- A. Policy Update: Policy 300.01-School Access (discussion of visitor management protocols) (Second Reading, Possible Action) – Jeff Christensen, Assistant Legal Counsel

The Policy Committee is recommending an update to the School Access policy by including school visitor management protocols. All visitors will be required to enter the school facilities through the front office, report immediately to the front office-controlled access point reception area and present valid government issued identification or other acceptable identification. Mr. Christensen reviewed Exhibit 1 which outlines approved forms of identification and protocols for visitors without physical photo identification. Protocol for employee facility access and parent, visitor and community accessed were reviewed. Exhibit 2 addresses exceptions to visitor management protocols.

MOVED: Katie Dahle moved to approve Policy 300.01-School Access. Holly Neibaur-Hayes seconded the motion. The motion passed unanimously.

B. Strategic Plan Focus Group Report: High Quality Learning – Mindy Robison, Assistant Superintendent

Portrait of a Canyons Scholar is one of the High-Quality Learning committee's priorities. The 2026-2027 implementation timeline was presented for finalizing a brochure, rewriting elementary learning skills, piloting middle schools' citizenship grades and finalizing high school cord requirements.

Canyons is also prioritizing the SB241 requirement to implement an individualized reading plan for students. Instructional Supports Department created a "Read, Talk, Wonder and Solve" document that most parents received as part of back-to-school night. Canyons schools will be participating in the statewide Read-A-Thon scheduled October 2, 2026.

C. Dual Language Immersion (DLI) Update (Second Reading, Possible Action) – Dr. McKay Robinson, Superintendent

The ideal student enrollment for strong programs and neighborhood classes are 56 students (28/28 in immersion) and minimum of 38 (19/19 in non-immersion) which allow for attrition, moving students, teacher collaboration and student move-ins. Unfortunately, numbers across the district have been falling short of these ideal numbers. To maintain programs the District is proposing changes.

In 2025-2026, the supplemented FTE for DLI was 13, at a cost of \$1,430,000. The number of FTE and cost associated with them have been consistent for the last few years and have the potential to be higher as the enrollment continues to decline.

Proposal target numbers for an incoming first grade two-class immersion cohort is that by January 15th of each year that there are at least 50 immersion students who are committed to the program and at least 19 students in a single non-immersion classroom. The proposal includes moving to a one class immersion cohort (capped at 30 students) if by January 15 of each year an immersion class falls short of at least 50 students and/or falls short of at least 19 students in a non-immersion classroom.

At a school that has moved to a one class cohort in first grade and if by March 15th of that year there are enough students on the waitlist to meet the target numbers of 50 immersion students and 19 non-immersion students, the school can implement a two-class cohort the following year. Conversely, any school with a two-class immersion cohort that decreases to 30 students or below (regardless of grade) will move to a one class cohort the following

school year. This will allow for appropriate hiring and FTE allocation. The District is providing transparency through parent meetings with the principals and district employees which will occur in September and October. There will also be ongoing communication from the school and district.

A DLI Long-Range Planning Survey was administered to all Canyons District families and employees on Friday, August 21, 2026. The survey will remain open until Friday, September 4, 2026. The Board of Education decided to wait to take any action until after the survey results are analyzed and presented. Presentation available on [Diligent Community](#)
