

This data is scheduled to be updated twice weekly using information provided by the Salt Lake County Health Department and Canyons Department of Responsive Services.

**NOTE:** Contact tracing data show that as of Sept. 15, the vast majority of positive cases appear to be community spread (social and family interactions). Very few COVID-19 cases can be attributed to exposure at a school where prevention controls are strictly enforced. It's important that students, families and employees continue to adhere to Salt Lake County Health Orders to avoid large group gatherings, physically distance, and wear face coverings when distancing is NOT possible.

COVID19 CASE RANGE		Tier I: 0 to 5	Tier II: 6 to 14	Tier III: 15 or More	
School	Students In School*	Active COVID19 Cases 9/3/20 to 9/17/20	Students/Staff in Quarantine (last two weeks)	In-Person Average Attendance** (Over Two Weeks)	Total COVID19 Cases from 9/7/20 to 9/21/20 (coming soon)

---------------------	--------	-----	-------	--	---

\* Students in School = In-Person students + students enrolled in a mix of In-Person and Online classes (attending at least one In-Person course).

\*\*Average Attendance is defined as percent of students attending their classes over the last two weeks.

Districtwide our In-School COVID19 **Attack Rate** remains low. Attack rate is the percentage of individuals who are quarantined and later test positive for COVID-19.
