encouraging innovation and creativity
- We collaborate to deliver the best outcomes
- We act with integrity and build relationships through mutual respect
- We care deeply about what we do and how we do it

## Mission Statement

Every student who attends Canyons School District will graduate college- and career-ready.

## Vision Statement

Canyons School District is a public education system dedicated to delivering a high-quality education to students, valuing and rewarding the vital contributions of employees, and helping learners of all ages to be prepared for meaningful life opportunities. We value transparency and collaboration in governance. We work together with families, employees and community partners to establish and maintain safe, supportive, and academically challenging school environments which strengthen neighborhoods and communities.

# HIGH-QUALITY LEARNING

## Impact Statement:

Canyons School District graduates demonstrate the mastery, autonomy, and purpose as set forth in Utah's Portrait of a Graduate.

## Strategic Initiative:

CSD will foster the skills and characteristics for students to achieve success in the post-secondary pathways of their choice.

## Success Criteria

- CSD classrooms teach creativity, innovation, collaboration, communication, curiosity, critical-thinking, and problem-solving.
- CSD promotes an atmosphere of learning where teachers and students feel safe to be creative and innovative.
- Classroom instruction develops the ability of students to demonstrate proficiency of skills and depth of knowledge.

## Impact Statement:

All students have access to high-quality, competency-based, personalized-learning experiences with embedded and evidence-based instruction that supports the whole child.

## Strategic Initiative:

All students will have access to engaging, challenging, and diverse pathways for successful learning in each CSD school.

## Success Criteria

- CSD classrooms embed STEAM (science, technology, engineering, arts, and mathematics) principles, interactive learning experiences, arts integration, and cross-curricular, hands-on, and evidence-based learning.
- CSD classrooms incorporate healthy physical movement, both indoors and outdoors.
- CSD classroom instruction challenges learners of all levels.

## Strategic Initiative:

CSD will develop an engaging and competency-based K-12 model.

## Success Criteria

- The purposes and benefits of a competency-based K-12 model are communicated clearly to students, parents, and CSD employees.
- CSD provides school communities and teachers with resources and training to implement the competency-based K-12 model.

**Impact Statement:**

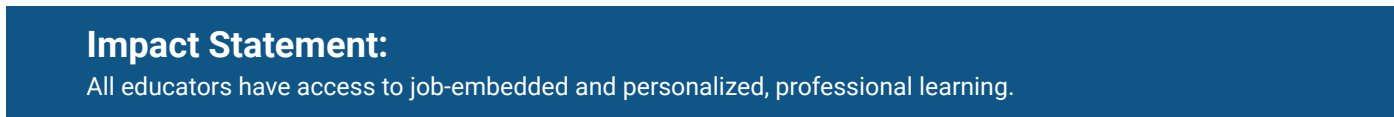

CSD provides clear standards for the development of principle-based character traits which are integrated into all student life and learning experiences.

**Strategic Initiative:**

Standards will be developed to guide all CSD classrooms and extracurricular activities in providing meaningful life experiences that cultivate hard work, resilience, lifelong learning, honesty, integrity, responsibility, service, respect, and personal growth.

**Success Criteria**

- Elective course offerings and extra-curricular activities align with the characteristics of Utah’s Portrait of a Graduate.
- CSD regularly assesses feedback from students, parents, and employees on the implementation of the standards.

**Impact Statement:**

All educators have access to job-embedded and personalized, professional learning.

**Strategic Initiative:**

CSD will create opportunities for all educators to participate in effective, collaborative teams, such as Professional Learning Communities.

**Success Criteria**

- Educators participate in Professional Learning Communities that reflect their teaching discipline.
- Data is used by Professional Learning Communities to evaluate student learning and inform instruction as it aligns with Utah’s and CSD’s standards and characteristics of Utah’s Portrait of a Graduate.

**Strategic Initiative:**

All educators have access to mentoring and coaching to meet their individual and professional goals.

