**FINDING BY CHIEF PROCUREMENT OFFICER
CANYONS SCHOOL DISTRICT**

Research has been conducted to find out if there are additional suppliers that may sell the Mathematics Vision Project (MVP) and Illustrative Math programs. These curriculum adoptions have been researched by a team from Instructional Supports and approved by the School Board. Illustrative Math was presented to the School Board on February 6, 2018 and MVP on November 13, 2018. Bid # 20DN15SS was placed on BidSync to solicit additional competition and there were no other offers.

It is the finding of the Chief Procurement Officer that the supplier Open Up Resources is the only source of supply for Illustrative and MVP. This finding will be effective for Canyons School District from January 14, 2020 – January 14, 2025. The Purchasing department will then review this finding and determine if any additional suppliers have entered the marketplace or if this will remain a sole source and extend the finding.

As Chief Procurement Officer, I find that it is in the best interest of the District to have this finding on file in order to allow the high schools to purchase this service as required without obtaining two (2) quotes.
