

Planning Requirements and Recommendations for K-12 School Openings (Updated August 22, 2020)

Repopulating Schools		
Communicating and Training	<p>State Required:</p> <ul style="list-style-type: none"> ● Develop administrator/teacher/staff education and training on school's reopening protocol and action plans <ul style="list-style-type: none"> ○ Educate and train students and caregivers on school's protocols and action plan; post and/or make accessible to school communities ○ Make materials available to families in their respective preferred/primary language ● Appoint a point of contact for each school available for questions or specific concerns. <p>Recommended:</p> <ul style="list-style-type: none"> ● Regularly communicate to staff, students and families on best practices for at-home preventive care ● Use a variety of communication tools to reach varying stakeholder audiences including email, voice messaging, website, social media, and print mailings ● Communicate the economic importance of supporting parents' return to a normal workday ● Express a willingness to always evaluate, improve and reevaluate as necessary ● Be prepared for locally-driven crisis response communications ● In consultation with local health, pre-write/draft statements for varying situations regarding outbreaks, positive cases, etc. ● Plan to include messaging to counter stigma and discrimination 	<p>District Required:</p> <ul style="list-style-type: none"> ● Develop administrator/teacher/staff education and training on school's reopening and action plans <ul style="list-style-type: none"> ● School Performance will provide training to educate school administrators on the action plan ● Administrators will provide training to educate educational staff on the action plan ● Administrators, in conjunction with their SCCs and BLTs, will make school specific plans available to their communities (Plans will be posted on school websites on August 1) ● Teachers and other support personnel will provide training to students on the action plan ● Educational and training information created and provided using the methods outlined below ● The Principal will be the point of contact for each school available for questions or specific concerns <p>District Recommended:</p> <ul style="list-style-type: none"> ● State recommendations are supported by the district <ul style="list-style-type: none"> ● ALL materials and communications will be translated to support our stakeholders ● The following communication methods will be provided by Responsive Services: <ul style="list-style-type: none"> ● Posters (physical distancing, restrooms, handwashing etc...) ● Videos (handwashing, hygiene etc...)

		<ul style="list-style-type: none">● Symptom checker (Both students and staff)● Website up to date resources● Resources to students and families to be equity-driven● Lesson plans and prompts provided to staff to support community building circles to counter stigma and discriminatio● The following communication methods will be provided by Communications:<ul style="list-style-type: none">● Print/Hard Copy Materials Provided:<ul style="list-style-type: none">● CSD2U: Double-truck or one-page charticle/infographic● CSD2U back-to-school edition: More information about return to school● Regular mailing Postcards: QR CODE w/explainer graf, FAQ● Postcards: Reopen postcards● Postcard for employees: Expectations, FAQs, link to HR representative for COVID questions● Posters for the front doors of the schools (translated)● Branded face masks for the staff● iKnows for back-to-school in the era of COVID-19● Flyer for parents sent via Peachjar and Skylert● Special letterhead for ALL school, district communications with QR code to the webpage● Fridge magnets and/or window hangs?● Symptom checklist posters for offices● School marquees: FAQs, simple
--	--	--

		<ul style="list-style-type: none"> <ul style="list-style-type: none"> <ul style="list-style-type: none"> messaging, a message of the week, etc. ● Video boards: PSAs created for the video boards ● Poster for quarantine room ● Online Materials Provided: <ul style="list-style-type: none"> ● Update, rebrand to the COVID-19 portal ● Across-the-district web updates (all schools, departments with the same message) ● Videos: A) explainer of our risk phases. B) kid-oriented video, i.e. how to physical distance, wash your hands, how the school may look different, etc. C) A video message from Superintendent D) what it could look like for extracurriculars, clubs, athletics, etc. ● Podcast launch ● Social-media post editorial calendar ● Press pitches, morning shows, radio shows, Op-Eds ● In Person Materials Provided: <ul style="list-style-type: none"> ● Re-create and re-think our back-to-school, Kindergarten College-Ready celebrations ● Back-to-school parades ● Sixth and eighth grade orientations ● Branded face-masks ● Civic group meetings ● Chambers of Commerce ● Updates with XGRs, local
--	--	--