**Success Criteria**

- All educators participate in ongoing coaching with mentors assigned as needed.
- All educators set measurable goals and self-reflect to realize their professional potential.
- Educators have opportunities to provide feedback to mentors, coaches, administrators, and the Canyons Board of Education.
- CSD demonstrates high levels of job satisfaction and teacher retention.

# ACCESS & OPPORTUNITY

## Impact Statement:

CSD provides access to resources and opportunities that build a positive and inclusive environment for all students and parents.

## Strategic Initiative:

CSD schools provide opportunities and experiences designed to build understanding and advocacy of all students. This is characterized by a focus on multilingual students, special education, Section 504, and advanced learners.

## Success Criteria

- Students have access to various learning modalities and programs to build positive relationships and life skills.
- Parents and community members are aware of the resources and programs the District provides.
- Schools and community organizations partner to provide opportunities for parent, student, and employee engagement with their school.
- Families receive preparation and information to ensure a smooth transition for their students from one educational level to the next.
- CSD educators have access to personalized professional training focused on multilingual, Special Education, Section 504, and advanced learners.

## Strategic Initiative:

CSD will create an environment that provides equitable access to resources for individual student needs.

## Success Criteria

- CSD focuses on the needs of every CSD school and program when distributing resources.
- The distribution of resources is structured to promote increased academic achievement in all student populations.

# HUMAN-CENTERED SUPPORTS

**Impact Statement:**

All students, families, and employees feel safe, supported, and have a sense of belonging within their school communities.

**Strategic Initiative:**

CSD will provide support for the physical, social, and psychological safety of students and staff.

**Success Criteria**

- Students feel welcome, safe, and a sense of belonging in their school.
- Teachers provide students with opportunities for connection through inclusive activities and relationship building.
- Employees are adequately trained to model the skills necessary to provide a safe and supportive learning environment.
- CSD provides opportunities for parents and employees to engage in discussions related to social, emotional, and mental health supports for students.

**Strategic Initiative:**

CSD will implement tiered systems to support the social, emotional, and mental well-being of students, and that foster honesty, integrity, responsibility, hard work, resilience, lifelong learning, personal growth, service, and respect.

**Success Criteria**

- CSD schools clearly identify, define, and communicate interventions that support the social, emotional, and mental well-being of students.
- Students, families, and employees have access to opportunities and resources to support social and emotional health and the development of enduring life skills.

# OPERATING SYSTEMS

## Impact Statement:

The roles, responsibilities, and accountability measures for all CSD employees are clearly defined to connect their work to the CSD strategic vision.

## Impact Statement:

CSD provides students, educators, employees, and parents the opportunity to engage in two-way communication.

## Strategic Initiative:

CSD departments and committees will have a clear understanding of their purpose, reporting, organizational structure, and support.

## Strategic Initiative:

CSD will assess, identify, and use effective communication channels to share information across the District.

## Success Criteria

- CSD departments and committees are mapped to align with strategic vision and Board goals.
- CSD provides the necessary support for individuals to be successful in their roles.
- CSD departments and committees have adequate tools and resources to do their job effectively.

## Success Criteria

- CSD employees are heard and supported in their roles and responsibilities through effective and feasible feedback loops.
- Parents are heard and supported in their role through effective and feasible feedback loops.
- CSD employees and constituents are well-informed about District news, major developments, events, strategic goals, policy, programs, practices, and budget decisions.

### Assumptions:

Property taxes and vehicle fees have been projected using a 3.5% growth rate. Interest rates and income are assumed to be constant. The State increased the WPU value by 4.2% for 2027. Due to a strong statewide economy a 4.0% increase is assumed for the future years. District enrollment projections indicate that student enrollment will decrease in future years. The slow rate of enrollment growth will slow the growth in instructional expenditures -- a 3.0% rate of growth has been assumed. All other functional expenditures are expected to grow at a rate of 2.0% as the district evaluates future support costs. As salary and benefits comprise the largest expense percentage, the District will ensure these expenditures do not exceed available revenues in any given year. This will be accomplished through the annual negotiation process with the employee groups. The District plans to use the allowance in Utah Code 11-14-310(c) in which remaining Debt Service revenues can be used for technology programs and projects as shown through transfers in for years 2028-2030. The District feels it's well positioned for future years due it's flexible fund balance and its conservative budget practices as actual expenses are typically 2.0% - 4.0% below the amount budgeted.

