There are more than just medical bills to pay after a heart attack, stroke, or other unexpected

covered medical condition. Critical Illness Insurance provides a benefit payment that can help. This document includes expanded cost and benefit information for Critical Illness Insurance. As you explore, keep in mind:

Critical Illness Insurance pays a lump-sum benefit if you are diagnosed with a covered illness or condition on or after your coverage effective date. Critical Illness Insurance doesn't replace your medical coverage; instead, it complements it. The benefit payments don't go out to pay for medical bills or treatments you may need, instead they come in—directly to you—to be used however you'd like. Choose this supplemental health insurance product to help lessen the financial impact of a covered illness.

Critical Illness Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act. ReliaStar Life Insurance Company a member of the Voya® family of companies