		<ul style="list-style-type: none"> • municipalities, other schools • PSAs at sporting events • Crisis Communication: <ul style="list-style-type: none"> • Be prepared for locally-driven crisis response communications • In consultation with local health, pre-write/draft statements for varying situations regarding outbreaks, positive cases, etc. • Plan to include messaging to counter stigma and discrimination
<p>Accommodating Individual Circumstances (e.g., High-Risk, Personal Decisions)</p>	<p>State Required:</p> <ul style="list-style-type: none"> • Create a process for students/families and staff to identify as higher risk [1] for severe illness due to COVID-19 and have a plan in place to address requests for alternative learning arrangements, remote learning or instruction, or work re-assignments • Take reasonable steps to minimize and mitigate risk for employees who identify as high-risk as outlined in the Utah Leads Together Plan and by ADA • Systematically review all current plans (e.g., Individual Healthcare Plans, Individualized Education Plans or 504 plans) for accommodating students with special healthcare needs and update their care plans as needed to decrease their risk for exposure to COVID-19 	<p>District Required:</p> <p>High Risk Identification Process:</p> <ul style="list-style-type: none"> • Creating clear protocols for when to use short term Home & Hospital vs Long Term Home & Hospital • Working with support staff to systematically review all current 504 and health care plans and will work with each family and school to ensure appropriate accommodations are in place <ul style="list-style-type: none"> • Currently have 850 504 plans and 750 Health Care plans • Typically, medical conditions that impact a student's ability to access their education are noted in the Present Level statement on the students IEP. Medical conditions which impact a student's access, typically have a documented Health Care Plan which is

	<p>Recommended:</p> <ul style="list-style-type: none"> ● Accommodate personal decisions of families and students who would prefer to continue remote learning, to the extent of resources available ● Consider emotional and social needs of educators including additional stresses related to workload, adult interactions, and breaks ● Consider emotional and social needs of students, including physical breaks and peer engagement <p>[1] High-risk individuals are defined as people 65 years and older, people who live in a nursing home or long-term care facility, people of all ages with underlying medical conditions, including lung disease or moderate to severe asthma, people who have serious heart conditions, people who are immunocompromised (many conditions can cause a person to be immunocompromised, including cancer treatment, smoking, bone marrow or organ transplantation, immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications), people with severe obesity, diabetes, chronic kidney disease undergoing dialysis, or liver disease</p>	<p>created, reviewed and maintained by the District's Nursing staff. If a student develops a medical condition not previously noted in the Present Level a parent can request an IEP team meeting or can contact the Department of Responsive Services to request the development of a Health Care Plan.</p> <ul style="list-style-type: none"> ● Identify staff with high-risk needs and provide supports and referrals as needed ● The emphasis of well being so staff are in the necessary space to support students ● Wellness staff (counselors, social workers, psychologists, nurses) coordinate and support each school to provide social emotional needs and create support plans as needed <p>Alternative Learning Arrangements:</p> <ul style="list-style-type: none"> ● Students will attend in person, enroll in Canyons School District (CSD) online learning, or at home district-supported parent-guided instruction (Registration begins July 27) ● Families who are not comfortable sending their children back to school will have the option to participate in CSD Online Learning or at home district-supported parent-guided instruction ● Students will be connected to their neighborhood or school of their choice <ul style="list-style-type: none"> ○ Students will have access to all of their school services (SPED, Counseling, Administration, Social Services, etc) ○ Families will receive school communication from neighborhood school (i.e., newsletters,
--	--	--

		<ul style="list-style-type: none">emails, Skylerts)○ Alternative protective measures for students receiving SPED or ELL services will be worked out with individual families● Online teachers will be allocated by site, cluster, and district-wide dependent on enrollment patterns● Guidelines for appropriate transition in and out of online learning will be established● CSD Online Learning:<ul style="list-style-type: none">● 9th-12th Grades--CVHS and School Based<ul style="list-style-type: none">● Core Classes● Limited Electives● CVHS & School Based Grading Scales● CSD Teacher Support● K-8th Grades--Curriculum & Structure<ul style="list-style-type: none">● Core Classes● Curriculum maps created by CSD teachers● Aligned to CSD scope and sequence● Canyons District Teacher Support● Canvas will be used as learning management system● Online Daily Interactive Expectations<ul style="list-style-type: none">■ Curriculum mapping and standards will align with current CSD maps■ Google Meets – daily one hour google meets for elementary students. Secondary one hour weekly per course■ Instruction – recorded lesson on topic discussed in class when appropriate
--	--	---