### Assumptions:

The fund includes all monies that flow through the individual school accounts including athletic programs, class fees, fundraising, student activity fees, etc. As the District can no longer charge a registration fee, the fees for art and sports programs will need to be regularly increased to ensure they cover the programs costs, a 3% increase is projected. As the District has an above-average balance in this fund, it will be able to make adjustments in the next few years. School principals are charged with the responsibility of spending within the revenues their school generates.

## ***Pass-Through Taxes Fund***

---

The District is required to report on the property taxes transferred to community and redevelopment agencies. The intention of these taxes is to assist the municipalities in growing the infrastructure and thereby attract businesses, which in turn, will increase the District's tax base in future years. Taxes collected for Charter Schools are also shown in this fund. The State annually assesses a Charter School Replacement levy which appears on the tax statements. The fund balance will always be zero as the District does not possess these funds.

### Assumptions:

State and Federal revenues are projected to increase by 3.0%, interest which will remain constant. For the first time in seven years the District will increase lunch prices and future increases are likely due to the increase costs in labor and food. A 5.0% increase is projected moving forward. All expense categories are projected to increase by 2.0%. Additionally, if the fund approaches a negative balance, a transfer from the General Fund will need to occur. However, it's unlikely this will occur due to the District's history of conservative budgeting.

### Assumptions:

Property tax and fee-in-lieu revenues are expected to grow at 3.5% each year. Interest income and rates will remain constant. The District purchased the eBay Utah headquarters and will be converting the property into an Innovation Center that will open in August 2027. The District is under contract to sell existing property and will be receiving a \$17.2M Catalyst grant from the State both of which will be used to fund the renovations. The District will be converting \$4.5 million of property taxes from Debt Service to Capital Outlay, it will then transfer the funds back to the Debt Service Fund for bond payment. As the debt is retired in the early 2030's, the District will begin rebuilding/renovating some of its aging elementary schools. The District continually assess its capital facilities needs and other minor projects are expected to occur. The District will continue to balance its capital expenditures within available revenues. The District is fortunate to have completed the majority of its construction projects before the major cost increases and its facilities are in a solid position for the near future.

## ***Debt Service Fund***

---

The Debt Service Fund provides revenue to service the debt on the bonds sold to finance new school construction, purchase property for future school sites, and make major building and school renovations. The voting electorate approved bond authorizations in 2010 for \$250 million and in 2017 for \$283 million. In recent years the District has refunded bonds issued from the 2010 election. The repayment timelines are shown on the following schedules.

### Assumptions:

Interest is expected to remain constant. Property tax revenues for this fund are expected to remain relatively flat so the fund balance doesn't exceed 1/12th of the annual debt service, only a 0.5% increase is projected. The District's debt tax rate will not exceed 0.001565 as this was the rate the District promised the voting electorate that it wouldn't exceed if they authorized the District to issue \$283 million in bonds in 2017. The District will begin converting Debt Service property taxes to Capital Outlay taxes. The revenue will then be transferred back to service the debt. As the debt is retired in the early 2030's the District will then use the proceeds to renovate or rebuild some aging elementary schools. In 2021-22 the District began using the allowance in Utah Code 11-14-310(c)(i) which allows revenues remaining from a debt service tax to be used for the district's technology programs or projects. For 2028-2030 transfers to the General Fund are forecasted for \$3.8M, \$3.5M and \$2.0M, respectively, for this purpose.

