February 21, 2020

FINDING BY CHIEF PROCUREMENT OFFICER
CANYONS SCHOOL DISTRICT

Teacher Specialists are requesting purchases of GimKit Subscriptions for schools. ISD did research and found that GimKit Apps provide the following:

- It is a DOK 1 or 2 activity
- It is compatible with Pear Deck and Quizlet
- Season feature, it can be an ongoing tool that kids get into over a semester and across units
- Students can submit their own questions for consideration by the teachers allowing students to think at a deeper level
- Teachers use it as an engagement and pre-assessment tool/game.

Research has been conducted to find out if there are additional suppliers that may sell GimKit subscriptions. After receiving a sole source document from GimKit LLC, Bid # 20DN19SS was placed on BidSync to solicit additional competition and there were no other offers.

It is the finding of the Chief Procurement Officer that the supplier GimKit LLC is the only source of supply for Gimkit Basic, Gimkit Pro, and Gimkit Go. This finding will be effective for Canyons School District from February 21, 2020 through February 21, 2023. The Purchasing department will then review this finding and determine if any additional suppliers have entered the marketplace or if this will remain a sole source and extend the finding.

As Chief Procurement Officer, I find that it is in the best interest of the District to have this finding on file in order to allow the high schools to purchase this service as required without obtaining two (2) quotes.