		<ul style="list-style-type: none">■ Office Hours – teachers available for daily consultation – recommend 3 hour blocks for full-time online teachers■ Teachers will support students with regular check-ins <ul style="list-style-type: none">● Student enrollment in online or in-class instruction requires a commitment of at least one grading period in order to support staffing and facility needs● Students will be issued a device and will be supported with connectivity in order to participate fully in remote learning● Students who are quarantined or placed in self isolation will maintain their classroom teacher and the classroom teacher is responsible for keeping students up on pace using CANVAS● DLI and/or SALTA Students<ul style="list-style-type: none">○ Online options will be contingent upon online requests and feasibility● English Language Learners<ul style="list-style-type: none">○ Availability of electronic translation services for online learning and communication● Students Receiving Special Education Services<ul style="list-style-type: none">○ Requires a licensed special education teacher to provide specially designed instruction○ Online learning is a change in placement and requires an IEP meeting to consider appropriate placement and service pattern <p>Minimizing and mitigating risk for employees who identify as high-risk:</p> <ul style="list-style-type: none">● Employees have received multiple email
--	--	--

		<p>communications regarding who qualifies as an individual who is considered High-Risk:</p> <ul style="list-style-type: none">● The Medical Advisory Team to the Public Health and Economic Emergency Commission defines high-risk individuals as those likely to require a hospital bed. Utah - specific data and CDC guidelines identify the following as high-risk individuals:<ul style="list-style-type: none">■ Age – People aged 65 years and older■ Group quarters – People who live in a nursing home or long-term care facility■ Lung disease – People with chronic lung disease or moderate to severe asthma■ Heart conditions – People who have serious heart conditions■ Immunocompromised – People under cancer treatment, who smoke, who have bone marrow or organ transplants, HIV or AIDS, and who have prolonged use of corticosteroids and other immune weakening medications■ Obesity – People of any age with severe obesity (body mass index > 40)■ Underlying medical conditions – People with diabetes, kidney disease, and liver disease, particularly if not well controlled● NOTE: Individuals who are pregnant should be monitored since they are known to be at risk with severe viral illnesses, however, to
--	--	---

		<p>date data on COVID-19 has not shown increased risk</p> <ul style="list-style-type: none">● This information is also available on the District's website● Work Re-Assignments:<ul style="list-style-type: none">● If an employee self-identifies as a High-Risk Individual, they may submit a written request through the Department of Human Resources, requesting reassignment, e.g. position transfer, location transfer, or modified schedule● Requests will be evaluated on a case-by-case by the Reassignment Committee (which consists of HR Administrator, School Performance Directors, and Instructional Support Administrators, other department representation as needed) and will be dependent upon what positions are available● <i>NOTE: Most positions in the District cannot be worked remotely or reassigned when schools are operational and/or students/employees are present, e.g.:</i><ul style="list-style-type: none">■ <i>District Office Personnel - must be physically present to provide face-to-face customer service and support to employees/parents/patrons addressing student learning/safety and other concerns</i>■ <i>Educational Leaders - must be physically present to address student learning as well as safety/emergency situations; e.g. student</i>
--	--	---

		<p><i>altercations/fights, medical incidents, social and emotional support for students and employees, injured student/employee, upset parent, waterline break, power and/or phone outage, fire, lockdown, bomb threat, active shooter, carbon monoxide, shelter-in-place, hazardous materials, earthquake, and public health emergency</i></p> <ul style="list-style-type: none">■ <i>Teachers - must be physically present to address student learning and supervision, provide social and emotional support, as well as address safety/emergency situations</i>■ <i>Counselors - must be physically present to provide students social and emotional support as well as address safety/emergency situations</i>■ <i>School Psychologists/Social Workers - must be physically present to provide student social and emotional support, complete required testing, as well as address safety/emergency situations</i>■ <i>Administrative Assistants - must be physically present to address student, patron, educator, and supervisor needs/concerns as well as address safety/emergency situations</i>■ <i>Para Educators, Instructional/MTSS Assistants, Brain Boosters - must be physically present to address student</i>
--	--	--