## ***Employee Benefits Self-Insurance Fund***

---

The Self-Insurance Internal Service Fund was created to account for the costs of the District's self-insured plans for medical and accident insurance and industrial insurance. Annual premiums are charged to the other funds based upon total projected expenditures. Benefit payments plus an administrative charge are made to third-party administrators who approve and process all claims.

### Assumptions:

The Self-Insurance Fund is funded from premiums charged to other funds, primarily the General Fund. Healthcare and prescription expenses continually rise, a 4.5% increase is assumed for each. Through the negotiations process with the employee groups, health insurance premiums are agreed upon for both the District and employee share. In future years, the health plans can also be modified meaning the employee's can pay higher deductibles and increased out-of-pocket maximums. In 2027 premiums increased by \$1.4 million shared between the District (\$1.1M) and employees (\$0.3M) The District's goal is to maintain a balance of 3-4 months worth of claims and with costs increasing the District and employee shares will have to increase in future years.

\*These schools are Jordan Valley, Canyons Transition Academy, South Park, Entrada and Diamond Ridge. Their enrollments are expected to remain constant in future years.

\*\* Bell View and Edgemont were combined into the new Glacier Hills in 2022-23

\*\*\* Bella Vista will be closed starting in the 2026-27 school year and students will attend either East Midvale or Ridgecrest.

The Cohort Survival Projection Method is used to calculate the enrollment for future years and the following factors were used:

- 1- The current enrollment trend as shown by a four-year enrollment history by school.
- 2-The number of students who continue in the system from one year to the next.
- 3-The number as the continuing students moved forward one grade.
- 4-The number of students transferring to other districts on group permits,
- 5-The number of housing starts within each geographic area and the estimated number of students per new household.

## Impact of Budget on Taxpayers Based on the Average Home Valuation Within the District

	<i>Actual</i> <b>2022-2023</b>	<i>Actual</i> <b>2023-2024</b>	<i>Budget</i> <b>2024-2025</b>	<i>Final</i> <b>Budget</b> <b>2025-2026</b>	<i>Budget</i> <b>2026-2027</b>

Property Tax Increase (Decrease) From Prior Year	\$ 251.77	\$ (112.94)	\$ 147.63	\$ 106.98	\$ 31.77

The above schedule is based on the average home value in the District. In 2022 home values spiked by 30% which increased the District's average home value to \$649,100. There have been steady increases since then with the average value being \$740,200 in 2025 and another increase is expected in 2026 (a 3% or \$762,000 is assumed).

The District will be holding a tax hearing to increase property tax revenues. The proposed amount of the increase in revenues is \$6.9 million (the Capital Outlay rate will increase by \$4.5 million with a corresponding decrease in the Debt Service rate, the net revenue increase for the District will be \$2.4 million). For the average home of \$762,000 the total tax increase will be \$31.77 compared to 2025. The certified rate, as defined by state law provides the same tax revenues from one year to the next. There is no inflationary increase in the certified rate. For this reason the District must regularly increase taxes to recapture inflationary costs.

Changes in home values will impact the taxes owed. If a home's value increases at a percentage less than the District-wide average (or decreases in value) Canyons the tax impact will likely be less. If however, a home's value increases at a higher percentage than the District-wide average, the tax impact will be more. The Salt Lake County Assessor's office reappraises homes in the County on an on-going basis. Changes in the value of a home may result in a higher tax bill for individual homeowners than shown above.

# Canyons School District

## Financial Impact of Full Time Equivalent (FTE) - Contract Employees Only

The primary activity of any public education institution is to educate children. The delivery of services involved in educating children is a labor intensive effort. It stands to reason that the cost of hiring and employing the necessary staff to deliver the necessary services would be the primary expenditure of the District. In fact, salary and benefit expenditures represent approximately 89% of the General Fund expenditures. Within the salary and benefit expenditures, the District is committed to its mission statement that all students will graduate college-and career-ready. There is no basis of fact of a top heavy administration within the Canyons School District.

