Tropical Paradise
Jump on board and sail away with us on an ART ADVENTURE to a sandy beach with swaying palm trees. We will spend the week learning about the tropics while creating fun projects that involve the sea, sun and surfing. Join us on this paradise island where creativity abounds.

Planes, Trains, Horses and More
Come take a ride with us as we explore how people get from here to there and everywhere! Land, sea, space and air, if you can steer it, we can create it. From race cars, flying machines, to submarines the options are endless. Put on your creative helmets and enjoy the ride...

Get your 'Game Face ON' Summer Camp
Get your child up and moving this summer with a team of new friends! Life sized games, obstacle courses and other activities developed to challenge both mind and body. Join us as we play amazing games, gain new skill sets in sportsmanship, team building and self-esteem, in this action-packed week of fun!

Cartoon Blast
Come explore the exciting world of cartooning through drawing, painting, sculpture and games! Campers will have the opportunity to learn many different styles of cartooning such as caricature, Anime/Manga, comic strips and more. Meet new friends and share your love of all things cartoon!

Kool-aid and Canvas 2.0
Enjoy a relaxing, fruity cup of "Kool-Aid" as we guide you through the designing, sketching and painting of your very own one-of-a-kind masterpiece! Young Picassos will have a blast surrounded with art, laughter, games and friends. This fantastic art camp is back by popular demand, with all new projects and pallets, and expected to fill quickly. Sign up today!

Chess Wizards has been teaching the game of chess since 2002. Join us this summer for tons of challenging chess lessons, exciting games, and cool prizes. You'll improve your chess skills, meet new friends, and work out your most powerful muscle - your brain! Our camps include fun team chess games (like Corner Chess), recess time (of course), snacks, tournaments and puzzles. Each camper receives a T-shirt, trophy and puzzle folder. We include all the materials necessary for your child to participate, but full day kids should bring a lunch. Unleash your brain power and spend part of your vacation with Chess Wizards!

If you have any questions please contact Anthony Spires (Director of Operations for Utah) at 385-258-3511 or aspikes@chesswizards.com

Children's Drawing

Learn to draw with a variety of tools. Learn how to create different textures, making drawings with depth and distinction. Each child will receive their own Strathmore drawing pad, 3 Prismacolor drawing pencils and a pink pearl eraser to keep. Bring a water bottle and a nut free snack each day. Call Catherine with questions 801-623-7152. (Class is limited to 8 students.)

Journal Making

Does your child love being artistic? Get ready for a great Summer Camp. They will be making a Yearly Planner and Journal all in one. These journals can help them express their feelings and thoughts, reflect on their day and on thing they can improve on. They will also be able to use the planner to plan ahead for things like back to school, birthday parties, Christmas and fun trips! All the supplies will be provided for your child to bring out all their creative and artistic abilities.

Kidokinetics
PLAY CONFIDENT

For more information please contact Sierra Olvera at 801-702-7523 or solvera@kidokinetics.com

Register Now! entrada.revtrak.net

Kidokinetics Super Sports Sampler programs are designed to provide a fun, healthy week of exercise, games, nutrition and sports activities. Each class introduces a new sport or sport activity teaching the skills and drills associated with the sport. Sports activities include Golf, Basketball, Baseball/T-Ball, Football, Hockey, Obstacle Course, Hula Hoops, Jump Rope, PE games, Jai Lai (scoop ball), Throw & Catch, Relays and Parachute activities. This program is a fun, first introduction to sports for children of all abilities!

Kiddos receive a FREE T-SHIRT on day 1 to celebrate being a part of Kidokinetics! Each day we will also partake in craft activities that not only give our bodies a break, but also help us to learn and locate our muscle/bone groups.

Goals: By the end of the week our goal is to ensure each child understands and can execute the basics of each sport we teach! They should be able to identify 4 muscle or bone groups taught each day as well.

NASA Journey into Outer Space

Set your future space explorers on a trajectory from our Earth's atmosphere to the outer reaches of our solar system! This hands-on program brings them closer to the stars, planets, comets and more. They learn about living in space, getting away from gravity, looking for space phenomena and participating in a rocket launch!

Secret Agent Lab

This program features fun-filled, hands-on, secret agent-themed science activities that allow kids to play detective, explore forensic science, sharpen their surveillance skills and crack encrypted messages. Kids become super sleuths!

Underground Explorers

Kids learn about archaeology and the techniques scientists use to excavate long-lost cities! They discover ancient civilizations and the tools and artifacts they use in everyday life! They also study bone fragments, pottery shards, amber deposits and fossils. Each class also includes a make-and-take-home project, like a fossil reproduction, an amber time capsule, and coins from around the world!