		<p><i>learning and supervision as well as address safety/emergency situations</i></p> <ul style="list-style-type: none">■ <i>Nurses - must be physically present to address ongoing student medical issues as well as address safety/emergency situations</i>■ <i>Custodial - must be physically present to clean, sanitize, and maintain the facility</i>■ <i>Facilities Services - must be physically present to perform maintenance duties; e.g. electrical, HVAC, mowing, painting, plumbing</i>■ <i>Information Technology Services - must be physically present to perform maintenance duties; e.g. computer and network repair, ID Badge production, onsite customer service</i>■ <i>Nutrition - must be physically present to prepare and serve meals to students as well as clean and sanitize</i>■ <i>Transportation - must be physically present to transport students to and from schools as well as clean and sanitize</i> <ul style="list-style-type: none">● Employees will be trained on COVID-19 during the Critical Policy Training<ul style="list-style-type: none">● What COVID-19 is and how it is spread● How to protect yourself:<ul style="list-style-type: none">● Practice Physical Distancing (ideally 6+ feet)● Cover your cough or sneeze with a
--	--	--

		<p>tissue, then throw the tissue in the trash and wash your hands</p> <ul style="list-style-type: none">● Staff and students wear face masks when on school property or on a school bus (does not apply to an individual maintaining physical distancing of at least six feet when outdoors, or when eating indoors and maintaining at least six feet of physical distancing)● Do not touch your eyes, nose, and mouth● Clean and disinfect frequently touched objects and surfaces● Stay home when you are experiencing symptoms, except to get medical care● Wash your hands often with soap and water for at least 20 seconds, or use hand sanitizer if water is unavailable● Employees will be provided two cloth face masks● Face shields may be provided upon request through Human Resources (“Face shields are not a substitute for face masks except in special situations.” As per Governor Herbert on 8-13-20)● Latex gloves will be provided upon request through the supervisor● Plexiglas Shields have been, or will be, installed in high contact areas, e.g. receptionists, main office, attendance office, counseling center● Cleaning supplies will be available
--	--	---

		<p>through the supervisor</p> <ul style="list-style-type: none"> • Alcohol based hand sanitizer and dispensers have been, or will be, installed in all classrooms and offices • The custodial department has increased their cleaning efforts continuing to use hospital grade sanitizers and disinfectants on a more frequent basis • Employees are annually trained on how to engage the ADA Interactive Process • In August, staff will be provided the opportunity to debrief and process the impact of Pandemic
<p>Enhanced Environment Hygiene & Safety</p>	<p>State Required:</p> <ul style="list-style-type: none"> • Develop protocols for implementing an increased cleaning and hygiene regimen • Staff and students wear face masks when on school property or on a school bus (does not apply to an individual maintaining physical distancing of at least six feet when outdoors, or when eating indoors and maintaining at least six feet of physical distancing) • Make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available to staff/students/visitors in controlled environments to ensure safe use <p>Recommended:</p> <ul style="list-style-type: none"> • Implement hygiene standards as a part of regular instruction • Assist local health department should they require 	<p>District Required:</p> <ul style="list-style-type: none"> • Custodial staff have been provided correct protocols for implementing an increased cleaning and hygiene regimen (see below) • Staff and students wear face masks when on school property or on a school bus (does not apply to an individual maintaining physical distancing of at least six feet when outdoors, or when eating indoors and maintaining at least six feet of physical distancing) • Hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant will be readily available to staff/students/visitors in controlled environments to ensure safe use. Each staff member will be provided two cloth face masks. Adult and child sized disposable face masks will also be available in the schools for those who do not bring their own. (All chemical agents utilized for sanitizing and disinfecting are approved and maintained through CSD material