The Board of Education and District administration reviews, evaluates and balances FTE allocations to best meet the initiatives outlined in its Strategic Plan.

## Licensed Salary Schedule-L186 (2026-2027)

August 10, 2026 - May 27, 2027

186 Days - Full Time 8 Hours Per Day

*(16 hours of preparation time, outside of contracted days, are included in the base contract.)*

### Salary Placement

To determine an educator's initial salary placement:

- ◆ Identify the educator's "Education Enhancement" Increment Level
- ◆ Add previous contracted licensed work experience from an accredited school system, up to fifteen years, each year equating to an Increment Level
  - Two half years, with at least one of the years being a minimum of 92 days, will be added together to equal one year/Increment Level
  - Educator's experience in Canyons District receives full credit
  - Educators who have retired with the Utah Retirement System (URS) may receive up to fifteen (15) Increment Levels for experience
- ◆ Add one (1) Increment Level

### Education Enhancement

To determine the educator's "Education Enhancement" Increment Level:

- ◆ Identify the educator's degree attainment from an accredited university
 

Bachelor's Degree	n/a
Master's Degree	+6 Increment Levels
Doctorate Degree	+6 Increment Levels
- ◆ Identify semester hours awarded after July 1, 2017, not used for the degree(s) identified above, and which are relevant to education and/or the educator's assignment. Note: Educators with multiple degrees are also placed using the same/following criteria.
 

20 semester hours	+1 Increment Level
40 semester hours	+1 Increment Level
60 semester hours	+1 Increment Level
80 semester hours	+1 Increment Level

*Example: A newly hired educator with a Master's Degree and +20 semester hours with four years of experience would be placed on Increment Level twelve (12), contingent upon verification of education and experience.*

### Salary Schedule Information

- ◆ An Educator Salary Adjustment (ESA) of \$10,661 and a Teacher and Student Success Act (TSSA) of \$1,110 are included as part of the Base Contract. Thirty-two (32) additional hours of pay are available to CACTUS licensed employees for personal professional development at the educator's Hourly Rate. All are dependent upon continued legislative funding.
- ◆ Cost of Living Adjustment (COLA) is calculated on the mid-point of the salary schedule, Increment Level 20, minus ESA and TSSA funds. The dollar difference between Increment Levels is \$950.
- ◆ The Base Contract is prorated based upon the number of days remaining in the contract.
- ◆ Educators with current National Board Certification for teaching will be paid a stipend of \$2,000 in addition to their Base Contract. Other approved National Board Certifications will be paid a stipend of \$1,000.

- E. Title One School Administrator - Summer Differential - 5.0% of base contract
- F. Principal, Assistant Principal and Intern Assistant Principal Cell Phone Stipend - \$100 monthly (not URS eligible)
- G. Administrators on top step in 2025-26 will receive a 1.25% stipend in 2026-27 on base contract

Notes:

Base Contract prorated according to # of days remaining in contract.  
 Pursuant to 53G-11-518, "an employee may not advance on an adopted wage or salary schedule if the employee's rating on the most recent evaluation is at the lowest level of an evaluation instrument" i.e., "Not Effective."  
 All administrators are expected to be available to supervisors and work associates, via cell phone/mobile device, at all times.  
 The "Activities" and/or "Summer" Differential compensates the administrator for hours worked outside of normal work hours. Administrators may not trade night or weekend work time for regular contract time. This stipend is not considered for salary placement purposes if an administrator changes positions and/or levels.

