**FINDING BY CHIEF PROCUREMENT OFFICER
CANYONS SCHOOL DISTRICT**

All five of the Canyons School District high schools use Jostens (currently on State Contract AV2327) to publish their school yearbooks. Jostens offers a yearbook summer camp for student yearbook staff members. This camp offers training for photography, Photoshop, and other software programs that are necessary when putting together a Jostens yearbook.

This is an overnight camp for which the participants pay a fee of \$365.

As Chief Procurement Officer, I find that it is in the best interest of the District to approve Jostens as a sole source for yearbook summer camp for any school that is using Jostens to publish their annual yearbook. This finding is good through July 31, 2023 or until the school stops using Jostens for their yearbook, whichever comes first.