	<p>contact tracing (move to recommended)</p> <ul style="list-style-type: none"> ● Clean and disinfect frequently touched surfaces and items at least daily (doorknobs, desks, computers, sporting equipment, shared supplies, etc.) ● Locally determine what constitutes an adequate hygiene and prevention inventory: PPE supplies, face masks, sanitizer, soap, etc. ● Staff and students wear face masks when on school property or on a school bus (does not apply to an individual maintaining physical distancing of at least six feet when outdoors, or when eating indoors and maintaining at least six feet of physical distancing) ● Maximize physical distancing, acknowledging that physical distancing of 6 feet or greater is not feasible in many instances ● Work with your local health department to deploy proper sanitation processes 	<p>data sheets)</p> <p>District Recommended:</p> <ul style="list-style-type: none"> ● State recommendations are supported by the district ● The following custodial protocols have been established: <ul style="list-style-type: none"> ● Staff and students wear face masks when on school property or on a school bus (does not apply to an individual maintaining physical distancing of at least six feet when outdoors, or when eating indoors and maintaining at least six feet of physical distancing) ● Restroom checks will be performed three times daily to ensure adequate soap and paper products are available ● All facility High Touch Points (HTPs) will be sanitized daily and disinfected two times per week after facility occupants leave to reduce exposure to toxic disinfectants ● All High-Risk areas (e.g., restrooms, locker rooms, sick rooms, showers, pre-school, day care) and any body-fluid spills will be disinfected daily or at the time of incident ● All facility water fountains will be sanitized twice daily and disinfected after facility occupants leave to reduce exposure to toxic disinfectants. Water bottle filling stations will be provided at each school. ● Hand sanitizer dispensers are being installed at the main entrance, main office and cafeteria at all facilities. Secondary locations will have them available at additional areas. When available, hand sanitizer will be located in every classroom
--	--	---

		<ul style="list-style-type: none">● Custodial Services established explicit written protocols include:<ul style="list-style-type: none">● Custodial Laundry Protocol● Body Fluid Spill Protocol● Disinfecting Protocol● High Touch Point Cleaning Protocol● Universal Precautions Protocol● To reduce HTP exposure, it is recommended that ALL facilities open all interior doors 10-minutes before expected use and remain open all day to reduce door/handle HTPs and to help ensure good air flow reducing exposure risk● Custodians will use electrostatic sprayers with Hypochlorous Acid on all cafeteria tables after school each day (cleaning of each table will take place by lunch staff after each use using the provided materials as has been practiced)● Custodial Services is in regular contact with Salt Lake County Health Department local representative Randy Williams, LEHS to discuss CSD cleaning and disinfecting procedures● Custodial Services Best Practices Manual provided to all school custodians● The following responsive services protocols have been established:<ul style="list-style-type: none">● Contact Tracing - Required● Attendance (taken daily)● Health Room Logs (digital platform)● Visitor Logs (digital platform)● Campaign to use face masks and wash hands● 6 additional nurses have been hired and
--	--	--

		<p>school assignments made based on need. Nurses will provide more health and educational support to each of their assigned schools</p> <ul style="list-style-type: none">• Sally Goodger, Lead Nurse, will coordinate with the local health department when needed and all communication with them will go through her• The school nurse communicates with school principal and front office staff who work together to identify individuals who had been in direct contact with confirmed individual<ul style="list-style-type: none">• School nurse coordinates with front office to notify identified individuals and send them home with letter from health department which included instructions for return• Attendance secretary marks attendance• Classroom teacher notified to continue blended learning• Every precaution should be taken to protect HIPPA of individuals testing positive of COVID-19<ul style="list-style-type: none">• We recommend a weekly notification to Board of total confirmed cases and total number of students who were in direct contact and required to self-isolate• Any information from health department
--	--	---

regarding whole class or school closures will be communicated immediately with school board

*Disclaimer – based on information provided on July 30, 2020 and is subject to change if required by health department