## Licensed Salary Schedule-L186\* (2026-2027)

August 10, 2026 - May 27, 2027

186 Days - Full Time 8 Hours Per Day

*(16 hours of preparation time, outside of contracted days, are included in the base contract.)*

### **Salary Placement**

To determine an educator's initial salary placement:

- ◆ Identify the educator's "Education Enhancement" Increment Level
- ◆ Add previous contracted licensed work experience from an accredited school system, up to fifteen years, each year equating to an Increment Level
  - Two half years, with at least one of the years being a minimum of 92 days, will be added together to equal one year/Increment Level
  - Educator's experience in Canyons District receives full credit
  - Educators who have retired with the Utah Retirement System (URS) may receive up to fifteen (15) Increment Levels for experience
- ◆ Add one (1) Increment Level

### **Education Enhancement**

To determine the educator's "Education Enhancement" Increment Level:

- ◆ Identify the educator's degree attainment from an accredited university
 

Bachelor's Degree	n/a
Master's Degree	+6 Increment Levels
Doctorate Degree	+6 Increment Levels
- ◆ Identify semester hours awarded after July 1, 2017, not used for the degree(s) identified above, and which are relevant to education and/or the educator's assignment. Note: Educators with multiple degrees are also placed using the same/following criteria.
 

20 semester hours	+1 Increment Level
40 semester hours	+1 Increment Level
60 semester hours	+1 Increment Level
80 semester hours	+1 Increment Level

*Example: A newly hired educator with a Master's Degree and +20 semester hours with four years of experience would be placed on Increment Level twelve (12), contingent upon verification of education and experience.*

### **Salary Schedule Information**

- ◆ An Educator Salary Adjustment (ESA) of **\$10,661** and a Teacher and Student Success Act (TSSA) of **\$1,110** are included as part of the Base Contract.
 

Thirty-two (32) additional hours of pay are available to CACTUS licensed employees for personal professional development at the educator's Hourly Rate. All are dependent upon continued legislative funding.

## Glossary

**Accounting System** – The total structure of records and procedures that discover, record, classify, and report information on the financial position and operations of a school district or any of its funds, balanced account groups and organizational components.

**Accrual Basis** – The basis of accounting under which revenues are recorded in the accounting period in which they are earned and become measurable and expenses are recorded in the period incurred, if measurable, notwithstanding that the receipt of the revenue or the payment of the expense may take place, in whole or in part, in another accounting period. (The accrual basis of accounting is appropriate for proprietary funds and non-expendable trust funds.)

**Accrued Expenses** – Expenses incurred during the current accounting period but which are not paid until a subsequent accounting period.

**Accrued Revenue** – Revenue measurable and available or earned during the current accounting period but which is not collected until a subsequent accounting period.

**ADM (Average Daily Membership)** – The average number of students in membership for a 180-day school year. Each student who remains in membership for 180 days equals one ADM.

**Allocation** – An amount (usually money or staff) designated for a specific purpose or program.

**Amortization** – A period in which a debt is reduced or paid off by regular payments.

**Appropriation** – An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and time it may be expended.

**Assessed Value** – An estimate of the dollar value of property within a political division upon which taxes may be assessed.

**Asset** – A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

**Assigned Fund Balance** – These are balances in the General Fund that do not meet the requirements of restricted or committed fund balance, but that are intended to be used for a specific purpose.

**Attendance Rate** – The average daily student attendance expressed as a percent.

**Audit** – A methodical examination and/or review.

**Balance Sheet** – A summarized statement, as of a given date, of the financial position of the district per fund and/or all funds combined showing assets, liabilities, reserves, and fund balance.

**Balanced Budget** – A budget in which estimated revenues and other funds available (including Beginning Fund Balance) equal or exceed planned expenditures.

**Basic School Program** – The fundamental services which comprise the educational program for students in grades kindergarten through 12.

**Board of Education** – The governing body of a school district comprised of elected representatives. The Canyons School District Board of Education (the Board) consists of seven members elected for four-year terms. The Board elects officers from within its own membership. The Board appoints a superintendent and business administrator as the District's chief executives to prescribe rules and regulations necessary and proper for the effective and efficient administration of the District's day-to-day operations.

**Bond** – A written promise to pay a specified sum of money (the face value) at a fixed time in the future (maturity date), together with periodic interest at a specified rate.