Crazy Chemworks

QUICK! When you think of a Mad Scientist, what pops to mind? A chemist, of course! Mix chemicals, make slime, examine reactions and travel up and down the pH scale. Your take-homes in this camp will help you as you start building your home lab!

Eureka!

Children overcome a series of challenges using basic materials, simple machines, tips from famous inventors and, most importantly, their minds. They create catapults and forts with a bit of ingenuity, construct working light sticks, and assemble a set of circuits with batteries and light bulbs.

Brixology

Using LEGO Bricks, kids build a different engineering-themed project in each class. They explore different engineering fields including Mechanical, Structural, Aerospace, Nautical and Bioengineering. They use critical thinking and creative problem solving to test and improve their creations.

Rockin' Rockets & Radical Robots

Building a model rocket AND a solar-powered robot in the same week!? It's like a kid's dream come true! We learn about Newton's Laws of Motion, the forces of nature and calculation of thrust and altitude. Simple programming, the different movements of robots and basic circuitry round out this knowledge- and fun-packed camp!

ROBOTICS

Contact: 801-633-8499 or utahdanceworks@yahoo.com

Engineering Building/ Robotics Ages 6-8

Come and build with us during our exciting robotics camp! Students will build, program and interact using the LEGO® WeDo 2.0 Construction set and thousands of various bricks! We will work together to accomplish each task using creativity and critical thinking in a fun and engaging way.

Robot Builder Building/ Robotics Ages 9-14

Join us on an exciting journey with LEGO® robotics! We will learn the basics of coding and engineering fundamentals as students work with LEGO® Mindstorms EV3 and the EV3 Robot Builder expansion set. Students will work in small groups to build and program robots! Creativity will soar and students will utilize critical thinking to complete each mission!

Space Exploration Building/ Robotics Ages 9-14

Join us on a space mission during our fun course! We will focus on creativity and engineering fundamentals as students work with LEGO® Mindstorms EV3 and the Space Challenge set. As teams work to accomplish each task, creativity will soar and students will utilize critical thinking to complete each mission!

MAGIC CAMP!

Do you want a solid foundation learning and performing serious magic effects? This camp will teach all the basics you need to start performing for friends, school and family. These are not your typical magic set tricks. You will learn actual routines and techniques, many of which are performed regularly on stage and TV. You'll learn how to cut and restore string, make a rope penetrate through your body, have things appear and disappear, read minds, predict your spectators' choices, transform one item to a different item, defy gravity, add columns of random numbers twice as fast as your teachers (and parents) and so much more! Rick Kercher has been performing and teaching magic for over 45 years and knows how to create a fun magic learning experience. Please note that there is an additional material fee of \$15.00 paid directly to the instructor the first day of camp for the supplied props you will get to take home.

Soccer I.Q. Summer Academy (Ages 5-12)

All our programs are designed with a goal of teaching all levels of Soccer to all participants! We all know practice makes perfect so our SOCCER I.Q. Program can offer your child the opportunity for more specific touches on the ball. - Learn how to dribble, pass and shoot with our coaches focusing on each subject, while having fun in a no-pressure environment. - Learn how to combine dribbling, passing and shooting together in game play situations. - Learn how to apply dribbling, passing and shooting in specific position on the field. We will monitor your player's progress based on their individual growth throughout the program.

Fees: \$60 (includes Soccer IQ Soccer T-shirt) Please be sure to bring plenty of water to drink, shin-guards and cleats. Indoor and outdoor shoes are permitted. Please be aware that in case of bad weather or extreme heat, the class can move inside. No cleats are allowed indoors. Contact us with questions directly: SIQSOCCER@gmail.com / 801-938-5225

This camp is for ages 5 to 11 and focuses on tennis skills, coordination, balance, agility and fitness. The coaches from the Salt Lake Tennis & Health Club working with your child specialize in teaching youth 11 and under. We use a red ball (bigger and slower than a regular tennis ball) and smaller nets to help young players enjoy success as they learn. The first few days of camp we focus on basic strokes, exercises and drills that will improve tennis skills. We always play fun games that encourage a love for tennis. The more advanced will compete and be given additional opportunities to compete off-site. If you have older children you'd like to involve in a similar program we suggest reaching out to Karl Ward at the Salt Lake Tennis & Health Club.

You can contact Karl Ward (Salt Lake Tennis & Health) for more information at 801-368-6048 or kawol3526@hotmail.com
