2024 SUMMER CAMPS

For questions regarding the Bellucci Basketball Academy camps below, please contact:
Gabe Melmed 207.991.4497 | collin@bba315.com or ben@bba315.com

Bellucci Basketball Academy – Summer Basketball Camp

(Ages 5-12)

Bellucci Basketball Academy is thrilled to have you join us for our Summer Basketball Camp! Our camp is designed to provide young basketball enthusiasts with a unique and unforgettable experience filled with skill development, team-building, and lots of fun. Here is a glimpse into what our camp has to offer:

Skill Development: Our BBA-certified and passionate coaching staff is dedicated to helping campers improve their basketball skills. Whether your child is a beginner looking to learn the fundamentals or an advanced player aiming to enhance their game, our coaches provide personalized guidance in areas such as shooting, dribbling, passing, defense, and teamwork.

Daily Schedule: Campers can expect a well-balanced schedule that includes a mix of skill-focused drills, team-building activities, and friendly scrimmages. We believe in creating a holistic experience that not only improves basketball skills, but also fosters personal growth and teamwork.

Specialized Clinics: Throughout the camp, we offer specialized clinics focusing on specific aspects of the game to help players improve. We will have our coaches and former players share their insights and give certain tips and tricks to help our players on their journey as basketball players. These specialized clinics provide campers with a unique opportunity to learn from professionals and gain a deeper understanding of various basketball techniques that will set them up for future success on the court.

Fun and Recreation: While skill development is a key focus, we also understand the importance of having fun. Our camp includes exciting games, contests, and team-building activities that create a positive and enjoyable atmosphere for all participants.

Journal Making Camp

(Ages 8-15)

Does your child love to be artistic? Sign them up for Journal Making Camp! In this camp they will make an all-in-one yearly planner and journal. The journal portion will allow them to express their feelings and thoughts, reflect on their day and things they can improve on. The planner portion will allow them to creatively plan for things in their future such as back-to-school time, birthday parties, Christmas plans and fun trips! All the supplies to bring out their creative and artistic abilities will be provided for them.

Mad Science – Eureka!

(Ages 5-12)

Children overcome a series of challenges using basic materials, simple machines, tips from famous inventors, and, most importantly, their minds. They create catapults and forts with a bit of ingenuity, construct working light sticks, and assemble a set of circuits with batteries and light bulbs.

#1234...Mo, Tu, We, Th...9:00 AM-12:00 PM... 7/15/24-7/18/24...Glacier Hills Elementary...
4 Sessions...\$209

Mad Science – Secret Agent Lab

(Ages 5-12)

This program features fun-filled, hands-on, secret agent-themed science activities that allow kids to play detective, explore forensic science, sharpen their surveillance skills, and crack encrypted messages. Kids become super sleuths!

#1232...Mo, Tu, We, Th...9:00 AM-12:00 PM...7/8/24-7/11/24...Glacier Hills Elementary... 4 Sessions... \$199

Mad Science – Underground Explore

(Ages 5-12)

Kids learn about archaeology and the techniques scientists use to excavate long-lost cities! They discover ancient civilizations and the tools and artifacts they use in everyday life! They also study bone fragments, pottery shards, amber deposits, and fossils. Each camp class also includes a make-and-take-home project, like a fossil reproduction, an amber time capsule, and coins from around the world!

2024 SUMMER CAMPS

Camp locations and contact information are within the descriptions below.

Magic Camp (Ages 9-13)

Do you want a solid foundation learning and performing serious magic effects? This camp will teach all the basics you need to start performing for friends, school, and family. These are not your typical magic set tricks. You will learn actual routines and techniques, many of which are performed regularly on stage and TV. You'll learn how to cut and restore string, make a rope penetrate through your body, have things appear and disappear, read minds, predict your spectators' choices, transform one item to a different item, defy gravity, add columns of random numbers twice as fast as your teachers (and parents), and so much more! Rick Kercher has been performing and teaching magic for over 45 years and knows how to create a fun magic learning experience.

Please note that there is an additional material fee of \$15.00 paid directly to the instructor for the supplied props you will get to keep.

#4049...2 Monday Classes... 10:00-11:30 AM ...7/8/24 and 7/15/24...Glacier Hills Elementary...2 Sessions...\$20

2024 SUMMER CAMPS

For questions regarding the Power Chess camps below, please contact:
PowerChess | Walker@power-chess.com | 602.989.5228

PowerChess Tournament/Intermediate Chess

(Ages 6-12)

PowerChess's Summer Camps are an excellent opportunity for students of all ages to improve their critical thinking skills and keep their minds engaged over the summer break. In the PowerChess Tournament Chess Summer Camps, students will advance their chess knowledge and experience through presentations and hands-on application of new opening positions and tactical ideas, tournament-length gameplay, game analysis, and, yes, students will have the opportunity to play against each other in a BLITZ tournament! PowerChess Tournament Chess Summer Camp is geared towards students who have, at a minimum, an understanding of chess piece movement, basic mating patterns, and a LOVE for everything chess. Students will continue to grow in their mastery of chess and build upon these ideas and skills in a positive, supportive learning environment.