**Bond Premium** – The amount received in excess of the face value of bonds issued.

**Budget** – A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the proposed means to finance them.

**Business Administration** – The function classification assigned to those activities dealing with the financial operations and obligations of the district. These activities include accounting, budgeting, internal auditing, payroll, and purchasing. When combined with the Personnel, Planning, and Data Processing function classification it is referred to as Central Services.

**Capital Outlay** – Expenditures resulting in the acquisition of or addition to fixed assets.

**Career and Technical Education** – Career exploration, guidance, technical skill and related applied academics training to prepare students to enter technical jobs directly out of high school, or to prepare them for further training in technical career fields. The six broad areas of applied technology education are: agriculture, business, health sciences and technologies, home economics, marketing, and trades and industry.

**Central Services** – The combination of the Business Administration and the Personnel, Planning, and Data Processing function classifications. These activities support each of the other instructional and supporting services programs.

**Certified Tax Rate** – The property tax rate that will provide the same tax revenue for the school district as was received in the prior year, exclusive of new growth, except that the certified tax rate for the minimum school program basic levy will be the levy set by law, and the debt service levy will be that required to meet debt service requirements. Therefore, increases in the basic and debt service levies do not cause a school district to exceed its certified tax rate.

**Certificated Personnel** – This is a formal term for teachers or educators. These employees are also sometimes referred to as licensed personnel.

**Classified Personnel** – This is a formal term for staff whose job functions are ancillary to the direct education of students, such as bus drivers, cooks, secretaries, custodians, and receptionists. The employees are also referred to as Educational Support Professionals (ESP).

**Committed Fund Balance** – The portion of fund balance that has constraints on use imposed by the Board of Education.

**Curriculum** – The ordering of the content that allows students to acquire and integrate knowledge and skills.

**Debt** – An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants, and notes, etc.

**Debt Service** – Expenditures for the retirement of debt and expenditures for interest on debt, except principal and interest of current loans.

**Deferred Revenues** – Amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable but not available.

**Depreciation** – Expiration in the service life of fixed assets, other than wasting assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. Depreciation is appropriate for funds accounted for on the accrual basis.

**District Administration** – The function classification assigned to those activities concerned with establishing and administering policy in connection with operating the district. These include the board of education, superintendent and assistant, auditor services, legal services and their necessary secretarial support.

**Drop-out Rate** – An annual rate reflecting the percentage of all students enrolled in grades 7-12 who leave school during the reporting period and are not known to transfer to other public or private schools.

**Educational Support Professionals (ESP)** – This is a formal term for staff whose job functions are ancillary to the direct education of students, such as bus drivers, cooks, secretaries, custodians, and receptionists. Also referred to as classified employees.

**Employee Benefits** – Compensation, in addition to regular salary, provided to an employee. This includes such benefits as health insurance, life insurance, long-term disability insurance, and retirement.

**Encumbrances** – Obligations in the form of purchase orders, contracts, or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when the actual liability is set up.

**Enrollment** – The number of pupils enrolled on October 1 within the budget year.

**Enterprise Funds** – Funds established to account for operations financed and operated in a manner similar to private business enterprises. In this case, the governing body intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

**Equipment** – An equipment item is a movable or fixed unit or furniture or furnishings meeting all of the following conditions:

- It retains its original shape and appearance with use
- It is non-expendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it rather than replace it with an entirely new unit
- It represents an investment of money that makes it feasible and advisable to capitalize the item
- It does not lose its identity through incorporation into a different or more complex unit or substance. (Example: A musical instrument, a machine, an apparatus, or a set of articles.)

**Expenditure** – Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

**Fair Market Value** – The amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having a reasonable knowledge of the relevant facts, and includes the adjustment for any intangible values. For purposes of taxation, “fair market value” shall be determined - where there is a reasonable probability of a change in the zoning laws affecting that property in the tax year in question and the change would have an appreciable influence upon the value.