- COVID-19 Transition Plan
 - Symptomatic and/or Positive Test Results for COVID-19
 - Canyons District will launch a data dashboard that includes school-community positive cases per school for those enrolled in in-person learning, the attendance rate for in-person learning, the number of quarantined students, the percentage of students at each school, and community spread by ZIP code
 - The Canyons' dashboard will identify by tiers of concern the number of positive cases of COVID-19 in the previous two weeks:
 - Tier 1 would indicate 0 or 1-5 cases in the previous two weeks
 - Tier 2 would indicate 6 to 14 cases in the previous two weeks
 - Tier 3 would be 15 cases or more in the previous two weeks
 - No action will be required for school communities that are in Tier 1
 - For school communities in Tier 2, a “vigilance letter” will be sent to parents and guardians and enhanced mitigation strategies - such as increased cleaning and sanitation efforts, a reduction in adult visitors and volunteers in the

		<p>school building, further limitations to in-person meetings, and community-awareness campaigns - will be developed and put into place. The Administration will increase discussion and collaboration with the Salt Lake County Health Department and Board of Education about the affected school communities</p> <ul style="list-style-type: none">○ For school communities in Tier 3, the District will continue collaborative efforts with the health department and identify and discuss other mitigation strategies○ If CSD elementary or middle schools reach a 15-case threshold, the District will engage in an immediate discussion with the health department on potential changes in schedule or other precautionary measures, which may include a temporary pivot to online-learning-only○ If any CSD traditional high school reaches a 1 percent positive COVID-19 school-community rate, the District will engage in an immediate discussion with the health department on potential changes to the school schedule or other precautionary measures, such as specific group-activity and/or event temporary suspension or cancellation; the temporary adoption of a split or hybrid schedule; a change to an online-learning-only schedule; or a three-day school closure and pivot to online-instruction-only to allow for deep-cleaning and sanitation at the building. The Board of Education authorizes the
--	--	---

		<p>Superintendent to make decisions regarding mitigation strategies for schools in Tier 3</p> <ul style="list-style-type: none">○ If any CSD traditional high school reaches a 2 percent COVID-19 school-community positive rate within a two-week period, it will trigger a pivot to online learning for 14 days○ If there are three or more students in one classroom or involved in an extracurricular activity who test positive within a two-week period, the entire class will be quarantined for 14 days from the last exposure, as determined by contact tracing○ These decisions have impacts beyond the classroom. School boards, school administrators, and county health officials should consider the following:<ul style="list-style-type: none">■ The social, emotional, economic, and academic well-being of students and staff;■ Disease transmission trends in both the school and surrounding community;■ The overall safety of students and staff;■ A school's ability to provide remote learning; and,■ The hardships and inequities remote or hybrid learning may present students and families○ Although the Utah governor's office and health and education officials have the statutory authority to close schools in response to a public health emergency, the preference is for local school officials to make such decisions collaboratively as described
--	--	---

<p>School Schedules</p>	<p>Recommended:</p> <ul style="list-style-type: none"> ● When considering strategies that attempt physical distancing by reducing the number of students on-campus, consider financial hardships and alternative childcare arrangements for single parent families or for families in which both parents must work outside the home and strain on childcare capacity. 	<p>District Recommended:</p> <ul style="list-style-type: none"> ● Returning to school in the fall in person or remote learning options are available <ul style="list-style-type: none"> ● Monday - Friday ● School Specific Plans <ul style="list-style-type: none"> ● Schools developing their specific and unique school plans and schedules to address all aspects of this state and district plan ● Plans are being approved and monitored by School Performance and will also be available to the board before posting them on school websites on August 1, 2020 ● Split schedules may be implemented if mandated by the State and/or County Health Department or directed by Canyons District Board of Education ● COVID-19 Transition Plan <ul style="list-style-type: none"> ● Symptomatic and/or Positive Test Results for COVID-19 ● Canyons District will launch a data dashboard that includes school-community positive cases per school for those enrolled in in-person learning, the attendance rate for in-person learning, the number of quarantined students, the percentage of students at each school, and community spread by ZIP code ● The Canyons' dashboard will identify by tiers of concern the number of positive cases of COVID-19 in the previous two weeks: <ul style="list-style-type: none"> ■ Tier 1 would indicate 0 or 1-5 cases in the previous two weeks ■ Tier 2 would indicate 6 to 14 cases in the previous two weeks