PowerChess Summer Camps include the following activities:

- Chess instruction: Tactical patterns, checkmating patterns, middle games ideas, and much more from trained PowerChess Coaches
- Tournament-length chess games
- Goal setting
- Blitz games
- How to improve chess study habits
- Practice playing positions against other students
- Puzzle-solving contests

Camp size is limited to 18 participants.

2024 SUMMER CAMPS

For questions regarding the Power Chess camps below, please contact:
PowerChess | Walker@power-chess.com | 602.989.5228

PowerUp/Introductory Chess

(Ages 6-12)

PowerChess's Summer Camps are an excellent opportunity for students of all ages to improve their critical thinking skills and keep their minds engaged over the summer break. The PowerUp Summer Camp is designed to help students learn the FUNdamentals of chess including basic piece movement, checkmating patterns, and other foundational principles of the game in a dynamic and engaging environment. Some of the documented benefits of chess instruction are improved critical thinking skills, increased math and verbal test scores, and a myriad of varied life skills. This program is a perfect fit for any student who wants to PowerUp their mind over summer break while having FUN and learning the basics of chess!

Students can expect to spend the first part of camp becoming proficient in piece movement and other foundational game principles. Once mastered, students will learn basic checkmating patterns, chess opening ideas, and play in tournament-style chess games. By the end of the camp Parents WATCH OUT, they will have gained the skills to BEAT YOU :)

PowerChess Summer Camps include the following activities:

Chess instruction on foundational principles of the game, tactical patterns, checkmating patterns, middlegame ideas, and much more from trained PowerChess Coaches, such as:

- Goal setting
- How to improve chess study habits
- Practice playing positions against other students
- Puzzle-solving contests

Full Length Chess Games camp size is limited to 18 participants.

Soccer Stars Summer Camps (Ages 5-11)

Get ready for some fun in the sun with Soccer Stars! Soccer Stars Fundamentals Camp for ages 5-11 focuses on different themes each day including mastery of ball (dribbling), group possession (passing), individual possession (dribbling), receiving and ball control, and shooting and finishing.

Soccer Stars coaches focus on building self confidence, socialization, and gross motor skills. Our daily camps begin with a warm up and obstacle course/relay and transitions over to multiple skill-building exercise drills that focus on the theme of the day and finally finishing the day with 1v1s, 2v2s, and 4v4s going to goal. We can work with kids of all skill levels.

Please bring water, tennis shoes and we will provide all of the equipment. No cleats please, they will be in the gym.

Salt Lake
Tennis &
Health Club

Tennis Fundamentals for Youth

(Ages 5-11)

This camp is for ages 5 to 11 and focuses on tennis skills, coordination, balance, agility, and fitness. The coaches from the Salt Lake Tennis & Health Club working with your child specialize in teaching youth 11 and under. We use a red ball (bigger and slower than a regular tennis ball) and smaller nets to help young players enjoy success as they learn. The first few days of camp we focus on basic strokes, exercises and drills that will improve tennis skills. We always play fun games that encourage a love for tennis. The more advanced will compete and be given additional opportunities to compete off-site. If you have older children you'd like to involve in a similar program we suggest reaching out to Karl Ward at the Salt Lake Tennis & Health Club.

Introduction to TIG Welding

(Adult – Ages 18+)

There will be no refunds issued for the introduction to TIG Welding class!!!

This is an intensive week-long introductory TIG welding course. This course is designed for those with no TIG welding experience with the goal of equipping you with the confidence, knowledge and skills to continue to develop your TIG welding skills independently after the course is complete.

Participants will gain hands-on experience and comprehensive theoretical knowledge in TIG welding. The curriculum will cover essential aspects including safety protocols, equipment selection, torch fundamentals, machine setup, gas selection, and welding technique.

Key Course Components:

- **Safety:** Learn essential safety practices and gear needed to ensure a safe working environment.
- **Equipment and Torch Selection:** Understand the types of welders and TIG torches available, what each component does and how they fit together.
- **At-Home Learning Modules:** Engage with curated at-home learning materials to reinforce understanding and practice techniques outside the classroom.
- **Machine Setup:** Learn about TIG welding machine set-up and parameters available for adjustment on the welding machine.
- **Hands-On Practice:** Develop proficiency through hands-on practice sessions and guided drills, focusing on fundamental TIG welding techniques. (limited practice material available.)
- **Skill Development:** Receive personalized guidance and feedback to hone your skills and address specific challenges.
- **Continued Learning:** Gain insights into resources and strategies for continued skill development beyond the course duration.

IMPORTANT:

Attendance is mandatory Day 1 because shop safety will be covered.

Students are responsible for providing their own safety gear including TIG gloves, long sleeves or welding jacket, Work shoe (leather or canvas), Z87+ Safety glasses, and a welding helmet.

A limited amount of practice material will be available for welding drills. Students are welcome to bring in additional material if they want.

This course will ONLY cover Tungsten Inert Gas (TIG) welding. Also known as Gas Tungsten Arc Welding (GTAW) or heliarc welding. This course will NOT cover other types of welding like Stick or MIG.

For questions, please contact Dalton Magee at dalton.magee@canyonsdistrict.org.

#1606...Mo, Tu, We, Th...8:00–11:00 AM... 6/3/24–6/7/24...CTEC...5 Sessions...\$170

Location Address: CTEC