**Fee-in-lieu Property** – Any of the following personal property: motor vehicles, watercraft, recreational vehicles, and all other tangible personal property required to be registered

with the state before it is used on a public highway, on a public waterway, on public land, or in the air.

**Fiduciary Funds** – Funds used to report assets held in a trustee or agency capacity for others and which, therefore, cannot be used to support the government’s own programs.

**Fiscal Year** – A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. Canyons School District’s fiscal year begins on July 1 and ends on June 30.

**Fixed Assets** – Land, buildings, machinery, furniture, and other equipment which the school system intends to hold or continue in use over a long period of time. “Fixed” denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

**FTE (Full-Time Equivalent)** – An employee hired to fill a normal contract day is equivalent to one FTE (e.g., a classroom teacher teaches a full day for the full school year equals one FTE).

**Full Value** – Asset is valued at market value.

**Function** – The dimension of the accounting code designates the purpose of an expenditure. The activities of the school district are classified into broad areas or functions as follows: Instruction, support services, community services, facilities acquisition, construction, etc.

**Fund** – A fund is an independent fiscal accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, revenue, and expenditures.

**Fund Balance** – The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund’s assets and estimated revenues for the period over its liabilities, reserves, and appropriations for the period.

**GAAP (Generally Accepted Accounting Principles)** – Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity.

**GASB (Governmental Accounting Standards Board)** – The authoritative accounting and financial reporting standard-setting body for government entities.

**General Fund** – The governmental fund used by the district to account for all financial resources applicable to the general operations of the district which are not restricted or designated as to use by outside sources and which are not required to be accounted for in another fund. Also known as the maintenance and operation fund.

**Governmental Funds** – Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities, except those accounted for in proprietary funds and fiduciary funds. In essence, these funds are accounting segregation of financial resources. The general fund, special revenue funds, capital projects fund, and debt service fund are classified as Governmental Fund Types. Generally speaking, these are the funds used to account for tax-supported activities.

**Increment** – An enlargement in salary provided for experience. Also referred to as a step increase. The number of salary increments available varies according to job classification.

**Indirect Costs** – Those elements of costs necessary in the production of a good or service which are not directly traceable to the product or service (e.g. utilities, central services, property services).

**Instruction** – Activities dealing directly with the interaction between teachers and students. Teaching may be provided for pupils in a school classroom, in another location such as home or hospital, and in other learning situations such as those involving other medium such as television, radio, telephone, internet, and correspondence. Included in this classification are the activities of aides or assistants who assist in the instructional process.

**Instructional Staff Support Services** – The function classification assigned to those activities associated with assisting the instructional staff with the content and process of providing learning experiences for pupils. These activities include in-service, curriculum development, libraries and media centers. Directors of school performance, special education, student services and others are included here.

Subcategories of support services include students, instructional, school administration, district administration, central services, operation and maintenance of plant, and student transportation.

**Supplies** – A supply item is any article or material meeting any one or more of the following conditions:

- It is consumed in use
- It loses its original shape or appearance with use
- It is expendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to replace it with an entirely new unit rather than repair it
- It is an inexpensive item, having characteristics of equipment whose small unit cost makes it inadvisable to capitalize the item
- It loses its identity through incorporation into a different or more complex unit or substance

**Supplies and Materials** – Supplies and materials include textbooks, library books, and other instructional materials, office supplies, building maintenance parts, gasoline, tires, and custodial supplies. With the exception of some unique areas such as maintenance supplies and transportation-related expenses, most materials are established in relation to the student population.

**Taxes** – Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit. The term includes licenses and permits. It does not include special assessments.

**Tax Rate** – A rate of levy on each dollar of taxable value of taxable property except fee-in-lieu properties.

**Taxable Value** – The fair market value less any applicable reduction allowed for residential property.

**Teacher/Pupil Ratio** – The average number of students required to hire one teacher. Actual class sizes may vary widely according to subject, enrollment patterns, and other factors.
